3.5 stars

A short hot read on the deflowering of a virginal pretty princeling by an insatiable brute with monstrous drippy peen. The young man was quickly filled to the brim on both ends and dying for more. Seems like the little Princeling has quite a bit of submissive blood in him. He has enjoyed being dominated and manhandled by the beast.

There's even a stimulating rimming session that mimicked tentacles sex quite well. I adored that scene, it was hawt imo. Imagine a wriggly rough tongue on the sensitive-you-know-where. Hmm... how deep could a bull's tongue go? How long was it anyway?

This story somehow reminds me of **Bloodraven by PL Nunn** especially when the beast was gently preparing the Princeling in order to take his cherry for the first time just like Bloodraven would coax Yhalen to submission before he plows him senseless.

MONSTER SEX! This one sounds so naughty. I love the blurb. All about sexing up halpless pretty boy :3

Which one's sexier?

Unsolicited Reviews says

This is a hot little read. My only objection is that it's SHORT. Too short. I wouldn't mind reading on. But the rest of the series is outrageously priced. So I'll settle for this book and read something else. The sex was good. The descriptions well written. The author is talented which you don't always find in short erotic stories.

A simple 4 star read.

Started off dark and growly and ended up pliant and surfeit.

Essentially you get a monster, with the appropriate monster-sized cock taking on the virginal prince. Theseus, aka Hercules v2.0, is in the labyrinth hunting the minotaur. The minotaur is also hunting--his tribute. One thing that annoyed me was Theseus' shame at his nudity--antithetical to ancient Greek views on the male form. Just wrong. Otherwise harmless, but not terribly exciting though the rimming was nice. Sort of gave you that quasi-bestiality thing.

Since it seems that I'm functionally unable to pass up any type of minotaur erotica, it should come as no surprise that this book caught my eye. Because... Minotaur. A minotaur who takes. *thumbs up*

Virginal young man, lusty beast. This story writes itself. Engaging and sexy as Theseus is unwillingly aroused by what the minotaur does to him. I must admit, this minotaur and his little sex slave hit the spot. So to speak.

Taken by the Minotaur was a free Kindle book I downloaded on 09/10/13 for the Why Buy the Cow? reading challenge.

Well... that happened.
I think I need bleach for my eyes.

Another novella I picked up purely on a whim, due to a promo for a free try, I'll admit I'm so hooked. I love Greek and Roman myths and apparently this author makes a habit of taking those familiar tales and turning them into delicious erotica.

There isn't much thought needed here and if you're not familiar with the myth, you will lose nothing. Instead this author easily walks the line between seeding in information you need and leading you on a familiar hot ride. It honestly felt like I'd accidentally discovered hidden pages in that mythology textbook that the professor swore up and down shouldn't be there. And contained within is this hot alternate universe tale where Theseus doesn't slay the Minotaur, instead he lets the Minotaur take him. The story is predictable, but it doesn't disappoint. Instead it made me realize that there might be something hot about all those shifter and monster erotica stories out there that doesn't make you feel like you've dropped into a taboo abyss. For the first monster erotica story I've read, I was pleasantly surprised. It was short and sweet and I was happy to find that there are two more parts that I plan on picking up. Not to mention that she has a whole slew of stories like this and it looks like I'll be filling my Kindle bookshelf with all of them, because this is definitely a newly found guilty pleasure.

MLE says

Well written sexy story that incorporates the original mythology really well. I must read more.

Syfy says

Ah phooey. I had more fun talking about and anticipating this than I did reading it. Maybe if I had all the installments...? I give my friends 5 stars for all the sexy Minotaurs and *wink wink**nudge nudge*

*****!

The UHQ Nasanta says

Was interesting take on a well known myth. Would have preferred less dub and more non. After all, what innocent youth would want to bed a monster?

Sammy Loves Books says

This Halloween Monster Sex Challenge would not be complete without some M/M Monster Love!!!

Every seven years, the Minotaur slakes his monstrous lust on fourteen youths from Athens, brought to him as pleasure slaves. But this time, it's just young innocent prince Theseus who enters the Labyrinth. And now he has to satisfy the Minotaur's huge appetite for sex, all by himself.

Prince Theseus wants to kill the Minotaur and be free of all the sacrifices. But when he meets the Minotaur and is forced to submit he becomes intoxicated with complete helplessness and desire.

Theseus had never known anything as humiliating as this in all his life. He had always been protected, always guarded. His father had always watched over him, and as the royal heir, he had never even been allowed a playmate.

Nobody was allowed to touch him intimately, except during wrestling bouts. He had never even kissed, and now he was sucking on a monster's cock.

Porn with no plot. But very nice porn indeed.

I don't know what I was expecting of this short story, but I enjoyed it. I thought the ending was a bit abrupt and would have liked there to have been more, but overall it was a hot little number!

Aisha says

Yep. That's some porn right there.

R. Phoenix says

This is a guilty pleasure. I'll go ahead and admit that right now. The idea of a princely tribute sent to sate a minotaur's passion...Okay, it shouldn't be as hot as it is, but it is. I'll read pretty much anything if it's free, and I will freely admit I went on to read the next two (of which the second one was okay, but I liked the third one a lot because reasons).
