Good read

Glenna Maynard says

She did it again! When I say this series is one of the best MC series out there I seriously mean just that. In this installment of the Asphalt God's MC we meet up with Scar and Emery along with some new faces. I read this in one sitting because I could not put it down!

Let down your hair and hop on for a ride with one of the most bad a** MC series out there. You won't ever look back, because you will be too busy devouring each and every book and begging the author for the next.

Loved it

I am absolutely loving the continued story of Scar and his woman. There is so much to their story you have to hang on for the ride. And what a ride u go on with these two. Gripping twists and turns from beginning to end. Some tough moments in this one that have you on the edge of your seat. Highly recommend reading about this two. Love them.

booklover says

Yet again this was another fast paced, action packed ride with Scar, Emery & co!!
So much happens, so many questions get answered but o many more questions arise too!
I absolutely loved this and seriously can't wait for more!!

Andrea Gillan says

Gripping series

Scar is at a loss. When his one true love Emery vanishes his is at a loss. When temptation is Infront of him he falls. But it's all a game to some who will stop at nothing to get him and ruin him.

Penny says

Well, bless your heart!
That's the nicest thing I can say right now.

Pfft.

The book is awesome.

Anything with Scar and Emery would of course be, Hot. Memorable.

But then you have to add in some Wanda, and Freedom?

Well that is when it all went to hell in a hand basket.

But, luckily I enjoy these shocking surprises. I have come to expect them from this author.

So what is my problem?

I want the next book, NOW. There are so many possibilities and questions in my head. They all revolve around Sunrise!

Jo says

This was a great story. Never knew what was going to happen next.
