Once again I am feeling a bit...naughty...sorry, best word I could come up with. Why do I like these taboo topics so much? It sounds so wrong, but the writing makes it feel so right!

This one is about the development of a sexual relationship between a brother and sister. I thought it was dirty and hot and wrong and a little disturbing--I won't lie, I did feel a little sick a couple of times. I could have done without Dawn saying stuff like "lick it little brother!" OR "F@#k that pu\$\$y, little brother!" Yes, those were moments that made my stomach hurt a little, but everything else was pretty hot and pretty sad. I felt a little sorry for them and for the ending Kitt chose for them--but I do feel that it was the right path for her to take them on--otherwise it would have been unrealistic. I think David will ultimately find happiness with the path that was chosen for him...what man wouldn't? ;-)

Well, what can I say! David and his older sister Dawn embark on a sexual affair which is very hot and very taboo but if you can get past this weird fact then it's a great piece of erotica.

Sarah ♥? Literary Obsessive says

3.5.....sick, twisted but highly erotic stars.....

Ok so I have no clue how to put into words just how **fucked up** this book is but before I start let me just put out a **warning**.....

If you are at all uncomfortable with the whole concept of books that involve **incest** then you definitely want to give this one a miss. Yes that's right, this one is about a brother and sister who suddenly 'out of no where' find themselves **jacking each other off on the kitchen table.....**

Yes you heard right, that's a fully blown brother and sister '**going at it like rabbits**','**bashing the beaver**' '**doing the horizontal tango**'oh and she also gets to '**pleasure his love knob**' whilst he gets to '**smash her back doors in**'and if that sounds bad don't even get me started on their ingenious use of **salad vegetables** and other household decorative items as quick and easily accessible sex toys.....

But hold on a minute.....as sick as the concept is.....lets be very clear here.....**its a book right??? its fiction??? its made up???**

.....and actually if, like me, you can block out all the "come on baby brother" dialogue, the story is actually, dare i say it????????????????..... **EROTIC AS ALL HELL**yes that's right.....you heard me.....

I AM A PERVERT AND IM NOT AFRAID TO SAY IT.....this story was fucked up, totally wrong but totally **AROUSING**

....and yes some might think I should feel ashamed at this statement but seriously this author can write a damn good erotic sex scene and for that she deserves the big thumbs up!!!!

So if you are able to separate fact from fiction, real life from make believe, if you are able to see that just because we get turned on by a fictional tale doesn't mean we want to run out and reenact it (arghh.....i just grossed myself out at that statement) and you fancy a bloody good erotic sex story then look no further because this story has it all!!!!

Right now I'm off to do my shopping.....oh I must remember to add CUCUMBER and CANDLES to my list.....

Thanks to Naomi (Soraya), Lili, Pam, Rosalinda, Jen and Mandy for this BR.....dirty bitches!!!!!!

I have a new favorite Erotica author, and that is; Selena Kitt! This book was HOT!! I mean, off the charts, sizzling HOT!! This story is full of sex, so if lots of steamy, forbidden sex isn't your cuppa; then I wouldn't recommend this book for you. Between these pages is some of the hottest sex I have ever read. Selena Kitt is able to write with such clarity, that it is like watching a movie! It is so descriptive, and accurate that it is impossible not to have the imagery in your head.

This is the story of two siblings, David and Dawn; who are step-brother and step-sister. David is a horny, 18 year old virgin who gets caught pleasuring himself in the shed with a porn magazine called; "Naughty Bits." To his amazement, one of his most erotic fantasies is displayed in the magazine by a model who looks a lot like his sister. He notices that Dawn has written a note in the margin of his favorite mag, and to his horror he realizes that she must know about his hidden activities.

Of course, once this comes to light Dawn shows herself and literally offers herself up for the taking. David can't resist what Dawn is offering; but he does fight going "all the way" with her. He justifies the fact that what they are doing is semi-ok as long as there is no penetration...I must add- that is no penetration with David's parts...Believe me, there are a lot of other interesting objects used in the aid of Dawn's pleasure!! (This author gets very creative..LOL) After lots of pleasuring one another in many ways, eventually the temptation gets to be just too much for either one of their conscience's. They continue their forbidden relationship; but what both of them fail to realize that eventually things change. Will they develop feelings for one another? Do they ever get caught by their parents? You have to read the book to find out! If erotica is your thing, then this is a book that is not to be missed..I will not forget this one for a long time to come, and I am definitely going to be checking out other works by this author! Two thumbs up from me...oh...and a cold shower! LOL

Thank you to my Haven Ladies for the buddy read! Also to Soraya for giving me the heads up to this steamy book!! (You know what I like girl! ;-))

Debra says

First thing you should know about this book is that it's a forbidden romance between siblings...

Yes the title pretty much says it all...it's a story about an eighteen year old guy doing very naughty things with his slightly older stepsister.

Exactly! And at first, I was like

But then, it started to make more sense, why they were doing what they were doing (if that makes any sense!?).

So, although a lot of people, including me at first, will probably say

There's no denying that there's A LOT of chemistry between David and Dawn and that there were some smoking HOT scenes between these two.

If you're looking for a book with a a complicated story line or a great character development, this book is *not* for you, but if you're looking for a sexy and uncomplicated read then you might want to give this one a try because overall, I really enjoyed this book and the sex scenes were

But, because I prefer that there's a little bit more of a storyline and depth to the characters, I'm giving it a 3 star instead of a 4 star rating.

So, **FINAL WARNING:** This book is NOT for everyone!

BUT if you keep an open mind and don't dwell on the taboo nature of their relationship, I think you will enjoy this book :-)

Christy says

Selena Kitt knows how to write erotica! If you love a good 'taboo' read like me, and you are looking for sexy and steamy off the charts, and you don't mind some straight up forbidden erotica, read this!

Lance Greenfield says

This is really steamy, sexy, arousing writing. It is the first book by Selena Kitt that I have read, and I shall definitely read some more.

Apart from the sheer enjoyment of the story and the style of writing, which is very fast-paced and hot, I know that I can learn something from this author which will help me with my own writing.

The scenario is, as others describe, based on an incestuous relationship. In the revised edition, that relationship is between step-siblings, but, you know from the start, because of the author's notes, that this was originally written as a relationship between a natural brother and sister. It has only been changed at the insistence of the resellers who will not sell the book if it includes true incest. That is a bad move on their part because it constrains the freedom of the author. It is fantasy, not reality, so let Selena run free with her story-telling!

It is a great little story, which develops as it goes, and adds complications and risks to make it more interesting. I liked it.

The only problem that I did have with it was over-use of the C-word, but I guess that is personal taste. I few mentions would have been OK, but the frequency of use was beginning to make me punch-drunk.

This is class erotica though, very well written. The author has a powerful imagination and her creativity certainly captures **this** audience! If you like erotica, and have never read Selena Kitt before, give this one a try.

Was going to read a pseudo taboo stepbrother read but went for the real thing!

GULP!

HOLY FUCK! That was dirty, filthy, hot, troubling and very, VERY erotic.

One of those you that you find yourself looking over your shoulder in the hope that no one can see what you're reading!

Lol I feel like I need a cold shower or two!!

Dinjolina says

So.

So...

....ahm....so....I have no idea.

A very....misguided gr friend told me to read this is I liked Forbidden from Tabitha Suzuma.
Boy...was this wrong.

I like erotica. I even like taboo erotica. Really there is very little out there that can shock me.
Really!

But this book made me cringe. And not because it is about incest. No. Because it is crude. The siblings... I have no idea who I disliked more. And the girl? Jenny? J...what ever her name was, that was with David?
Gag.

David is a 18 old virgin that gets it on with his 25 years old sister. We do not get to see what the sister thinks but I see her as a very unloved confused young woman. Even thou she has the most foul mouth ever, even thou she acts like a hooker and mostly looks the part, even thou she goes after her brother and even thou the

brother has all those 'Oh,what am I doing' bits...i still like her better then David. She keeps calling him 'little brother'. This made me very very sick...but while she does this David is japping all the time how she should not say this because it makes him remember that she is his sister. So,call me crazy, but some guilt he feels if he can stop feeling it as long as she shuts up about their family relations? On the other hand...Dawn is so messed up...I feel very sorry for her, even more so because of the ending. She is running around after a guy that cares nothing for her. She has very low self esteem. And she ends up very jealous of some tramp that gets it on with her brother and in doing so she outs her self to a lot of people turning her life upside down and making her parents tell her to move out! Talk about a bummer. And while this is going on in her life her DERANGED brother goes around with a very...and I never usually say this about any woman...whorish girl...that actually goes 'No,I do not care that you have sex with your sister,fuck me with your big cock!'. So what does the brother do? The same brother that debates if he is in fact,in love with his sister? He fuck this other girl...and he COMPARES her to his sister! WTF! What is wrong with all of them,right? And in the end he moves in with the Je...what ever he name is, but still keeps the picture form the porno magazine that looks like his sister

In other words,I hated this book because of the foul language while the siblings do...what they did. But more so I hated it because there was no love. Just one very unhappy young woman, and the way her horny brother had sex with her, then discarded her, then still kept memories of their sex. Love,right? Nothing says love like letting your sister go down the drain after fucking her, and then going to some other girl.

And btw the other girl kind of scared me. What sane person would be with David? Be ok with his...doings? And most of all, what sane person would say to his problems 'I do not judge you! And I want sex with you now!'...

I just...have to go wash my brain out with soap.

Paula says

This was extremely naughty erotica. I read the revised version and from what I've read it was tempered down a bit making them step brother and sister. I don't know personally if this is true but I can't even imagine two siblings knowingly going at each other like they did. Yep that's definitely Taboo. It was also very arousing and the voyeur in me couldn't stop reading it. About 60% through the story it started to get a bit repetitious but it stepped up again when they ran into each other at the bar. I really wished Dawn wouldn't keep calling David baby brother and Davey. I realize that that was part of the brother fetish thing with her but according to the story I read they weren't blood related. What turned her on was a bit of an ewww! factor (at first) with David.

I'm not even going to talk about his girl friend or her boyfriend. Suffice it to say the story was interesting, titillating, thought provoking, and down right erotic.

P.s...I still think Dawn could have used some psychological counseling. She really had some issues and because of her so did David. And no I'm not a psychologist and this is just an erotic story. SQ! (*snickering quietly*)

Well, I feel like I should feel like this:

for reading and enjoying a book about sibling sexcapades.

But I don't.

Is it a deep story? No

There were many moments that I felt:

But my oh so dirty mind couldn't help but feel:

I would recommend this book for people looking for a fun straight up smut story. If you're bothered by incest, there is a revised version available where they are step siblings.

If you decide to give it a try- have fun and don't worry- I won't tell...

:: 4 Pretty Little Stars ::

This is pure erotic, taboo romance. While some may find it quite sick (as it involved “step-brother” and sister romance) it is written as a fantasy for those who enjoy something a bit different. This type of romance doesn’t bother me as I have an open mind and realize this is a work of forbidden fiction. If you are easily offended and are looking for a loving romance, then look somewhere else because you won’t get it with this one! Now, while I appreciate this book (it is hot and dirty- I mean the sex scenes are insane) I really don’t like how it ended. I wish we as readers got a bit more closure. If this book had a bit more to it (it wasn’t very long anyway) it would have been a 5 star read. However, because it ended so abruptly I have to give it 4 stars.

For those thinking of picking this one up, this is what you will get:

1. A book FILLED with almost ALL sex scenes. There is some dialogue but mostly it’s just dirty talk and a lot of illicit action.
2. A forbidden romance between “step-brother” and sister.
3. More sex and an unusual use of vegetables... mainly a cucumber.... And this cucumber is later eaten by the family... excuse me while I go throw up...
4. Dirty Magazines
5. Some more sex
6. Getting caught by the parents...
7. The end.

Overall, this is a fairly enjoyable taboo, forbidden romance. I didn’t expect much going into because I have read plenty of Kitt’s books before and they usually are just about sex so this was fine. But again, the ending sucked. So, if you’re looking for a goof time and just want to read something with a lot of sexcapades than pick this one up!

Naughty Bits is decidedly, well, a bit naughty. The theme of incest is relevant and not just a taboo scene or two. The main characters involved are of age consenting adults. The flavor of Selena Kitt's erotica is beginning to feel welcome. She includes ALOT of sex. I have read a couple of her novels and Naughty Bits is the third.

David is young and loves to wank off. He uses the wood shed to hide his dirty mags, one is called Naughty Bits. He fantasizes about the girl displaying herself. Waiting for it. When he finds a note written, in his sister's handwriting. On the page! He doesn't quite know what to think.

Dawn is portrayed kind of as a lusty corrupting older lady. I could have easily liked this if told as a cougar/cub erotic tale. David lusting after his sister is only natural when she's walking about 'half naked getting a tan' all the time. They immediately begin their taboo affair with a mutual masturbation session. It quickly escalates and Davey is so no longer satisfied with his sister's other parts. Hand. Mouth. He fights off even thinking of having sex with her. As if crossing that final barrier will REALLY make what they are doing so very wrong.

Both Dawn and David struggle with their attractions. David moreso. David doesn't want to admit he is falling for his own sister. In between the sizzling hot sex scenes the author does manage a decent enough amount of emotional build up. They still fight like brother and sister. They take some chances with their lustful ways too.

In conclusion I liked that this was a bit more than just scene after scene of sex between brother and sister. The author did give the characters just enough guilty thoughts that I almost felt bad for liking it so much. Almost :).

"Oh, Holy hell!"

I felt that this book should come with a warning, because it would have saved me from some awkward questions that I had to answer as to why my face was flushed, or why my breathing started to quicken... after that this book was reserved for alone time only ;) So consider this your warning

Yes, this was a taboo read, but who the fuck cares, it was still one of the hottest reads that caused certain behavior, hence my star rating... luckily for me, the book took mercy on me and toned it down a bit. It's erotica, taboo erotica, so don't go on reading if your expecting a beautiful sweet love story. Us readers who pick up this book know what were getting and it didn't disappoint.

By the way ...

Thanks to my haven hotties for this memorable BR! and to my lovely British friends who made it possible for me to read this book without busting out the dictionary :P
