Prime Minister Ainsley Booth , Sadie Haller

USA TODAY BEST SELLER

Gavin:

Ellie Montague is smart, sensitive, and so gorgeous it hurts to look at her. She's also an intern in my office. The office of the Prime Minister of Canada.*

That's me. The PM.

She calls me that because when she calls me Sir, I get hard and she gets flustered, and as long as she's my intern, I can't twist my hands in her strawberry-blonde hair and show her what else I'd like her to do with that pretty pink mouth.**

Ellie:

How much I like the PM varies on a daily basis. He's intense, controlling, and a perfectionist in every way—and he demands the same of his staff.

How much I want him never wavers.

There's something about him that tugs at me deep inside, and makes me wish that just once he'd cross the line in a late night work session. I'd take that secret to the grave if it meant I got a taste of the barely restrained beast inside him.***

.
. .

FOOTNOTES:

* This is a fictional erotic romance. No prime ministers or interns were harmed in the making of this book.

** Except it's a BDSM romance, so they were hurt a little.

*** Spoiler alert: she gets more than a taste. And she likes it.

4.5 Stars

****safety notes added****

If you came across any of my status updates for this you probably already know that this certainly turned my 'Beaver' frisky (Yes, I really did just say that). Said eager beaver would really like to munch on the Prime Minister's trouser snake. Okay, I'll stop, I'm not sure what I was trying to do there.

Forget that whole top part, clearly I have issues.

Let me start this (so called) review with some advice -

Read this when you have either -

- a) a usable male specimen nearby or
- b) some time for a 'private workout' (that's my polite way of saying masturbation)

Because this was hot. So hot that all my windows steamed up and I could have done with a cigar to smoke, never mind a cigarette. It was like eating a big juicy steak after having limp lettuce all week. Satisfying.

Let's just mention the threesome that wasn't really a proper threesome, but was still hot. I said it before and I'll say it again -if I had a penis, you'd be able to hammer in fence posts with it after that scene. The voyeur in me was salivating (view spoiler)

And it wasn't JUST the hot sex that was satisfying. The political setting, the sexual tension, the forbidden aspect, the love, devotion and possessiveness of Gavin and the little bit of angst near the end; everything worked for me.

My only complaint would be that it did slow down for a bit and I felt it could have been shortened down a little. There was a whole bundle of sex and then, well, just a section of mundaneness.

Also, if you're not normally into BDSM you should still give this a go. It was light. Some spanking (which was for pleasure, not punishment) and two scenes where she is lightly restrained.

All round, I thoroughly enjoyed myself.

Safety notes - (view spoiler)

◆ Anna's 'a?????g\$ ◆ says

The writing is great. The dialogues are witty. The topic and the setting are original. The hero is hot and likable. The heroine is OK.

AND I COULDN'T CONNECT.

I seem to be an odd man out again.

But I couldn't get into the story no matter how hard I tried. And on top of that, I didn't feel a thing.

The beginning was great but then I got really bored. In the end, I stopped reading it around the middle so I'm not going to rate it. Unless I decide to give it another chance someday.

This is another "it's not you, it's me" case. Don't let my review deter you from giving this book a try. You may love it, a lot of readers did.

.Under the pages says

First of all, this is a really hot book. Gavin is the sexy gentleman we all want at home and Ellie is for sure the Canada's sweetheart.

"Gavin. You can call me Gavin."

"I'm pretty sure I can't," I laugh, turning my head to the side in embarrassment.

"You need to, because this sir thing is killing us both and it's only been a week."

Their love is the sweetest kind (the way I like it) with all her sass and his playfulness. Gavin is a delicious dominant, he's not a sadist (he actually just uses his hands to spank her) and is really caring and sweet. And Ellie is a smart and innocent intern that works for her all-time crush.

"You're bent over my bed, dripping wet because I'm spanking you. And you like it."

Another whisper.

My cock throbs as I lean over her. "What was that?"

"I love it," she says more clearly.

The only problem for me with this book was (view spoiler)

Overall the book is good, so if you like kinky sex without the heavy stuff and with lots of sexy love (view spoiler) this is the book for you.

“No, when it comes to Ellie I have zero game. I'm the classic lovesick idiot.”

Happy reading!

Astrid - The Bookish Sweet Tooth says

Review @ Vanilla & Spice Books

3 Frisky Stars

Who doesn't love a forbidden romance spiced with a little bit of kink? I know I do, so I had high hopes for this one. Unfortunately, for me it didn't keep its promise. But from the beginning.

Gavin Strong is Canada's new Prime Minister. He is young, gorgeous and popular with the people. What the public doesn't know is that he likes his sex with some BDSM kink. When the new intern enters the scene his mind fill with all kinds of desires, one of them being spanking Ellie's ass pink.

With Bill Clinton's Lewinsky-disaster on his mind he forbids himself to even think about anything sexual involving his subordinate.

Ellie is shy and awkward. She has had a crush on the new PM for a while, needless to say, she is super exited to be able to work with him. Gavin gives her mixed signals and anyway, why would he pursue the shy girl when he can have all of the female population of Canada?

After having read for a while I checked my progress in the book and realized that I had hardly moved from the beginning. It felt like I had read for hours...and this is one of the main problems I had with this story. It trickled along without a lot of things happening to move it forward.

I also had some issues with the main characters. While both of them were very likable nothing seemed to fit together. Gavin was supposed to be a Dom. To me he felt more like a regular, nice guy who liked some light BDSM in order to not get bored in the sack. Ellie went from shy and awkward to a super seductress in the blink of an eye. One moment she flushed at everything Gavin said, the next she was this extremely confident woman. The transformation was too seamless. There were other quibbles I had - like why Gavin was so weird after the threesome. He wanted to fulfill Ellie's fantasy, yet, afterwards he needed distance because he couldn't deal with his possessive nature. That didn't work for me.

Despite all my quibbles, Gavin and Ellie both were sweet and caring and had great chemistry. I really wanted

to love the story, it became a "like" after all. There was some funny banter between main and secondary cast, which still made the book worth reading.

Talk about seamless, I felt there was a distinct difference in the two authors' writing - at least during the first 30, 40%. It wasn't as homogeneous as I've seen with other cooperating authors. Maybe this won't be as obvious in the next installment. Otherwise the writing style was quite good.

I know this book worked for other readers really well so don't let my opinion keep you from trying it. It is a sweet story after all. There were some very cute moments between our main cast and the sex was mostly off the charts hot.

Although this wasn't my favorite book of the year I do want to read more of this author duo. The last chapter is from Gavin's best friend Max's POV and introduces us to his story and I definitely want to read this! And finally there is Lachlan who I can't wait to read about!

ARC via Netgally in exchange for an honest review - thank you!

Alba and Her Secrets..♥ says

4 'Would You Be My Girl' Stars!

I've been wanting to read this for quite some time and it was definitely a good read! I've read Ainsley Booth's books before so I knew this would be hot AF. Boy, it was that and so much more!

Prime Minister is the first installment in the *Frisky Beavers* series that Ainsley is co-writing together with Sadie Haller. It tells the forbidden love story between Gavin (the Prime Minister of Canada) and Ellie (one of his very-young interns).

"Gavin. You can call me Gavin."

"I'm pretty sure I can't," I laugh, turning my head to the side in embarrassment.

"You need to, because this sir thing is killing us both and it's only been a week."

Holy hell, this was intense! So freaking sexy and on the kinky side, for sure. Gavin is a Dom and Ellie loves to be his bad girl ;) I loved the characters and the presentation of the love story: as I said, their chemistry is off-the-charts but it's also mixed with some drama and sweetness.

"You're bent over my bed, dripping wet because I'm spanking you. And you like it."

Another whisper.

My cock throbs as I lean over her. "What was that?"

"I love it," she says more clearly.

I'm so lost. I don't know how I got here, and I have no interest in finding my way back to wherever it is I was.

Still I have to say I did not enjoy how Ellie behaves when (view spoiler). If you follow me, you probably know I am not a major fan of those types of scenes but this particular one made me feel a little

uncomfortable. Also, I found the ending a little bit rushed (I always miss having epilogues! lol).

This is love, and it's forever.

Besides that I really enjoyed *Prime Minister* and I am totally excited to read all the other stories! So, my rating is 4 STARS because I found this a very good start to this exciting series!

Claire Robinson says

4 - "Oddly, Sir never did it for me until I met you. I like it... A lot."

Stars!

Prime Minister is one of those books that pretty much does what it says on the tin. You know what I mean, you know what you are going to get from the beginning, and the authors went large on delivering everything on offer to its fullest most outlandish best.

To be honest this was a bit of a 'Mix & Match' read, the authors took a bunch of popular current and well-used tropes, and spun them differently by making the story revolve around a man, that on the surface has to be whiter than white.

"She's a scandal I just can't afford."

I didn't mind that, even if a lot of it felt like de-ja-vu from other books I have read from this genre, it was well written and both the main characters were easy to get along with and pretty likeable.

"I spend a lot of time with a hard-on around you."

Prime Minister was essentially a sexed up version of *The West Wing*, which to this day is still one of my favorite TV Shows, the cast of secondary characters is again on the likeable scale, and it was great to read a book where I didn't actually want to punch anyone in the face for being or acting like a tool.

"You're definitely more than just an intern."

The slow burn between them at the beginning was great, plenty of tension and sexual frustration for them both, add to the fact the PM, and Ellie are both worried about the potential scandal involved with him being caught boffing one of his interns, but lust eventually wins out, and once uglies are bumped there is literally no stopping them. I must admit I have realized from reading this that I absolutely prefer my politics with a large side order of sex, and once it got going there was literally no stopping them.

"This is just the start... I never want to stop fucking you."

I don't really class a bit of spanking and a couple of instances of tying up BDSM, to be honest we were looking at a man that may have dabbled in that arena in his college days but now is just a bit on the dominant side. The one thing that miffed me hugely is the addition of (view spoiler)

"Am I in trouble offi-Sir?"

This was one step too far for me, especially as it took place after they had spent a relatively short time together as a couple. I know its fiction, but firstly it just seemed all sorts of stupid for a Prime Minister to engage in something like that with a woman he has spent hardly any time getting to know, and secondly it just felt like the authors had thrown it in for good measure after pulling it from the roulette wheel of usable tropes, and it really didn't add anything to what was already a pretty decent story-line in my opinion.

"You don't need to be anything other than you real self with me."

That- said I really enjoyed this book, Gavin Strong is all sorts of yummy, with a large dash of sweet and a double dose of dirty, dirty man thrown into the mix, he ticked all the boxes for what I want in my fictional men. Ellie was low-level drama, eager to please and the dual POV from them really worked in the telling of their story.

"This one can stay."

Will I read Max's book... probably not. We are given a small insight into his sexual preferences at the end of this book, and I know that the tropes likely to be used are areas of romance I personally do not find appealing. However, if the authors were thinking of giving Gavin's, Head of Security Lachlan a book at any point that is one I would be front of the queue to read. We kind of hit my hard limit with *Prime Minister*, on the sexual escapades front, but I still highly recommend this read if you are looking for a little titillation, a whole lot of sex, and a pretty decent, but not too stressful story-line.

I'm glad im sitting down because I'm pretty sure waving my raging hard-on around the room is not on the briefing agenda...

Stacey is Sassy says

Mum and Dad, don't look...I'm talking Frisky Beavers

I love my Mum and Dad and they love me. They love me so much that they follow my blog and read everything I write which makes facing my Dad kinda awkward. Some days I catch up with them and the first thing my Dad says is – "What kind of bloody rubbish are you reading?" Obviously, this is not rubbish to me but to a 70-year-old blokey bloke, he doesn't like to read about my hearts flutter or that a book was HOT. Well, this time, I think this book and my review will definitely push him over the edge. *Prime Minister* had hearts flutter, was one of the HOTTEST books I've read this year...AND...it was KINKY!!

This story is about a couple of people who are extremely attracted to each other but are in a situation that is not conducive to a relationship. It doesn't help that any relationship they form could end up in the spotlight. See, when you're a single, good looking and relatively young Prime Minister, and you have a desire to spank your partner...things can get awfully messy. If that Prime Minister also falls for a smart and intelligent INTERN...well that's beyond messy, that's SCANDALLOUS.

Now, this is the sort of kinky I really, really enjoy. This isn't a couple of people walking into a dungeon and

getting off on the extreme emotions generated from a little kinky play. *Prime Minister* is about an experienced man, Gavin Strong, who likes to dominate, has to hide his predilections because of his career and has only one person he can confide in about his frustrations. Ellie Montague has had a crush on the Prime Minister for awhile. She's not only attracted to his physical attributes, Ellie is fascinated with his mind. She respects him and is impressed with the way he has embraced his new role of leading her country. When the two of them meet, the sparks fly. Both of them know it is not an ideal situation (think Monica Lewinsky) and try to push each other away. Unfortunately, the more they try to resist, the more their attraction grows.

Seriously, this book was good. It was believable, yet heartbreaking to see what a man in power must overcome to have a happy life outside of his work. In some ways, I think it's understandable for a relationship to develop within a party office. Not everyone is willing to take a back step to politics, war and financial debates. You have to be a special kind of *Frisky Beaver* to understand that your partner does have other things on their mind when you're sitting down to dinner. What made *Prime Minister* special is because we get to see into Gavin's mind, the turmoil he goes through every time he has to pick his country over his girlfriend.

Prime Minister was a bit longer than I thought it would be. I assumed it would be a bit of smutty fun with the Prime Minister bumping uglies with his intern at his desk, or her taking notes dressed in nothing but a smile. Turns out I got it all wrong. The kinky stuff was minor to the actual story of Gavin and Ellie. Yes, I still got a giggle out of their role-playing, and was extremely "interested" in some of their other play, but like I said it wasn't just that. There is a love story and it was very sweet. I loved that Gavin loved to hold Ellie in his lap to cuddle. It made my heart flutter that he found it hard not to be touching her when they were near each other. I admired Ellie for trying to save Gavin's career by stepping away from him...but I loved it more that Gavin wouldn't allow it.

So, *Prime Minister* was definitely a winner for me. For crikey sakes Dad, if you did read this review, don't say I didn't warn you.

*******FIVE STARS*******

{ARC Generously Provided by Author}
(BR with Mel and Dee)

"Before you I wasn't a whole man. I was all these different pieces, and I couldn't imagine how they'd ever align. I put as many together as I could and pretended that was how it was supposed to be."

"Turns out I needed your pieces, too. You complete the edges of my puzzle and fill in the gaps in the

middle, too."

I have discovered a new type of alpha male that gets my temperature rising. A devilishly gorgeous, kinky as hell, leader of a nation!! Ainsley Booth and Sadie Haller have succeeded in delivering a downright steamy and all-consuming story. From the moment the buzz started to spread on social media regarding this book, I had been dying to get my hands on it and boy did it deliver on so many levels. I haven't felt so utterly turned on by a story in a while. Ladies, get ready to have your worlds rocked by Mr. Gavin Strong, Prime Minister of Canada!!

Ellie Montague, a grad student at the University of Ottawa, has landed the most prized internship in all of Canada. She will be working at the headquarters of the Prime Minister. She's just a little bit giddy over her new opportunity as she has a serious crush on the PM, not unlike most of the female population of Canada. On their first meeting, sparks are definitely flying, but Gavin tries to reel in his feelings because of his role in government, their age difference, and more importantly, his kinky sexual nature. The PM of Canada is into the BDSM scene. He's not into the hardcore aspect but he most definitely likes to be in control and loves to dole out a spanking when the mood calls for it!! The Prime Minister likes to get his kink on and is one seriously giving lover. There was one scene in particular, a menage, that will remain in my memory for quite some time. Not only did I love Gavin for his baser sexual side, but I also loved him for his tenderness towards Ellie. He was always trying to protect Ellie from the celebrity of his role as the Prime Minister.

The one challenge to their budding relationship is how it will be portrayed by the media and the effect on Gavin's government standing. It is actually Ellie who worries the most of how her relationship with Gavin could cause serious damage and feels that they should hold off from going public. Surprisingly enough, Gavin is not of the same mindset as Ellie. He's crazy about her and does not want to hide his relationship because she has become a very special and important part of his life.

This was my favorite by Ainsley Booth and it's my first time reading anything written by Sadie Haller, but she is now an author that is on my radar. These two are an incredible writing duo. I only wished that we got just a little more out of the ending. I am still left wanting more of Gavin and Ellie's story, but the next book will be about Max, Gavin's best friend. I know Max's story is going to be melting panties everywhere as he is also into the BDSM scene and is kinkier than the PM, and the wait is going to be excruciating!!

PRIME MINISTER will be available on May 31st!! Be sure and one-click it. I promise you will not be disappointed!!

<http://amzn.to/1TPMdJ5>

Dee Montoya says

5+++ ~*One Kiss Is Never Enough*~ Stars*****

(ARC kindly provided by Author)

(BR with my besties, Patty and Mel)

Just like *one kiss* wasn't enough for Gavin when it came to *his Ellie*; 5 stars isn't enough for me to convey how much I, **LOVED** this novel.

The collaboration of these two authors was seamless and exquisite, bringing us a book that promises a fabulous start to a very delicious, and entertaining series. Step into the office of the *Prime Minister*, but leave your panties by the door, and be ready for a wicked good time...

The new sexy Prime Minister of Canada has every woman on the planet going crazy, not only is he smart and capable, but utterly sexy and... single.

Ellie Montague is the new intern for the PM. She's a graduate student, very smart and with a lot of credentials and she has been offered a two month internship next to the sexy Prime Minister. On their initial meeting Ellie can prove for herself that everything that she's heard about the PM is true; he is a perfectionist, and always in control. But his beauty is even more striking in person, than she ever thought.

Ellie and Gavin begin working closely together, they make a good team but the sexual tension is so strong it scares them both. The PM has a big job to do and doesn't really have a lot of time for a personal life, and his tastes in the sexual department are less than vanilla. Ellie's ovaries explote on a daily basis, every time the PM talks to her or so much looks her way, she needs a new change of panties.

One night the desire is too strong and the inevitable happens; a kiss so passionate neither Gavin or Ellie can deny that there's something more than something sexual brewing between them. The PM tries to warn Ellie, about his peculiar tastes, but little did he know that when she's around him a bad girl she didn't know existed comes to life, craving the sexual power that only the PM can provide.

Can these two delve into a decadent passion without risking everything they've worked so hard for?

What a delicious treat, reading this book was. This story is meant to be savored, it is so delicious that it will tease every single one of your senses and of course, leave you desperate for more.

I loved the writing style. I loved how complex and unique the characters were. Both Gavin and Ellie are very

strong but they fit so perfectly together. I was equally enthralled by both main characters. This book was a perfect read for me, had a lot of romance, tons of kinky passion and the political background added a certain elegance to the story that served as the cherry on top for a story that almost melts in your mouth. The *The Prime Minister* was **PERFECTION!!!**

Beverly says

My friend posted about this book a few weeks ago on Facebook, so I immediately preordered it. I decided to start it ASAP when a few of my fellow bloggers loved it. Well, I loved it too!

This book is a fantastic story of forbidden love. He is the Prime Minister and she is an intern. She is a 25 year old graduate student, he is thirteen nine years old. OMG, this book, could it get any better?? Well it actually can, here's why.

This book which sounds perfectly smutty and hey I am not complaining, but it is actually more! I loved the plot and writing. Yes, it's hot as hell, but it's also really sweet at times. It has these moments that made me fall in love with Gavin and Ellie. I loved how the authors really allowed us to get to know them as people and see their connection. I loved how it didn't follow the typical forbidden love theme and allowed so much time for Ellie and Gavin to really be together.

It also had these moments that had me rereading passages. It literally is the perfect fun summer read. It's fun, sexy and full of heart. I swear I cannot even wait until the next book in the series, I am completely sold!

Val Shameless ?? Steamy Reads ?? says

Temporary DNF @ 14%

I'm putting this one on hold for now.

Sadly, it's boring me.

And I'm having a hard time buying into the story line for some reason.

I Just can't imagine an intern having that much access and becoming that intrinsic to the PM's team that fast.

I think it's my mood in this case, so I will try again later.

XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX

Prime Minister sex?

Sounds fancy, count me in.

☆? Angie ?☆ says

Yikes... DNF @ 55%

I'm bored. And my mind is constantly wandering away from what I'm reading because this. book. drags. Even after the introduction of an "extra pair of hands" in the boudoir... yep, still boring.

No Bueno. Plus, I'm not buying this storyline even in fiction land. I have no problem being whisked away to a fantasy land where things are far less than realistic, but this... this was beyond even my ability to overlook the glaring "pfft... yeah, right" sign flashing in my mind.

I really didn't care for the MCs either. The "BDSM" aspect of this book is quite light for all the hullabaloo it was given at the beginning of this book. I mean, so the **H** has a little spanky-panky control thing going on... **um, okay** . And, the Prime Minister just happens to have surrounded himself *unknowingly* with like-minded individuals via his security detail and a pick-up hockey game. I mean... come on.

Look... maybe you are one of those readers who can get past all the unrealistic in this book... plenty of people clearly have been able to. If that's you, then I say jump in with both feet and give it a whirl. I, however, will not be picking this one back up. This book is a hard stop on the snore-ville train for me.

Sabrina says

Ellie starts working in the Prime Minister's office as part of her summer internship. She knew the job would be a challenge, but she never thought that the hardest part of her time there would be holding herself back from throwing herself at the PM. He's ia tough boss, a bit of a control freak, and sexy as hell when he get's all intense. Ellie want's him, bad. And when she realizes that he wants her just as much, there's no way she can stop herself from trying to get him.

I really liked this book and how captivated I was during my reading. Ellie and Gavin had great chemistry that was amazing to see while they were trying to fight it. And when they finally gave in to those feelings it was hot as hell. Gavin was secretly into the BDSM scene, and while the story wasn't heavily into anything too kinky, I really liked his Dom side.

Overall, a good, sexy story that I think any fan of boss-employee romances will enjoy. We also got to learn a little about Gavin's best friend too, and his story will be next. Which I'm very much looking forward to.

Maria♦*Steamy Reads Blog*♦ says

"It's not about satisfying a specific kink, Ellie, it's about finding the woman that makes me want to satisfy her kinks"

➡We have a Prime Minister of Canada with a **Compulsive Spanking Disorder** and his incredibly smart and perceptive intern. Now, once you get past the fact that this scenario is pretty **unrealistic** and allow yourself into the **fantasy**, you might actually end up enjoying it.

➡Gavin, our PR, is a kinky man who likes **control**. I was actually surprised that he first declared him and Ellie not compatible.

➡Being as perceptive as she is, Ellie figures out that PR is into some **kinky fuckery**.

➡As much emphasis as there was put on **BDSM**, I didn't find this to be very hardcore... sure, there's **spanking for pleasure, light bondage** and **role play** but nothing degrading.

➡I was actually surprised Gavin made so much fuss about it in the first place. Could have just slept with her and introduced her to BDSM later. But then again, we're forgetting that he suffers from a **Compulsive Spanking Disorder**.

♥There's a rather **slow beginning** to this novel and I started zoning out but then half way in an **extra pair of hands** was introduced and that got my attention.

But I'm a **perv**, so if you're not into that kind of stuff this might not be your thing.

♥But if it is your thing... I recommend you have a husband/boyfriend/friendly neighbor on stand-by. Or at the very least a **vibrator**. lol

➡Now, the things that didn't work... **The book needed to be shorter by about 20%**. I got bored reading about constant travels and work meeting and blah blah blah. I get it, he works a lot. Something just didn't flow right. This book lost me at 80%. **Shit needed to hit the fan earlier in the book**. I still finished it but I wasn't invested in the characters anymore.

➡I was also rather unimpressed by the fact that last chapter was told by a secondary character and was basically a set-up for a second book in the series. I feel like Max needed to be introduced more through interaction with Gavin rather than through dumping info onto the reader at the end of the story... I would have preferred more subtlety there. **The ending felt very abrupt, I would have loved to read an**

epilogue.

➡ Recommended for those who are into kinky fuckery, office romance & have a lot of patience. :P
