Heavy Equipment Skye Warren

I've been raised as the good, obedient daughter, but I never expected to be sold to pay my father's debts. Cold. Rough. Merciless. The foreman of the construction crew is going to make me pay every last cent.

Author's Note: The hero is Asher Cook, the construction foreman from Survival of the Richest, though this is not part of the series and can be heard as a standalone.

5 TASTY TREAT STARS!! This story is a quick delicious tasty treat right from the start. Asher and June's story is the perfect pick me up, just enough to get you started for another Skye Warren story. Looking for a quick novella, here you go.

Kimmy (Sinfully Snarky Reviews) says

Holy Hotness! Heavy Equipment had me having to turn the AC on in the car in Virginia in December. ???

RentasticReads says

Sweet baby Jesus, Skye Warren definitely knows how to set a girl ON FIRE!! This novella was just hot, hot, HOT! It may be on the short side, but it sure is packed with all the steam and heat that will set you ablaze in an instant.

I was giving the opportunity to beta read this story early.

This novella is spin off from the Trust Fund Duet and it does not fall short. Skye Warren sure knows how to pack a full sexy, panty dropping, story in this novella. Heavy Equipment hits heavy straight outta the gate, leaving nothing left to chance. Asher Cook is the construction foreman we met while Harper was trying to save the historical library. A commanding man who knows what he wants and has no issue with telling you how it is going to be! And he wants June! She is the prize he gets to collect. She is the payment he receives to clear a debt. The hot and intense Asher knows exactly how to excite and entice June. He will push buttons on her she never knew she had. Be prepared for a powerfully erotic, toe curling ride while reading or listening to this story!

Ever since meeting Asher in The Trust Fund duet, Survival of the Richest and The Evolution of Man, I have been dying to get my hands on his story! I fell in love with him in that series and Heavy Equipment made me love him even more. This novella was jammed pack with hot and heavy scenes between Asher and June Li that had just the right amount of darkness thrown in. Even though we briefly meet Asher as the foreman in The Trust Fund duet, you don't have to read them to enjoy Heavy Equipment which is a standalone. I really enjoyed this novella, but I was a little disappointed that Asher didn't get a full-length novel; I love his character so much, and after reading Heavy Equipment I really started to like June Li's character as well and wished their story was longer. I hope Heavy Equipment is just the beginning for these two and we will get more of them in the future! I'm really hoping to see more of these two in Sutton's story at least. This novella was AWESOME and I would absolutely recommend this to anyone looking for a short, steamy read.

Intensely erotic and beautifully crafted. This little treat will appeal to your dark and naughty side.

A brutal man presys on a defenseless beauty whose father is indebted to him. What a frightfully delicious scenario this is, but only because we hope there is love at the end of the tunnel. Otherwise :-(

In this case, the sensuality overpowers the imposition. The girl likes it all too much and takes pleasurable part in every step of her captivity, so that his harsh behaviour makes it less criminal and more fantasy. I'm not exactly into that kind of willing humiliation, but the scenario is beautifully and erotically narrated, craftily plotted to turn the bad into a sensuous awakening, the sacrifice into a reward. And there are layers beneath the darkness, so nothing is as it seems!

The dubious consent takes over a patina of provocation, and suddenly you start panting for the coarse, crude construction worker to defile the little exotic princess and make her moan for him.

It's a surprisingly devious erotic tale that runs too short for its raw power.

Favourite quotes:

A flame made steady so that my glow will not offend.

The only man with the determination to peel away my layers to the surrender underneath.

A scorching hot and forbidden story from Skye Warren. You get to experience everything Skye Warren excels in writing. The mind games. The delicious passion which is so dark and so good! I wanted the story to keep on going so that I can see more of the dirty deviant world of Asher and June.

A dangerously sexy story from Skye Warren!

Arrogant construction worker and foreman Asher is dominant, rough and sexy as hell. June Li is the innocent little Princess who is forced to get in the clutch of the big bad wolf. But is she really that innocent? We get to see the other side of her with the story! A short story that packs so much!

This was a fantastic dirty quickie - an awesome stand-alone novella. Asher and June-Li are an explosive match. Dubious consent turns into happy ownership and I would have loved more of these two. Really enjoyed this one.

I received an arc of this book.

Dar says

This was a deliciously decadent 'sold for a debt read'! Asher and June waste no time on formalities, as the heat sizzles between them. We get their dirty, sexy, moments, and that inevitable HEA, as the emotions catch up with them. A quickread with a high handed, and completely possessive leading male - yes please!

While this book wasn't really my thing and I didn't like it, I thought the narrator did a great job. And I love listening to the Read Me Romance ladies. I have the biggest grin on my face whenever they're talking. Four stars for the narrator, and because Skye is an excellent writer. I hope she finds more readers with this podcast who enjoy her style.
