Jay McLean

Kick, Push & Coast Duet: Includes Kick, Push and Coast Jay McLean

Box set includes exclusive never before seen bonus short story told from Tommy Warden's ten-year-old mind.

★SYNOPSIS for Kick, Push

There's a single defining moment within every skater.
It lasts only a second. Two if you're good.
Three if you're really good.
It's the moment you're in the air, your board somewhere
beneath you and nothing but wind surrounds you.
It's the feeling of being airborne.

The sixteen-year-old version of me would've said it was the
greatest feeling in the world.
Then at seventeen, I had my son.
And every single second became a defining moment. Even the ones that consisted of heartbreak when his
mother left us.

Seventeen. Single. Dad.
That's what my life became.
Yet, every day, I managed to find that feeling of being
airborne.
Or at least I convinced myself I did.
But I lied—to myself and to everyone around me.
Until she showed up; Tanned skin, raven dark hair, and eyes the color of emeralds.

You know what sucks about being in the air?
Coming down from the high.
Sometimes you land on the board and nail the trick.
Then kick, push, and coast away.
Other times you fall.
You fall hard.
And those are the times when it's not as easy to get back up, dust off your pads and try again.
Especially when the girl with the emerald eyes becomes your drug...
And you become her poison.??★SYNOPSIS for Coast?One life-changing summer.
One boy.
The boy.
The boy who offered me safe touches and heart-stopping smiles - smiles he shared with his son.
We filled our days with porch-step kisses,
filled our ears with laughter,
filled our hearts with love.
Deep, soul-aching, desperate love.

But love is misleading.
It's an invisible, fleeting moment.
Somewhere between false adoration and pure hatred comes an emotion, a vulnerable need, a single desire.

It lives within the ones who miss it, who crave it,
who know better than to expect it.
Love is relentless.
Even when that love turns to hate, turns to loathing,
turns to pain.

Love should heal you.
But it can also break you.
Believe me, I know...
Because I'm Becca Owens - a broken girl...
...And he's Josh Warden - the boy who broke me.

Melanie (mells_view) says

All my favorite Warden's in one place :)

Josh Warden stole my heart a really long time ago when I first read Kick, Push. His story alone was enough to melt my icy heart, and make it thump thump. His love story with Becca... now that gave me every feel under the sun. I cried, I laughed, I fell in love with the characters in this story. Reading about Becca and Josh working through some pretty heavy issues in Coast was what sealed the deal. These two are goals and will own me forever. They are fire trucking everything. They are both very flawed characters, but the way Jay writes them makes them so lovable.

Ugh... now Tommy, Josh's son, got his little part added to the end. I'm living for the Warden boys. Tommy is like a mini Josh just ten times sweeter. Ugh his little moments were so sweet. I have two little boys (not quite Tommy's age yet) and I was interested to see how Jay wrote Tommy a little bit older than he was in the original books. How Jay writes a 10-year old boy POV, beats me... but it feels pretty darn authentic. Is it greedy of me to already want more??? Oh well because I do! I'm still not ready to let this gang go!

Amazing writing as always. A heartfelt and emotional story. Ugh I love this story and I'm so glad it's in one nice little box set now :)

JOSH. Perfection. All the stars

AJ says

This is a gorgeous little epilogue to the Kick, Push and Coast duet – told from the POV of a 10 year old Tommy Warden.

Tommy is the scene-stealing son of hero, Josh, and I absolutely loved that was the one who got to show us where this little family is at since we last saw them, living out their HEA and happy in their life together.

*I don't want Becs to be sad or to feel like she can't come to me when things get hard... When Dad's gone, I'm the man, and she should know that.
Besides, I loved her before Dad did.
I would've married her if Dad didn't.*

So sweet! I loved it!

4 stars.

This short story is available in the combined Kick, Push and Coast duet available now at Amazon --> <http://amzn.to/2gV0N5R>

Shannon says

I love this series so very much! Josh Warden is the newest member of my Book Boyfriend Hall of Fame. He is All.The.Things. He is **EVERYTHING**.

This duet pulled out every single emotion- I laughed, I cried, I got angry. I cried some more. And then even more. I swooned. I sighed. I died. And that was just the first book!

Kick, Push completely, utterly overwhelmed me. From the prologue I was totally invested in these characters and as the story progressed I only fell more in love with this story, with these characters. God, what to say about Josh...he owned me, every part of me. My heart broke for him, over and over. The love he had for his son was simply wonderful, there's nothing he wouldn't do for him, nothing he wouldn't give up for him. I'm at a loss for words when it comes to how much everything Josh had to deal with affected me.

Coast was an absolute joy to read. It was all that I wanted it to be, and then some. The angst, the heartache, and the love- so.much.love. Full of hope and healing, Coast is a journey of growth, redemption, and acceptance. I wish I could climb into this book and live out the rest of my life with Josh, Tommy, and Becca. I loved it so much.

And then there's Tommy's story. I read this late last night after getting home from a signing where I had the pleasure of meeting Jay McLean! I think I cried the entire time I was reading his little bonus story. He is such a sweetheart, so much like his daddy!

I'm so sad I'm finished these books. Josh, Becca, and Tommy will forever own a special place in my heart.

Katrina Marie says

This review was originally posted on Bookish Things & More Reactions to Kick, Push & Coast So, it's been a month since I've read these books, and I'm still not able to put into words how much love I have for these characters. So I'm going to post my feelings in gifs.

When you see how craptacular those that are supposed to love someone behave.

via GIPHY

When you realize the kindness of absolute strangers. <3

via GIPHY

Literally seeing the sparks fly off the pages.

via GIPHY

Seeing all those amazing father/son moments. Single parenthood is hard, but Josh makes the most of it.

via GIPHY

Seeing people fall in love with each other completely.

via GIPHY

Then the heartbreak because of everything else in the world working against you.

via GIPHY

Then the persistence in trying to win someone back.

via GIPHY

When you have to fix yourself to be happy with anyone else.

via GIPHY

And absolutely happiness when things are exactly how they are supposed to be.

via GIPHY

Overall these books made me swoon, then completely broke me, and pieced me back together again. It's emotional, and will have you sucked into the story.

CarolBee says

I was so pleasantly surprised when Tommy's short story was announced. I loved his POV! I would genuinely enjoy reading a full length novel of just the life in the Warden clan. I definitely hope for more in the future. :)

Christy says

This was **perfection**.

Dijana says

short but sweet <3

Lorrie says

I absolutely adored the bonus chapter in Tommy's pov - so good! The story was very angst-filled, almost too much so at times, and I found myself taking frequent breaks. Josh was such a great guy. I loved his relationship with Tommy. Although I felt for Becca, there were times she annoyed me. Josh was pretty much a saint. Overall, I really enjoyed the book.

Anna Doe says

5 fire truck stars

I finished reading Kick, Push and Coast a couple of months ago and now, along with boxed edition, I got a chance to read short story about their happily ever after from Tommy's point of view.

“Besides, I loved her before Dad did. I would have married her if Dad didn't.”

Yeah, he's so sweet! All of us who read first two books have been waiting for Tommy's story.

For those of you who haven't read books, in this series you'll get to meet Becca Owens a girl with troubled past who after death of her mother comes to live with her grandmother and meets Josh Warden skater and single dad.

I read about Josh in Where the Road Takes Me, but nothing could've prepared me for the heartbreak I'd feel once I started reading Kick Push. So, if you are planning on starting this series (or any other written by Jay McLean – I really recommend it because I'm huge fan of hers!!) prepare one big box of tissues right next to you 'cause you're going to need them.

Like I said before, in Tommy's short story we get to see what life looks like for all of them after their HEA. Written from 10-years-old boys point of view there is a lot of funny scenes and misunderstanding as well as first love and its problems.

“Nessa told me once that her friend's parents had a baby, and they made it by doing it. I don't know how teaching someone to skate can lead to a baby.”

“Aurora tells me she's in sixth grade, and she'll be in middle school next year.

I tell her middle school girls are weird.”

Nessa makes a sound.

Becca throws a sticker at my head.

I don't know why.

Maybe all girls are weird.”

Hopefully, maybe one day, Jay will decide to write full story for Tommy, or maybe even Nico (that guys looks like one big trouble!).

Until then, I'm patiently waiting for something new of Jay's.

Paula (Poll) Conway says

Loved this

Sara says

In the space of a few short pages I laughed, I cried and my heart absolutely melted! Having a small glimpse in Tommy's head was brilliant and completely adorable! I'd love for him to have a book of his own when he's all grown up but I think the whole Kick Push series was perfection as is <3

Mercedes says

This is just a review of Tommy's short story

4.5 Stars

This short story was adorable! Tommy was one of my favorite parts of reading Kick Push and Coast. His youth and innocence were so endearing. While he was a bit older in this one, he was still the Tommy I had grown to love while reading the first two books.

I was so excited he got a chance to have a bit of his own story. We also got to see Becca and Josh who I was glad to see were still very real, everything wasn't perfect for them. Definitely check this one out if you enjoyed Kick Push and Coast. It was a great quick story :)

I read this as part of my Kindle Unlimited Subscription

Yvonne Wood says

Such a glorious story. Just loved every word,. Pleasure to read could not put their story down. 5+

Brina (Brina and the Books) says

Please note: the rating and the review is for Tommy's short story only! Click the following if you want to read the review of the duet: Kick, Push || Coast.

4 Stars

I only purchased this duet because I wanted to read the bonus story of Tommy!
Tommy has been one of my favorite characters in Kick, Push and Coast. He was adorable and so was he in
the bonus story. Go Tommy!!!
