Ms.Toni says

Siri Austin hasn't been the same since her divorce and the scandal that followed. Her mother and sister TeKaya, aka TK, see it and wonder if she'll ever again be the Siri they once knew.

Hoping to get her sister out of a funk for at least one night, TK, a photographer, scores VIP tickets to a concert for Silk Davies, Mr. Get-Her-Wet. It's a night neither sister will soon forget.

Iris Bolling is a name I've been hearing for quite some time. With a review pile like WHOA, it's not often that I get to veer off track and read beyond review books. Participating in OOSA's Letters & Themes Challenge has allowed me a little leeway. The theme given: 'Her Favorites.' For this month we were all to read a book by the favorite author of someone else in the challenge group. When I saw Iris Bolling's name I knew that it could be no one but SiStar Tea's favorite of ARC Book Club. You see, Tea reads. She reads a lot. But it's not often you hear her speaking of the same author. I figured here was my chance. But ya'll know how that can go sometimes. Someone praises someone and then you pick up their book and wonder if a joke's been played on you. So I picked an Iris Bolling book hoping for the best but preparing for...not the best. I'm just keeping it 100 with you!

Anyhoo, I cracked open "Night of Seduction/Heaven's Gate" and you know what? Me like. It's a love story and it makes good on that promise. It goes a little beyond that and deals with other issues including the complications and unpleasant realities that come with love and living. There was a lot going on, but it all tied into the story and also prevented the story from being so typical or predictable as some "romance" novels can be. I appreciate the portrayal of black love and positive characters.

But...you know there's always a but with me...the editing was a concern. There were errors such as word confusion (here/hear), missing quotation marks and what appeared to be NO understanding of comma usage. It didn't prove as a distraction but it was definitely an annoyance because this book could have been more with proper editing. I would strongly suggest the author seek another editor for future releases. I also did not like the cover. On a shelf competing against other books for my attention, this one would easily be overlooked.

That said, "Night of Seduction/Heaven's Gate" is a good book and one I could easily recommend to others. I can see myself checking for another Iris Bolling book in the future.

Thanks for the recommendation, Tea. ~The Power of Readership~

A wonderful book. This was my first reading something by Ms Bolling. Can wait to your other books. I love romance with a little hint of mystery. Question have we seen the last of Latoya?

Loretta says

For Siri Austin, life had taken a spiral in the wrong direction. All she wanted was to educate her children and be spared any further pain.

Walking into love was the furthest thing from her mind.

With a dastardly scandal lingering above her head, a spineless ex-husband and conniving former mother-in-law in the wings, Siri's world was a wreck.

Thank goodness for Siri's determined sister, TeKaya Kendrick, who forces Siri to attend a music festival. Little did they know what the night would bring...

In Night of Seduction/Heaven's Gate, Iris Bolling propels forth a new cast of characters that will have you spellbound from the start. From Eric "Silk" Davies, the fine crooner that could have any woman he desires to his powerful brother Jason, all is not what it seems.

The writing style of Bolling maintains its engaging characteristics and confirms her growth with this new series. For those familiar with "The Heart Series" from this talented author, you will not be disappointed with the world of Siri Austin.

In the words of Atlantic Starr: "When love calls, you'd better answer..."

So Love This Book

I love this book. Eric and Siri were meant to be together as well as Jason and TeKaya. The way they all met and fell in love was so romantic.

Locksie says

SENSUOUS

Eric, Siri, Jason, and Tekaya are all single professionals who find that special enchanted love they never thought they would ever find. But it's not easy sailing for these two couples; contrary to what some may believe, having money does not mean a drama free life!

Keeping the sea of love in choppy waters is, one ex husband, one baby mama, and one nasty battle-axe of an ex mother in-law and you've got DRAMA for days!!!

Trying to keep the pendulum from knocking out one of the loveable couples as the time and events start to unfold, are their mothers Kerri and Miriam who are a hoot!!!!

Rounding out the cast are supporting characters Ty the lawyer and literary agent KiKi, who have no idea that

the love boat may just be right around the corner!

When love, money, power, and greed collide it fuels the engines for this sensual but action packed romantic drama, making this one of my favorite reads this year!

Whenever author Iris Bolling introduces readers to her characters, it's like welcoming home old friends. The emotions that ease from her characters glides off each page and penetrate the reader's most sensuous areas. This kind of magnetized love that captivates the heart is gracefully written among the pages in this novel and Ms. Bolling shares all aspects such as, forgiveness and letting go, which are essential to our well being as well as our hearts.

This is my third read by Ms. Bolling, which has now qualified her an entry onto my top 15 authors list.

Highly Recommended!!

I truly enjoyed this novel, it brought the joys and pain of loving someone who still gives you the power of endurance all for the glory of LOVE.

Shawnette says

I did NOT want to put it down...and yet I didn't want it to END to soon...the full cast is engaging and UNFORGETTABLE...quite a PAGE-TURNING romantic treat...and I hope there's a sequel coming soon...WELL DONE, Ms. Bolling!

Paulette L. Jones says

This was such a good read. I honestly had to finish it (yes up till 3am). Love concurs all, that's just an amazing thing to hope and believe in. The balance in this was great between the drama and the stories core tone and.... I miss Friday's at Sunset (sad face) loved reading about a place I actually know exists (since I'm from there). Really good read.

Night of Seduction/Heaven's Gate

It has been a long, long while since I read a book that had me laughing, talking out loud to myself and simply grinning. I truly enjoyed these two stories. I started the book last night and read until I was delirious with sleep. I awoke in the early morning and continued to read until I finished. The characters were relatable as if I knew them and was a fly on the wall as the entire story unfolded.

The story reminded me of Waiting to Exhale, Terry McMillian's book not in the subject matter but how the author was able to capture your attention and kept you coming back for more. I couldn't put the book down for more than 5 minutes once I awoke the next morning. It was like being a teenager and reading "Waiting to Exhale" until the wee hours of the morning and taking the book to school because I just HAD to finish the book. Now I'm scared to read my next book because I feel like the authors won't live up to the expectation that I received from reading Iris Bolling "Night of Seduction/Heaven's Gate".

The funny thing is I found this story by looking at the status of my Goodread friends and found this book. Usually I look at what everyone is reading and look at the book description to see if it's interesting me. The description sounded different however I was intrigued enough to just see and I am so thankful I did.

This is a definite re-read. Like I can see me reading this several times. I'm even going to buy a copy to give to my non-Kindle friends (if it comes in regular book form). I can see my mother calling me to comment. :)I'm so happy. Now I gotta get to my workout that I put off and my studies.

Btw, I hope to read something on Jasmine, Kiki, Tyrone and Kiki's brother. One can hope and wish right?

Kim says

Wow, this book was a roller coaster of up and downs with the LaToya drama, but the core love stories were certainly there. Eric & Siri, and Jason & TK loved hard, and the romance and steam between these two was at a 20...super hot. The supporting characters were a great additions to the story especially the moms Kerrie & Miriam. I'm hoping Ty and KiKi get their own book because we saw the beginnings of fireworks between those do, and I definitely want to see how they end up. This is definitely a must read.

Night of Seduction

5 stars I am a hopeless romantic and Iris Bolling delivered once again. Can't decided who's romance I was more invested in Siri and Silk, TK and Jason or Ty and Kiki. Rooting for them all but you know there had to be a bad guy or rather bad girl LaToya in this case, in order for the story to be so good. I just know there had to be a sequel to follow up on Kiki and Ty's romance.

Harrietta Jackson says

Loved it.

Both stories were very good. 2 brothers and 2 sisters and the process of falling in love. Terrible proof reading, many typos and wrong words.

Priscilla says

Iris Bolling brings her readers two stories of love at first sight. Siri Austin is still trying to come to terms with her divorce from City Councilman, Carl Austin. Her first step was to get out of the house and attend a concert with her sister, TeKaya, to see Eric "Silk" Davies, crooner extraordinaire. From the moment she saw him, she knew she could spend the rest of her life with him. To Eric Davies, music was his life. But when he saw Siri in the audience, his heart began to play a different type of love song. When they met, it was sexual explosion.

TeKaya is an aspiring photographer. When she was asked to take pictures of Silk Davies at his concert, she jumped at the opportunity. While everyone was drooling over Silk as he played the piano, Tekaya had her eyes on his sexy brother and manager, Jason Davies. Jason could not take his eyes off of the sexy woman with the camera. After formal introductions, they spent the night getting to know each other. Both realized that they were meant to be together and they set out to make it happen. Yet, there was someone in Jason's past that was determined not to let that happen.

Night of Seduction/Heaven's Gate was supposed to be two separate love stories. However, the stories were intertwined together and they were told wonderfully. Bolling's novel is filled with suspense, drama, romance, deceit, pain and revenge. She even leaves room for a sequel or two. Fans of Bolling will enjoy this new series.

Not Your Average Romance Novel

I am going to try to find the words to explain how much I revere this authors work. She is nothing short of amazing. I have read and loved all seven of her books. I absolutely enjoyed and raved about each and every last one. I knew from the first book she was going to be a shining star. I will support any book she writes; she could rewrite the three little pigs and I would swear it's going to be her best work yet. Ms. Bolling can't publish books quick enough for me as I crave her next release. I give credit where credit is due, she does great job of not keeping her followers waiting too long. While this was a much different read than the

beloved "Heart Series", It is just as good in style and her grace shines through in this novel.

Two sisters, two brothers - one night changes their lives forever. Sounds out there but it works so well. Tekaya "TK" Kendrick is a photographer who has a gig at R&B crooner Eric "Silk" Davies concert. Siri Austin is TK older sister. Having not been herself lately after dealing with a very public divorce, TK badgers her to attend concert to lift her spirits. Siri has a front row seat and Silk is drawn to her as he is singing he cant take his eyes off of her. At the after party TK meets up with Jason Davies a music exec who is Silk older brother. The sparks fly with these two. While a close encounter with Siri and Silk happens it doesn't flourish like their siblings as Siri pumps the breaks and Silk vows to win her heart. This becomes a true page turner to see how these potential couples interact with each other.

Add in the other players and you won't be able to stop reading. I've said from the very first book of this authors, her books need a disclaimer "will keep you up reading 'til you get to the end." Tyrone "TY" Pendleton the Davies "adopted" brother and lawyer always has their best interest at heart and will not let any harm come to them. Lotoya Wright is the mother of Jason's daughter Sierra and she is nothing but trifling. Kiki is Siri's agent and she adds flair to the story. The mothers Miriam Davies and Kerri Kendrick are the funniest with trying to get their kids together. Add in Nana and they are a riot.

Ms Bolling does not disappoint in this book. If you loved "The Heart Series" you will continue with this story. "Night of Seduction" will have you wanting to be in love. True to form all the men in this novel are strong, sexy, career oriented black men. Likewise, the women have it going on also. As I am at the end of each of her novels, I eagerly await her next novel with baited breath. We ask authors to give us something different let us see what else in the arsenal. Ms Bolling took that and ran with it and the result, a stellar performance.
