Lavender911 says

Dark Mage is the eleventh book in the Avalon Web of Magic series. In the series 3 mages use magic to try and save the magical worlds and find Avalon, a missing legend.

In Dark Mage, the 3 mages have four power crystals left to find. They have learned that many mages have been chosen before them to find Avalon, but they never succeeded. Each of the remaining power crystals has dark magic in them, and each mage will have to bond with the dark magic, face their greatest fears, and in the end, one girl will become the dark mage.

Dark Mage was one of the best books I ever read. It was one of those suspenseful, I can't put this down type of book. It was really detailed, and action packed. It twisted and turned down a long winding path, but wrapped it up very nicely.

Emily o.O

Gabby says

I did not like this book, Rachel tried to make things darker, and when she tries to do that, sometimes it turns out boring. I'm not saying she's a bad author, but she did not do good on this book, I would've liked Kara better as the dark mage. It suits her better than it does Emily.

Hannah says

I have mixed feelings about this book. On the one hand, the end is SHOCKING. I was extremely shook. But on the other, most of the book was pretty boring. Kara goes off and does her own nonsense as usual, and Adriane does some world-walking, and Emily ends up in a secret meeting. But yeah. Good ending. SO MANY TYPOS.

Taylor says

I read these when I was younger but I would still read them now. They have enough magic in them to entertain anybody.

Shawna says

I really enjoyed it, though it is not my favorite. It was a lot darker then the others. I am looking forward to reading the last one though (though I am sad that once I am done with that book, I won't have anymore to read of this series). I have been reading this series since I was around 12 or 13, and now I am 20! So it is a important series to me, and it will be very sad when it ends. I am sooooo looking forwards to the movie though!!!

This book Dark Mage by Rachel Roberts is a tale for anyone of any age. This is the 11th book in Rachel Roberts series Avalon Web of Magic, a children's book adventure series about three ordinary girls who find magic jewels and become the legendary healer, warrior, and famous blazing star. In the 11th book Dark Mage our girls are level 2 thanks to there adventures in the previous 3 books where they helped others in some way and earned they're level 2 powers. Emily can now see auras around people and see if the creatures are evil or good just by looking at an outline around the creatures with her healing abilities level 2. Adrienne can now turn into stormbringer, her Padladin that guards her from the spirit pack and can run along the spirit trail together thanks to her level 2 abilities. Kara the famous blazing star is now even more powerful and can barely contain control of

her powers sometimes because she's level 2, has the strongest magic, and has a unicorn jewel. Everyone who knows Kara for using dark magic without realizing might be surprised with who is being called Dark Mage for being mistaken for the spider queen. The spider queen is working with the Dark Mage to take over Avalon to be the ultimate leaders of all magic and absorb every last bit of magic until no one could stop them. During the 3 mage's quests to find the last 3 power crystals and fix a broken power crystal to open the gates of Avalon you meet a prisoner and hear a conversation with the Dark Mage which is where the title Dark Mage comes from. "There's always someone who gets corrupted and they will join us in completing our prophecy of keeping Avalon to ourselves!" This is the Dark Mage's words to the prisoners. Will anyone turn evil on the quest to save Avalon? If someone does turn evil who will it be and how? Who's the surprised prisoner that's captured by the Dark Mage? Will the heroes Kara, Emily, and Adrienne create a new power crystal? The Spider Witch is confused with an imposter, who is this imposter and what will she do to them if the Spider Witch finds out who it is? Overall will the magic web crumble or be saved? Find out in Dark Mage by Rachel Roberts in her series Avalon Web Of Magic her 11th out of 12th book in the series.
