On His Knees (Private Lives, #1) Beth Williamson

Renny Johnson has no idea why her ex-husband broke into her house in the middle of the night. After she knocks him out cold, she ties him up and devises a plan to make him answer every unanswered question about their divorce. What she doesn't expect is the night to become a wild roller coaster ride of amazing sex, domination and submission, and the beginnings of a brand new chapter in their lives. Nicholas is finally on his knees and Renny seizes control. Will it be enough to last or will the flame sizzle so hotly that it burns out of control? Publisher's Note: On His Knees is a BDSM romance. As such it contains sexual practices that may be offensive to some readers: bondage and discipline.

AM says

short and funny.

Ceeri Jay says

Too implausible.

Suffering two breaking ins in two days- and she doesn't live in the projects??

Stars are for the writing style.

Zarinah says

cute erotic sbort story husband and wife reconnecting via bondage dom and sub.

Gi's Spot Reviews says

I know he thinks he had his reasons, but that was still cheating, in my eyes...

On His Knees By Beth Williamson

On His Knees penned by Beth Williamson is a story with a delicious sizzle, crack and pop of self discovery, confidence, independence, forgiveness and love. Although, On His Knees is a short story, Ms. Williamson packs the story with every story element and high energy so well. It absolutely lacks nothing. On His Knees is a rip-roaring ride for me. A reader will experience every sensation, raw emotions, dialogue and the timely sequence of events.

Renny, an unsure, inhibited hard working, rubenesque lady trapped in a boring life and a lackluster marriage to her college sweetheart. Renny and Nicholas drift apart as a little bit at a time until they realize the huge gulf exist between them. Renny lacks the confidence to be a fighter for things she wants and this too could be a factor in why the marriage disintergrates. Sometimes being too quiet and non-confrontational can erode the existence of a relationship like a contagious disease.

Nicholas, handsome with broad shoulders, is a disconnected husband who is convinced that the gulf between

them is too great to pull the marriage back on the correct path. He decides the only thing they can do is get a divorce. If asked Nick would say he really is unsure what the issues were that lead them into this painful relationship. Nicholas does not want anything in the divorce settlement but a famous baseball player's bat. Vindictiveness and broken hearted Renny refuses to surrender the bat. This all important baseball bat is the only thing Nick wants. Not getting it is devastating to him as much as the end of the marriage. Renny is going with the "payback is bitch" mantra. I can't blame her. Renny feels guilty about not releasing the bat but WTH.

Renny and Nicholas share a mutual friend, Janie who has difficulty minding her own business.

On His Knees is exactly what Renny does to Nick in more ways than one. Beth Williamson creates an enticing, captivating story that I could not put down. I felt Renny's pain and cheered for her as she discovers who she really is and grows to adore herself. I have the same philosophy as Renny when you are gone, stay gone...but Nicholas decides to revisit Renny's haven and gets the shock of his life. WOW!!! Surprises can be a marvelous thing or horrific moments. A night to be remembered forever...to the grave is the escapade Renny and Nicky can claim.

On His Knees is so well written that it satisfies the reader giving the reader high sexual energy with additional secret herbs and spices making your mouth water.

Through their accidental rediscovery Renny and Nicky find that they are more compatible than they realized and the realization is mind-blowing.

Ms. Williamson hits you between the eyes with that beloved bat which is inconceivable and so fast you can not duck to avoid impact. I admire the integration of suspense which leads to the excitement of a first rate erotic adventure. Her characters and settings are realistic for the reader to bond with, I know I did. I highly recommend On His Knees it packs a serious punch.

Talltree says

Sweet and fun read. H was hot and adorable and h was nice but didn't like how she was acting all hurt bcos H asked for a divorce.

From the book it was obvious h was freezing out poor H in bed and out of it, no wonder the H wanted to exit the marriage - I mean 10 yrs is too long to put up with a cold fish:(

Anyway there is a second chance with a HEA all round and this time hopefully h takes care of her man!!

Monika says

Feels super unrealistic. Not only the reason of their break up (okay I know that that's a usual theme in books for break ups -not talking enough) but the way they met again?? Jesus. Yeah after a year, I club my ex-husband with a bat when he breaks in my house and then decide to masturbate in front of him and ask him about us?? Totally the perfect time for that conversation. I also didn't appreciate all those talks about how boring and terrible their marriage was. It did not make me root for them at all.
