Neverend

Chelsea M. Cameron

Neverend Chelsea M. Cameron

Ava-Claire Sullivan is ready for immortality.

Peter Mackintire is ready to give it to her.

Texas Hamilton is afraid of losing her best friend.

Viktor Belikov is just trying to figure out what he wants.

In the exciting conclusion to The Noctalis Chronicles, lives will be ended (and begun again), loyalties will be tested, hearts will be broken and new ties will be forged.

Being human isn't easy, but not being human is even harder.

Anna says

Ending felt incomplete. Plus, I didn't like Tex and a lot of time was spent on her story line.

Lauren says

This book was very different than the last three. I found myself wondering if this was the same character, Ava that I knew. Besides the editorial issues I came across, I gave the book three stars because of the ending. It finally sounded like Ava-Claire and all the mother parts are heartwarming. Making me remember why I was so excited to read this series in the first place.

Karla says

Was a good read but lacked some of the adventure it had in the first 3 books, Still loved it and really like the very last page the way it was ended and the word chose

Lisa says

could have used a chapter that went forward to see how everything turned out.. did Tex change to an immortal .. did Jamie?? I would have like to know their decisions on it otherwise great series.

Slider 54 says

Not Twilight-esk

These books are a great read. I was skeptical at first with the vampire-ish nature of the books. Sometimes you just have to trust the author. Chelsea takes us on a scary, loving, so so sad and yet incredibly fascinating adventure. I know these words do not usually coexist. So you need to read the books to understand. I mean no disrespect to Twilight. I liked those books too.

Nicole Naranjo says

So I decided to reread the entire series and am so glad that I did! I was reminded why I fell in love with Viktor and Peter. I loved this book and loved we got more insight on Tex and Viktor. I'm sad that the series is over, I really could've used one more book, I feel that there are still so many unanswered questions and I was hoping for at least one wedding and for a miracle and someone end up pregnant. Anywho...thank you Chelsea for such a great series!

Andrea Heltsley says

I was sad to see the series come to a close. This was a great book and gave some closure on Peter and Ava's story. The only thing I was sad about, was that it didn't really end Jamie, Brooke, Texas and Viktor's stories. I was hoping for a little more closure there. Maybe another book from their pov??? Hint, hint..

Stephanie Fonseca says

Didn't seem the same quality as the first 3 at least not to me.

BookHookup says

This book was originally reviewed on The Book Hookup.

****I received a copy of this book from the publisher,
but that did not influence the review****

First Thoughts: 3 stars This installment wrapped things up in a nice little bow and I got lots of closure.

Plot, Pacing and Style: The story continued with Ava deciding it was time for Peter to turn her into an immortal. However, so many people were affected with this change, not just Ava and Peter. I have to say, that is the whole plot. It was never any more layered than that, but I guess I thought of it like an extended epilogue so it worked out well for me.

It might have been better if I liked Tex, but I just wasn't a fan before, and to have to have her POV included in this story only confirmed my feelings for her. This story was 1 person POV from a lot of the characters. While it was good, I always had to go back and check who was speaking for each chapter.

The MCs: I have to say, I like who Ava has become. She is definitely feistier, and not just because she swears more and shows her attraction to Peter. Something about her just came to life. Peter too seems to let go, and although he was still stoic, I knew he had definitely loosened up a lot and it was great. I was hoping he would have dropped an f-bomb (I would have lol'd), but I guess that just wasn't his personality.

Romance /Chemistry: Loved it. It was definitely hotter in this book, and while there are sexy times it was still mostly fade to black. It all still made my heart fluttery. :)

Title/Cover: The title is spot on, as Ava (and many other characters) really think about the concept of immortality. The cover is a toss-up for me. I like the idea of it, but the dude's face is not good. It is kind of mannequin-ish. Not Peter at all.

Ending: This was definitely a HEA book, and while most loose ends were tied up, I still wonder what will happen with Jamie and Brook, as well as Tex and Viktor.

Gripes/suggestions: It was like an extended epilogue of book 3, and maybe this could have just been added to

book 3 instead of being a story on its own. However, as soon as I realized this I was fine with the story. There were also definitely some typos, but those were easily be overlooked and didn't bother me.

Final Thoughts/Rec It? Yes, it gave me great closure to this fantastic series.

Domonique Hicks says

Love love this story

Omg one of my ultimate favorites thank you so much @Chelsea M. Cameron you Rock, Peter and Ava were by far my favorite couple and I so felt like I was part of there group....Thank you again

Emily Ellison says

Great book! I am so glad I got to finish this series! I have been waiting for what seems like forever!

Beatriz Carlos says

I have loved the series and I couldn't wait to read the last book of the series. there were some grammar and spelling errors but that can easily be overlooked. sad to say I didn't like the ending of the series. it left me with too many unanswered questions. I would have given it a 5 star if it didn't leave me with so many questions.

Jessie says

Ok so I'm all done now...

took me 3 days to read all 4 books, I don't think I did bad ...

this one left me wanting more and I really, really want to know more, specially with Di and Colby also Jamie and brook ... it seems this book left a lot out that I really wanted to read more about ...

there was a lot of teenage sex in the last 2 books which to be honest I thought I'd of read more about from the start .. that's what kinda drawn them in, the sexual tension ...

I really hope Chelsea writes another book I want to know what happens next ...
