Encyclopedia of Bohemian and Czech-American Biography: Volume I Miloslav Rechcigl Jr.

As the Czech ambassador to the United States, H. E. Petr Gandalovic noted in his foreword to this book Mla Rechcigl has written a monumental work representing a culmination of his life achievement as a historian of Czech America.

The Encyclopedia of Bohemian and Czech-American Biography is a unique and unparalleled publication. The enormity of this undertaking is reflected in the fact that it covers a universe, starting a few decades after the discovery of the New World, through the escapades and significant contributions of Bohemian Jesuits and Moravian Brethren in the seventeenth and eighteenth centuries, and the mass migration of the Czechs after the revolutionary year of 1848 up to the early years of the twentieth century and the influx of refugees from Nazism and Communism.

The encyclopedia has been planned as a representative, comprehensive, and authoritative reference tool, encompassing over 7,500 biographies.

This prodigious and unparalleled encyclopedic vademecum, reflecting enduring contributions of notable Americans with Czech roots, is not only an invaluable tool for all researchers and students of Czech-American history, but also a cart blanche for the Czech Republic, which considers Czech Americans as their own and as a part of its magnificent cultural history.
