Jaelyn says

thats nice what she did for her mom

Sofija says

a great movie novelization!

Rae-Anne says

This was such a romantic, sweet story. It was absolutley believable and great. But it wasn't the most amazing book but it was good.

Alyssa says

That there is a lot of guys out there just find the right one!

Breanna says

a very good and loving story and movie

Nicole23 says

I liked the perfect man because I also really enjoyed the movie so it felt like i was kinda watching the movie, its about a girl who moves whenever her mom breaks up with a guy and they move to new york and Holly the girl keeps a big secret from her mom. You will have to read the book to figure it out

Bridget P says

I absoulutely loved this book, it had romance, humor and it actully made me cry in some parts of the book. So if your looking for your next book to read I would chose this one!

Katherine says

This is a very cute book that is also a movie. I believe the book was written first but don't go by me. If you have not seen the movie yet read the book first. It is about a troubled teen who all girls can relate to and her moms horrible dating habits. Every time a relationship went south the family moved. It is a great book but a major chic flic so boys be wary

Paige says

I thought this book was very well written. It was a good mixture of drama, romance, and comedy. It's about a single mother and her 2 daughters, who move constantly because of her troubles with men. As she searches for love to make her family complete, she seems to be very unlucky each time. Every time there is a heartbreak, she feels the need to move out of that town and start over new. This is very hard for her two daughters and causes them to feel resentment towards their mother. Not knowing what else to do, the oldest daughter plans out "the perfect man" for her mother to date. He sends her flowers, writes her love notes, and seems perfect, but she does not know that in reality, it is just her daughter. After the mother finds out about this she is hurt, discouraged, and even a little embarrassed. As she sets out to move once again, her whole life turns around as she finds out that the oldest daughter was getting all her relationship advice from her friends uncle, who is in fact her "perfect man". They continue to get to know each other, and they end up staying right where they are instead of moving for the millionth time. Everyone is very happy with the way it all turned out.

Taylor says

in this book a girl tries to find her mom the perfect man. It's sweet and fun at the same time. i think this shows how what parents do affect their children, and that families can get closer because of bad things.

Natalie Rieger says

Just a book based on a movie. A book to read if you can't find a book to read!

Claudia Ingalls says

I read this book a few years ago and I just remember loving it I feel like it is a good book for middle school age girls to read don't judge the fact that it is a little older it is a really great book

Melanie says

i loved this book plus you can watch the movie

Maddie G says

I loved this book. It takes place modern day so you probably wont dred reading it and it wont bore you. They would istant message each other which we do alot. They also were sneaking around behind each other's backs so it's very ummmmmmmm intresting. I learned that you can't force people to like each other and you have to let the chips fall where they may even if you have the perfect plan
