The Dark Side of Love Lynn Hagen

[Siren Everlasting Classic ManLove: Erotic Alternative Paranormal Romance, M/M, vampires, public exhibition, HEA]

Rhys and Ceri have risen...

The twins, Rhys and Ceri, had been placed in a dark sleep almost two thousand years ago. They were whispered about by vampires, resting so long that most thought them just a myth. But when a human stumbles on the cave that Rhys and Ceri rest in, myth becomes reality.

Nathaniel loves caving. It's his one peaceful respite in his confusing life. When he accidentally cuts himself, the blood awakens a nightmare that he can't escape. Not only does he discover that vampires exist, but one of them shows Nathaniel just how truly horrifying vampires can be.

Running for his life, Nathaniel finds himself turning to one of the vampires for help. The problem is he's running from one of the twins. Ceri thinks Nathaniel is one of the evil humans he must kill, while Rhys argues that Nathaniel is redeemable.

Rhys isn't so sure Nathaniel is redeemable, but he must stop Ceri from killing his mate.

[I sort of wonder if it'll be Manny (especially how this book ended with him confronting Manny)-- that'll make him confront his issue with killing "evil" people if Manny was his mate. Ha! (hide spoiler)]

Absynthe says

How does this book manage to have a 4+ rating? It started with some potential, but quickly got as ridiculous as every other Lynn Hagen book. Is it mass hysteria? Brainwashing? Who's giving this book such high ratings?

I love where this author is taking this series. Fantastic! It's not your normal, everyday, predictable vampires. I can't wait for the next story.

Elizabeth S.E says

Absolutamente fantástico! ! Al principio me recordó a esa película "El Descenso" ja ja así es como se tiene que conocer un vampiro. Un libro muy agradable que da un giro al introducir una nueva etapa en la historia del aquelarre.

Neko says

OMFG!

This was absolutely fantastic!!!! And now, absolutely my most favorite book out of this series! ahh!! I am so looking forward to the next book!

(and to Ceri? I hope he has one coming soon! lol)

Well, I delved into the Bracverse a 2nd time and now there are 121 books - yikes! I loved this Universe the first time I read it several years ago and now I love it more, I really do, but I've only been able to read these series (and I have expanded to all the books that are currently out in each):

Brac Pack

Christian's Coven

Zeus's Pack

Demon Warriors The Exiled

These are the series that start the Universe. Reading them in order is a must. Each book has it's own love story but there is an underlying story that plays out throughout them all. As you get towards the end of these series, other series come into play and I noticed that, since I did not read them, I missed some of the characters being mentioned (good and bad) but I was still able to follow because the main ones stay the same.

One day I WILL buy these and read them all!!! (For the correct order, just look on the Internet for Lynn Hagen Reading Order):

Brac Village

Shadow Tribe

BPNG (Brac Pack Next Generation - Brac Pack kids)

The Remus Brothers

Wolves of Desire

Yes, this is a Lynn Hagen book and has the same style if you don't like it stay away. I actually enjoyed this one much more than the last. There was more focus on the couple and what was going on there. I was happy to see what is becoming of "The Twins". I look forward to seeing Ceri get his mate:) I know that mate will be very interesting.

Debby says

The twins have arrived

This book has been a Kong time coming, previous books have eluded to the twins but now you get to finally meet them. The plot revolves around the awakening of Rhys and Ceri but it is also about Rhys's mate. As always there is drama and intrigue. As I've recommend before don't read this as a stand alone book, you will be lost.

May Contain Spoilers...

This author has done a wonderful job so far with her Vampires. Christian is intense, in every sense of the word. So, knowing this I was a bit concerned on how his twin brothers would be. Would they be just as

intense or more so, since being in a deep slumber for so long?

The story of Rhys and Ceri definitely didn't lack for action or suspense. The deep seated anger they both felt toward Christian was vivid and well earned. Sometimes, doing things for the right reasons can backfire, leading to more problems.

Nathanial reminded me of a few people I use to know, fence straddlers... addiction vs non-addiction. This character worried me as he was placed in several situation of having to explain himself and his actions in order to survive. He lived an addicts worst nightmare-explaining why he was an addict.

Changes take place over the course of this book, and you get to see the darker side to vampirism. Ceri is complex, yet simple...he wants to do what he feels he was born to do. Rhys is the same, yet more rounded. He yearns for a life and not just the one he was use too. Even in the days of old, Rhys wanted what he felt he never could have, or what his twin told him he should never have. This wanting helped round Rhys out for me.

I think that out of this series so far, this book is my favorite. The side stories are all present...liquid wrath, the rogues, fear of the hunters, just to name a few. Yet you have this new and scarier threat emerge...the twins. Will they be able to function in society today, when everything they knew was society of old? Will Ceri be able to control his thirst and hungry for blood and flesh? And will Rhys be able to control his urges to kill evil doers and live peacefully with his mate?

The Dark Side of Love answered most of my questions and left me with plenty of new ones. Will be interesting to see who the next couple will be, although, I've got a few ideas.

Highly recommend this series to anyone who likes vampires!

I loved this!

I was almost hating Ceri, but at the end I kind of want him to find his mate, get him pregnant and (after lots of tears) find his happy ending too.

4.5 stars. I was going to quit this series because after Christian's story the rest were so-so or outright disappointing. I love this!!! Nathaniel is a more complex character than the usual Lynn Hagen partner to the alpha but he is not irritating. Rhys is a bad boy who loved his twin so he would go with him anywhere even

take same punishment so Ceri would not be alone. But his love for his mate Nathaniel let him see the light.

Oh, the coven gets another baby. Well 2 babies. Yasuko is preggers again and Nathaniel is too. Awwww...

Heather♥ says

3.5 stars

I really enjoyed the part where Rhys and Ceri finally awaken. It made the horror fan in me rejoice. Definitely not something I'd want to encounter while exploring dark caves (which is why you won't find me in any because you just never know what's in there and I'd also be paranoid about being trapped in a tunnel). Poor Christian had such a complex relationship with his brothers. He had to explain that they could no longer go around killing everyone they judged to be evil. And even though he had missed them so much, he also had to be prepared to kill them if necessary. Thankfully Rhys had Nathaniel to help him adjust to the strange new world he woke up in. But even though they had a really sweet ending, I didn't really feel the connection or passion between them. Now Ceri, he was one scary vampire but it looks like there may be hope for him yet.

Some Authors in my eyes can't do wrong and I can't possibly imagine them writing badly, and I always find something good about their stories. Lynn is one of them.

I love her series, and I really like this sequel.

I can't wait to read about Ceri, he is going to be one weird and amazing character.
