Evidence Series Box Set Volume 2: Books 4-6 Rachel Grant

Archaeology, politics, espionage, and war collide in three high-octane sexy political thrillers.

Evidence Series Box Set Volume 2 contains three full-length (300+ page) novels.

Incriminating Evidence

From enemies to allies...

When archaeologist Isabel Dawson stumbles upon an unconscious man deep in the Alaskan wilderness, her survival skills are put to the test. She tends his wounds and drags him to shelter, only to discover she's saved the life of Raptor CEO Alec Ravissant—the man who may have covered up her brother's murder to save his senatorial campaign.

With no memory of the assault that landed him five miles deep in the forest, Alec doesn't know what to believe when he wakes in the clutches of the beautiful redhead who blames him for her brother's death, but he quickly realizes he needs her help to uncover the truth about his lost hours.

Isabel never imagined she'd find herself allied with Alec, and he's the last man she ever expected to find attractive. But the former Army Ranger-turned-politician proves seductively charming, and he's determined to win much more than her vote. When their quest for answers puts Isabel in the crosshairs, Alec must risk everything—his company, his campaign, and his life—to protect her.

Covert Evidence

Falling in love was never part of his mission...

With visions of professional glory, underwater archaeologist Cressida Porter embarks on a research trip deep into the heart of Eastern Turkey. Her dreams turn into nightmares when she becomes the unwitting courier for a terrorist network. Stranded and unable to speak the language, she turns to a handsome and enigmatic security specialist for help, even while fearing he may be behind a violent assault that leaves her vulnerable.

CIA Case Officer Ian Boyd's mission is clear: follow the courier, identify the terrorist leader, and intercept the microchip before it falls into enemy hands. For Ian, cozying up to the alluring archaeologist to find out where her loyalties lie isn't exactly hardship duty. But spending time with her proves dangerous when she awakens a longing for a life he can never have.

Attraction wars with distrust as Cressida and Ian are forced on the run. When violence erupts in the already unstable region, Cressida discovers everything she knows about Ian is false. With all secrets revealed, Cressida must decide if she can trust the spy with her life, while Ian faces his own impossible choice: Cressida or his mission.

Cold Evidence

The frigid waters of the Pacific Northwest are about to get hot...

The only thing Navy underwater archaeologist Undine Gray fears more than facing former SEAL Luke Sevvick is never scuba diving again. But when a dive on a Cold War-era US Navy submarine ends with an accidental explosion, she's terrified of going into the deep, forcing her to beg the most experienced diver she

knows to take her back to the bottom of the cold Salish Sea.

Luke wants nothing to do with the woman who destroyed his career a dozen years ago but finds it impossible to turn his back on her plea. Caught off guard by an attraction he doesn't want to feel, he's eager to be done with this mission of mercy. But when they dive on the wreck, he only gets sucked in deeper. Someone has been digging on the Navy sub...and it appears the explosion that almost killed Undine was no accident.

To find the truth, Undine must navigate murky waters and the unexpectedly hot undercurrents swirling between her and Luke. Worse, divers are searching for something lost in US waters during the Cold War, and they'll do anything to keep Luke and Undine from finding it first.
