Tempted by Her Greek Tycoon is an uplifting, charming and irresistible contemporary romance from fast-rising star Katrina Cudmore, who gets better and better with every book she writes!

Handsome Loukas Christou has not risen to the top of his profession and become one of the world's most successful businessmen simply by resting on his laurels and going with the flow. Loukas is driven, works harder than everyone else and has made plenty of sacrifices in order to achieve his objectives and triumph over all the targets which he sets himself. With his businesses flourishing all across the globe, Loukas now turns his attention to matters of a far more personal nature, starting with finding himself a wife! It had been his late parents' dearest wish to secure their dream hotel in Italy, but the owners have made their terms perfectly clear: if he wants to buy the hotel, then he must be a married man. But Loukas has always given relationships a wide berth and even though attracting women is not a problem for the dashing Greek tycoon, finding the right one is a prospect which seems to have eluded him so far. However, it seems that his temporary PA, Georgie Jones is the answer to all of his prayers!

Georgie might be an excellent matchmaker, but she had learned at a very young age that relationships are not for her. Her mother had walked out on her when she had been very young and she had moved around with her father all across the world, never settling in a single place for very long and never having enough time and opportunity to make friends and settle down. However, Georgie thinks that Greece is the place she can finally call home and having managed to buy a property which has stolen her heart, she hopes to open a small guest house and fulfill her dream of running her own business. With money being in short supply, working as a PA for Loukas Christou is a godsend and she is determined to help him in his quest to find him a suitable wife – but it's just a shame that she seems to have fallen for the boss herself...

Despite of all the women which Georgie keeps pushing his way, not a single one excites and delights Loukas in the same way Georgie does. Will the charismatic Greek tycoon end up walking his temporary PA and matchmaker down the aisle for a lifetime of marital bliss? Or is he too frightened to admit to the depth of his feelings for her? Is a happy ever after possible for Loukas and Georgie? Or are some things simply not meant to be?

Tempted by Her Greek Tycoon is a wonderful contemporary romance that will tug at the heartstrings and make readers smile. A feel-good and poignant tale about trusting your heart, taking chances and new beginnings, this enchanting Greek-set romance dazzles with a beguiling blend of richly drawn characters, heartwarming romance, powerful chemistry and searing emotional intensity.

This Harlequin Romance was such a delight. The way it was written made me feel like I was part of the story, observing. The characters Loukas and Georgie were very, very likeable and their exchanges were funny and quite delightful. Where I love the angst of the other Harlequin's, I love the Romance line for it's

bright and sweet side of romance, it's like the summer versus the winter and after finishing this I was smiling.

I would recommend Tempted by her Greek Tycoon if you're looking for a delightful read, funny and engaging characters, drama to keep you entertained and just a story to make you smile.

I loved it!

Another thoroughly enjoyable read from Katrina Cudmore. I loved the two main characters, Georgie and Loukas, and as with all Katrina's books you really get to know and understand the characters well and want a happy ending for them. A great setting for the book, a warm and sunny Greek island is just the place to escape to, especially on a cold winter's day, even if it's only in your imagination! All in all I found this book a real treat and would definitely recommend it. I received an advance copy of this book in exchange for an honest review.

Tempted by Her Greek Tycoon is another wonderful read by Katrina Cudmore. The story is rich in detail with a fabulous setting and great characters. I felt as if I was right there on the beautiful Greek island with the characters. I was totally hooked. When gorgeous Georgie offers to act as matchmaker to dazzling Loukas, who needs a wife, things don't go quite as planned. They grow closer than they ever expected but they both fight the desire they feel. Both have deep wounds related to their childhoods that make them reluctant to let love in. Overcoming those fears takes the couple on an incredible journey that is sometimes poignant, sometimes humorous and always interesting. I loved these characters and was totally invested in them. I'm looking forward to the next story by this author.

What a wonderful story of two people who are trying to fulfill a wish their parents had made. Loukas Christou wants to buy a property that was important to his parents but of course it has roadblocks he must be married. Georgie Jones wants to fix up the farm her father so wanted before he suddenly passed. Put these two together at Loukas hotel and you get embroiled in a lovely story. Georgia shows up meeting Loukas as a mermaid as she has a party planned for his hotel opening. He is far from pleased as he has other things on his mind like how to find a convenient wife so he can get the property he wants. Georgie is willing to help him find someone and when that fails he asks her to fill the roll. Problem is she will but she has always felt she doesn't fit in and has a tendency to run. When their feelings become more and Loukas wants to make the marriage real she breaks his heart by running away. Not telling the rest because Ms. Cudmore carries this story to such a lovely conclusion to say anymore would ruin it. Loved it and definitely will follow.

Tempted by Her Greek Tycoon by Katrina Cudmore

Loukas Christou wanted to buy a hotel that had been his father's dream. But in order to buy it he must be married.

Loukas had been looked after by his brother Nicos and Marios plus their sister, Angeliki from after when their parents had died. The whole family was into getting and renovating and running luxury hotels.

They were just completing one as Loukas returned to check in when he found Georgie Jones. Nicos had hired her as temporary PA for Loukas.

Georgie never stays in one place for long even though she has the one place that she is having renovated as a guest house. When she was little her mother abandoned her and so she is unsettled and unwilling to trust others. For sure even the strongest relationship never lasts.

I had never read anything by Katrina Cudmore and found she made a reader out of me. Her book told of the Greek countryside, made me laugh and held my interest until it was completely read. I will look forward to reading more by her.

This book is alright

Janie Evans says

"Tempted by Her Greek Tycoon" by Katrina Cudmore Loukas Christou is tempted by his PA Georgie Jones. He is in need of a wife, and she has found some wonderful candidates. The only problem is he wants her and she wants nothing to do with marriage. With a beautiful background of Greece, we see their love story unfold.

Lynn Brooks says

Opposites attract! She's happy and carefree ... he's serious and straight-laced -- who could ever imagine the pair of them together? With a sweet love connection, we go on the journey of watching these two characters deal with their past guilt and desertion to finally wake up and see what's standing right in front of them. Even though they think they can walk away with only a few nights together ... in the end, it's not that easy! A sweet story with fairly well developed characters and a fun plot.

Loukas Christou needs a bride ... but only a temporary, convenient one! In order to make one of his late father's dreams come true, he needs to be married to fulfill the contract to purchase a piece of property that would have meant the world to his mother and father. He works hard to keep their memory alive and their business thriving even though he has to fight his brothers and sister tooth and nail to do so sometimes. A wife to help keep his family on the straight and narrow would be an added benefit too!

Recently hired as his new temporary PA, Georgie Jones already has a great relationship with his siblings even if his first impression of her is quite flighty. She can't deny he's hunky and sends a thrill throughout her body with just one look, but she's certainly not the type to do happily ever after. Her past issues lead her to flit from one project to another in life ... but surely she can help him out right? Who doesn't need a personal

matchmaker when they're looking for a convenient bride?

I really love a story about a Greek hero and set in Greece, this one has both and well what can I say, except that this one is a beauty of a story, a gorgeous hero so very serious hard working not looking for love and the heroine fun loving carefree loves travel and not looking to settle down perfect you would think that they could work together well and not fall in love, but the author and cupid have other ideas.

Loukas Christou is working hard for the company that his parents started he has three younger siblings that he has been caring for since the loss of their parents years before who all work for the company as well, and he likes everything to run smoothly and work perfectly there is no room for error in his life, but it appears now that he needs a wife if he is to fulfil a dream of his father's, but it will be a marriage of convenience and when a new PA is hired by his brother she steps in to help him find that wife only Loukas seems to have trouble thinking of anyone else except Georgie Jones.

Georgie Jones is good at what she does in life and that has been many positions over the years you see she loves to travel and does not stay in one place too long, she has a problem with relationships after being abandoned as a child by her mother, but when she loses her father as well and he had finally settled on the Greek Island of Talos Georgie decides to finish the guesthouse that her Dad had started and is now also working for the Christou family at their hotel. When she takes on the role of match maker for Loukas she really has a hard time not falling for him herself.

This is a story that will keep you engaged, the characters are so lovable, the dialogue fabulous and to see Georgie and Loukas fall in love is so moving, sensual and beautiful the scenery of course makes me want to be there with them and Loukas's siblings and the guests at the hotel add so much to the story. This is a story that I highly recommend it will make any romance reader smile with such bliss, thank you MS Cudmore for an excellent story I do hope we get to see a few more of the Christou family have their HEA's.

TEMPTED BY THE GREEK TYCOON by author Katrina Cudmore is a January 2018 release by Harlequin Romance series.

Georgie Jones promises to look for a suitable wife for hotel tycoon Loukas Christou. And she does look for dates. But the chemistry between them fizzles high. So they kiss and find that it was unforgettable. What could they do now?

Would Loukas look at Georgie as a suitable wife for him? And if he did, would Georgie agree?

TEMPTED BY THE GREEK TYCOON is a sweet romance about relationships and hang-ups. Author Katrina Cudmore brought this strong, brooding, alpha Greek hero whom I loved. He suppressed his own hurt feelings and grief to look after everyone else around him. And Georgie was the perfect foil for him. She made him see people and feelings. And she also made him live the relationships as opposed to just taking care of everyone else.

Highly recommended for all readers of romance.

Katrina Cudmore's superb writing style will win over anyone. Tempted by Her Greek Tycoon is a sweet, charming, quick read with an engaging cast. Witty dialogue, sparkly prose and abundant drama keep you absorbed for a few hours. Loukas Christou and Georgie Jones are likable, lively and cool. Their shenanigans throughout the book are the perfect kind of entertainment. Also, the solid cast of secondary characters adds that extra touch to make the book even more compelling. Thoroughly enjoyed!
