## **A Day in the Life of a Firefighter** Linda Hayward

This Level 1 book is appropriate for children who are just beginning to read. The fire alarm goes off! Rob Green and the other firefighters go into action. Is there time to save a little girl's dog? This unique Level 1 series accurately portrays real-life situations that help young children identify with and learn from while helping them improve their reading skills. Presented in classic DK style, young readers will enjoy photographically illustrated information in an entertaining package. For children who are just beginning to read and who have a limited vocabulary, these 32-page Level 1 books-about everything from tadpoles to puppies-use word repetition and simple sentences to convey meaning. Picture dictionary boxes with word labels "show" the meanings of words. These books contain between 400 and 450 words each, and they are 80 percent pictures and 20 percent text. The Dorling Kindersley Readers combine an enticing visual layout with high-interest, easy-to-read stories to captivate and delight young bookworms who are just getting started. Written by leading children's authors and compiled in consultation with literacy experts, these engaging books build reader confidence along with a lifelong appreciation for nonfiction, classic stories, and biographies. There is a DK Reader to interest every child at every level, from preschool to grade 4.

## **From Reader Review A Day in the Life of a Firefighter for online ebook**

### **Vee says**

A day in the life de un bombero. Did I learn anything new? Cooking is a great skill if you're a firefighter.

Side note: Level 3-4 Readers are preferable but I'll take what I can find in the library.

---

### **Tricia says**

thorough and honest depiction of the life of a firefighter for beginner easy readers. book does a great job of showing the menial tasks yet the appeal.

---

### **Kelsi Watts says**

This book would be a good read for young children, especially boys. Most little boys enjoy dreaming of one day becoming a firefighter, so this gives them a bit of background information on the job. The title for this book describes it perfectly, and it is definitely one that I would have in a kindergarten or first grade classroom for the boys (or girls) to enjoy during reading time on their own.

### **Connie says**

I'm a fan of DK books.

They're simple. They're informative. They're cheap. If your child is too young to read, they're perfectly good read-aloud books.

What more can you ask for when stocking your kid's library?

As you might expect, this book takes us through a day in a firefighter's life. The sentences are short and direct. This makes them easy to read, and it also makes the book more exciting.

The fire in the book (you knew there had to be one) is not especially scary, and is dealt with quickly. More detail is given to the more usual routine - cleaning, taking a class on a tour to talk about fire safety, that sort of thing.

I very much recommend this book for small children.
