**Not Just the Boss's Plaything / A Devil In Disguise** Caitlin Crews

Not Just the Boss's Plaything

A very personal performance plan

From the moment Alicia Teller tripped and fell into Nikolai Korovin's arms, her iron-clad control started to slip!

While Alicia's tantalizing curves might drive Nikolai to distraction, business and pleasure are not two things this legendary tycoon has ever mixed...until now.

A Devil in Disguise

Playing with fire!

Drusilla Bennett's job from hell will soon be over. Ready to take her life back, she plucks up the courage to say "I quit!"

But nothing and no one has ever taken Cayo Vila by surprise, and he's not going to let Dru go quite so easily...!

## From Reader Review Not Just the Boss's Plaything / A Devil In Disguise for online ebook

### Jessica says

I enjoyed it. The Hero had a "dark" personality. Lots of emotional scars, but I'm drawn to that type of hero.

---

### Louisa P says

I'm not having the greatest of months with M&B. Crews is a fantastic author and she always reels me in from page one but the heroine's past behaviour killed this one for me. The topic was possibly too close to home so I'll leave it at that.

---

### Carol Storm says

He was a kick boxer from Russia, a savage with the soul of a wolf and eyes icier than the perpetually frozen snows of the endless tundra.

She was the only one who could tame him, she with her laughing eyes and curly black hair, and her need to be clever and funny and warm when he assured her again and again that he could not feel anything at all . . .

I don't know, I just got tired of it after about twenty pages. The hero's torment was so over the top I felt like the author was putting me on. And the heroine was not so much too stupid to live, as too cheerful to live.

That's my review of NOT JUST THE BOSS' PLAYTHING. I'll come back someday and do a review of A DEVIL IN DISGUISE, where the hero is a powerful Spanish billionaire who thinks he can buy anything.

If you can dig that.

---

### Diane says

I won this book in a Goodreads first-reads contest.

This book contains two novels: Not Just the Boss's Plaything and A Devil in Disguise

Not Just the Boss's Plaything: Has interesting and fascinating characters; an intense, edgy and passionate plot. It is the main reason I give this book a rating of 4 stars as I liked this novel much more than the 2nd one.

A Devil in Disguise: It has an appropriate title, as the main male character is a selfish asshole who has no redeeming qualities until the last chapter; I really hated him. And I could not relate to the main female

character; I just could not understand her. This book was not romantic enough for me.

So I would highly recommend the first story but not the second.

---

### **Sonotjade says**

Finally a heroine as we might find in real life instead of the usual shy-introvert virgins... Gotta say it's been a while since I read a Harlequin book (I started finding them kind of repetitive and boring...). But that one... muy bueno... Tons of angst, a tormented hero, a heroine with an awesome personality. Loved it!

---

### **Fatmata Sankoh says**

Was having a M&B moment and it didn't disappoint.

---

### **Lb says**

Not Just a Boss' Plaything: I had qualms about this story after reading some of the reviews. But It turned out great! The heroine is not really promiscuous. Think about it just like some teenagers, she was partying and drinking which got her in trouble. She's not proud of herself and has turned her life around based on her mistakes! The hero's story is heartwrenching. He had a very sad past that you wouldn't wish to happen on a child. His poor upbringing had caused him to look at life in a most crooked way. I wished there were more funny dialogues between them. The heroine is strong and direct to the point. Her love for him saved him in the end. It's a wonderful story imho.

A Devil in Disguise: Lovely story too. The heroine is strong and she knows how to handle the stubborn hero. I find their interactions funny. Both are a pain in the ass. Quite entertaining.

---

### **Tia says**

It was a pretty good novel. I was impressed with some parts and in others not too much. There wasn't enough background information to build an emotional reaction.

---

### **Eve says**

In Not Just The Boss's Plaything the heroine, Alicia literally falls into Nikolai in a club, and goes to bed with him as soon as they meet (what's the hurry?). Alicia is complex having a terrible opinion of herself. She had had sex with the married man - father-of-three, btw! The hero, Nikolai also has a self-image problem and he basically feels he is devoid of emotion and is highly sexual. These two do not express feelings well and the books just lack warmth and emotion. Did not even bother to finish this book.

When I try to read recently published Harlequin romances, then the authors seem to have lost their zest for love and romance - HPs are so cold and unemotional. Too much telling rather than showing, lack of dialogue, unlikeable characters. The books are so boring and wasting of money!

Try Linda Howard, Karen Rose, Kay Hooper, Diana Palmer instead!

### **Ada says**

Aguanto

---

### **Rgreader says**

Didn't care the heroine had a promiscuous past. So dnf.

I did like the hero tho. The prose was compelling. I just have no tolerance in HPs for heroines with a she-ho past or present. I see that in real life and don't want to read it in fiction.

---

### **Christine says**

Loved the tension in this story! Thankfully, no tiresome unsullied, perfect virgin, but a woman whose actions years ago held profound consequences that still dictated her current day actions. Loved the "mouth" on her, though at times I didn't like seeming powerlessness, while she went along with what the H dictated. Loved the flawed hero, though, and that as he healed, so did she.

Also, she's got "brown skin" and short curls! What a striking looking couple they must make!

---

### **Ethar says**

I read both stories and they were very interesting ,a lot of intense emotional analysis going on but they were nice. And if you are into the intense males , those books will do it for you.

---

### **Annie Burrows says**

I only wish I'd read the previous tale about this delicious hero's brother.

---

## Andrea Moreno says

?2.5?
