I remember The Berenstain Bears from when I was a kid. I loved their stories, so when I saw an opportunity to review one, I couldn't resist. I hope these adorable bears become as dear to my children as they were to me. In this story, spring has sprung, and the family is getting ready to start spring cleaning. Mama will be beating rugs. Papa will be fixing a railing. The children are going to clean their playhouse. When Papa finds them playing ball instead of cleaning, they learn the importance of doing their work. It's a cute story with a lesson for children to learn about helping out. There are even some questions and activities in the back to help children apply the lesson to their real life.

I love the Berenstain Bears books from my childhood and I am so happy that they are continuing the legacy into the childhood of my own daughter. The Berenstain Bears and a Job Well Done is a great little story to help instill the values and importance of chores and accomplishments. Brother and Sister Bear want to have fun, but learning how much more fun they could have once the job is done is a great thing.

I hope the Berenstain Bears stories never end.

I loved Berenstain Bears when I was a kid. The beginning and middle of the story were great, and pretty much on par for what I remembered. But boy was I caught off guard by all the Bible talk at the end. Are all the books this religious, and I just don't remember it? I don't mind religious books for kids, if that is what they and their parents want, but this felt really forced and weird. Also, it bugs me when something quotes the Bible but doesn't supply the chapter:verse. I know it's just a kids' book, but if it's a kids' book aimed at teaching religion, they should do it in a way that lets the kids dive a little deeper into the lesson, if they are so inclined.

It's time for spring cleaning in Bear country and the Berenstain Bear family shows little readers how to do a job well. When Brother and Sister with the help of Honey, start to clean out their playhouse they get a little sidetracked when they find their baseball, bat and glove. This is a very cute story about following through, working hard and doing a job well. The book is full of colorful illustrations, easy to read print and will be a welcome addition to any child's library.

The Berenstain Bears and a Job Well Done by Jan & Mike Berenstain is part of the Living Lights series. First Mia's thoughts: I thought that the book had a good message: Do your chores before you take a break. I didn't know that the Bible talked about work, so it was kind of cool. My favorite pages was when Papa Bear caught Brother and Sister playing baseball, it was funny. Now my review. I was unaware that the Berenstain Bears offered a Christian line of books and was excited to read one. The story is true to the high quality of the original series. The family each has a chore to do for spring cleaning. For Brother, Sister, and Honey that means cleaning up the old playhouse in the backyard, but it's filled with spiders, and they are frightened and decide to just clean the exterior. When they find some baseball equipment, that derails their cleaning effort even further. I appreciated that when Papa discovered their play, he used the Bible to encourage them to work hard and stick to the job. The story is short but with a great message written in language that children will both understand and enjoy.

MY REVIEW:

A Job Well Done is a another book in the Zonderkids Living Lights series featuring the Berenstain Bears with a spiritual emphasis.

In this book Brother, Sister, and Honey Bear learn about the importance of working hard. Mama and Papa Bear teach them with kindness and Bible verses. While it's a great little story and has biblical truth in it, the story is still a little shallow. However, like I've said with the other books in this series, it is still a decent book to read to your children.

I had no idea that Berenstain Bears had a biblical series! It should really be more clearly designated on the cover. We got this at the library and I was entirely caught off guard while reading to my 3 year old. It's a fine "lesson" but I don't see why they needed to bring God into it. From what I can see the Bible stories are all with son Mike's collaboration. Be aware.

Brother and Sister learn that work comes before play, and that God wants us to be good stewards of our time. When they end up playing instead of cleaning the playhouse, Papa reminds them of what the Bible says, and they learn that you don't just do a job to get it done, but you do it to the best of your ability.
