Hyacinth says

This adorable little book shows a child basic care instructions of caring for a lamb. Emmy fell in love with the lamb she named Timothy. What she should have been reminded was at a certain time, he would have to be returned back to the farm because it would be difficult to keep him as a pet. When he "ruined" the party which in my opinion was the father's fault for allowing her to take him to the party without instructions on tying him up separate from the food, the punishment to her was he had to go? That was cruel! The book made it seem that she was okay with him leaving which I highly doubt. I think my grandson will like it though because he's only 2.

Melissa says

Great story with beautiful pictures showing Emmy's adventures with her little lamb before having to return her back to the farm.

Liz says

Another one of my childhood favorites!!! Saved it to read to my daughter someday:)

Hannah Feeney says

The Little Lamb was one of my favorite childhood books! The story is about a little girl who raises a lamb until he is big enough to return to the flock. It's an adorable story about the fun they have and the trouble the lamb gets into. My favorite part of the book is the pictures.

Cindy says

This is a Random House PICTUREBACK. Copyright 1977. There are photographs instead of illustrations.

The adventures of a lamb named Timothy, raised by a little girl named Emmy. He gets into trouble regularly. Not a big favorite with my kids. It's a little dull & wordy. Kids under 5 might not want to sit still for it.

Robert says

Baaaaaaaaaaaaahhhhhhhhhhhhhhhhhhh.

I want to hug Little Lamb. So soft and cuddly.

Hillvan says

AD700L

Erin says

A little girl named Emmy raises a baby lamb named Timothy until he's too big to keep as a pet. I read this over and over as a child. I'm so glad my library still has it!

Good for preschool storytimes.

Peacegal says

Wonderful photos illustrate this book about a lamb who becomes a pet and companion to a little girl.

What's good about it: Unlike many children's books about farm animals, there's nary a mention of wool coats or mutton dinners. A farmed animal is presented as an individual, rather than simply a source of food or fiber. The bond between the child and her pet is touching.

What's not so good: When the lamb grows larger and starts becoming more troublesome, the girl returns him to the farm. It wouldn't be inconceivable for youngsters to deduce from this that it's ok to get rid of pets who misbehave. Also, "Timothy" is released back to the farm, where it is presumed he and the other sheep are being "farmed" for a reason--one that may ultimately end in his demise.

Bree says

Notes:

real animals and kids in gorgeous photos

perfect for preschool age 3-4

love all these Dunn books

Amanda Lyons says

The pictures are nice but all of these books are monotonous and essentially the same tired concept about children having pets. while there are variations in each story there's really nothing all that impressive about any of them. Even the cute pictures get monotonous!

Sheila says

As a child, this was a favorite book. I still love it! Great photos, great story.

Erroll Treslan says

I have read this to our kids a hundred times and it never gets old.

Alicia says

This book is a classic. I remember my mom reading it to me. Nakyla loves when I read this book. I particularly like that this book is all in photographs. The story is really sweet, too.

Jack says

This is one of the Treasury of Little Animals (Random House). The picture books in this series are about newborn animals that become beloved pets. Readers learn how to care for these pets, and what happens when they're no longer little baby animals.

With full-color photographs by the photographer Phoebe Dunn.

The books in tis series are: The Little Puppy, The Little Kitten, The Little Lamb, The Little Duck, The Little Pig, and The Little Rabbit.

Age Range: 3 - 7 years

Grade Level: Preschool - 2

Lexile Measure: AD700L (Adult directed, You read with your child, grandchild, little one! It is fun!)
