Ilanderae "Landi" Nycks never thought she'd meet up with the man who'd stolen her heart only to turn around and break it. His disheveled black hair, lean muscular body, and golden eyes affected her as much as the day they met. However, on that fateful day in Greece they were reunited. Dimitri "Merlin" Melonakos felt the world shift on its axis the second his gaze landed upon his own epitome of perfection, Landi Nycks. Her petite form, fawn colored eyes, flawless skin all made him long to go back in time and correct the mistakes he made in their relationship. Resolute to get another chance with her, Dimitri does all he can to get another chance. Landi is unsure and not very trusting but bit by bit she begins to allow him back into her heart. Their newly renewed relationship is tested by new people into their lives, missions, and more. Dimitri doesn't care about how many things he has to overcome, he vows to never let her go again for she is

I had issues with some of the things in this book, though some lines of work may cause of to do things that you don't agree with, the situation Landi found herself in would have been difficult for me. Both characters were good at pushing each other away. I liked seeing the wives coming together for support. Errors still abound in the writing. An editor would make this series much better.

I liked this story, though Landi is a bit too feisty for me. I did enjoy the blending of this story with Aj's Serendipity by Savannah J. Frierson.

Emotonal Reads says

He is the worst of the bunch,he prostitutes his self for the government, another woman has free reign of his house and car, when she is in town, though she has a brother in that same town her picture all over his house, and it took that girl, not the heroine, to get in bed with him, practically naked for him to fight to walk. The heroins should of told him to take a hike.

This hero showed up in, AJ'S SERENDIPITY, and spoiled it for me, even though I loved that book, that's how much I disliked this hero.

Well Done!

My favorite book in the serious. The love story between these two was sizzling. Thoroughly enjoyed this read. Definitely recommend.

Dimitri "Merlin" Melonakos lives up to his name with the magic he makes with his soul mate Ilanderae "Landi" Nycks. He made a mistake once by not sharing with her why he left her. He goes after her until she gives in while he proceeds to show her the magic of their love. This book is good ! you get to experience a seal operation is this book I loved it it was exciting. Dimitri and Landi make one sexy couple.

I read the whole series whilst on holiday in Jamaica.

I loved the series.

BUT: Spelling mistakes and some serious dodgy formatting of the text at times. This went through all of the books....
