Slave Princess Felicity Heaton

Captain Lyra II, known as Balt to his family, is one of the famed sons of Lyra, the handsome princes with passionate hearts that every girl in the galaxy wants to catch. The second eldest son, he's content with the freedom and adventure that life in deep space and the Lyran Imperial Army offers him. What he isn't content with is the current situation he's found himself in. Not only has he been forced to stop at a backwater port for supplies, but he's leaving with more than he expected!

Kayla is a slave but can still vaguely recall what it had been like to be free. It's something she believes that she'll never taste again, and when she finds herself handed over like the piece of property she is to a complete stranger, a Lyran prince no less, she's convinced her life is about to get a lot worse. Taken onboard his ship, she quickly finds herself torn between fulfilling a promise she made to her friends when she was young, and falling for his chivalry and good looks.

Balt, not wanting a woman as his slave and not wanting to become the laughing stock of the admirals, intends to dump Kayla at the first decent planet he comes across, but as he starts to learn more about her, he finds it harder to fight his growing attraction to her. A passionate kiss from her only makes things worse. When Minervan mercenaries demand he hand her over, he discovers her true heritage and realises that things are more complicated than he'd believed.

Will Balt let her go, sending her into a life as a pleasure whore for the highest bidder, or will he fight to protect her? Will Kayla take revenge for her people, the Terrans, who were almost exterminated when Lyra destroyed the Earth system? Can love between a prince and an enslaved princess ever have a fairytale ending?

Slave Princess Details

Kelly says

So, yeah. Sexy sci-fi is kinda one of those things that does it for me. Why? I don't know. There's something about hot guys in flight suits battling the rigors of outer space that makes my heart go pitter-patter. I'd been eyeballing this series for a while because (a) I like Felicity Heaton's writing and (b) hot guys in space.

My biggest complaint about this would have to be that it was too short. I wanted a little more. More more more. I'm greedy like that. I liked Kayla. I liked her reaction to being handed over to Balt. I liked the confusion she felt over her status as a slave. She's shamed by it, yet she accepts it because it's what she's become accustomed to. I liked Balt's chivalry toward her. He didn't want a slave and he has every intention of getting rid of her as soon as possible and he still treats her with honor.

Like I said, I enjoyed it, I just wanted more. Good thing there's three more books in this series. And then there's the Daughters of Lyra series. *rubs hands together diabolically*

-Kelly @ Reading the Paranormal

Vanessa Derrett says

This was a Good Book however it was way too short.. :o(

Chrisabel says

Too Short. It was a nice story.

Dana says

this was 128 pages on my Nook...there is just something about a hot man that isn't from this world falling in love so completely....great read...

C.J. says

Nice, sexy short story.

Jessica says

To short. More time should have been spent building the romance.

Jean says

My biggest complaint about the book is that it is too short.
I bought the books on August 20, 2010 and that was before
Amazon started showing how many pages the books totaled in eBook format.

The story was ok, but I don't think I would have purchased it if I would have known it was not a full length novel.
The ending was a bit abrupt and I wondered why Balt left his new wife for 4 months right after they were married?
Especially since in book 4, for his brother Acer's wife, it was mentioned, she would be allowed to travel with her husband.

Kelly Mahmud says

really enjoyed this series was different to my usual reads

Skye Louise says

Captain Lyra II, or Balt, has just accidentally aquired himself a female slave thanks to a malfunctioning translator. He does not want or need a slave and plans to set her down on the next space station. Little did he know just how tempting his new aquisition could be.

After having Lyrans destroy her home planet, Kayla is now a slave. She should want to fight her new owner, but he's just so charming and handsome.

A good little novella, has it's sweet moments, some hot moments, and action. If this was filled out a little more it would be a great story. Great for a quick fun read. I liked the heroine, and Balt was a sweetie for what he did for her at the end.

Zena says

it was ok.. too short though, but quite a good plot, but the series needed to be a bit longer..

Mindy says

Just finished this one this morning and it was great. Felicity heaton always bring stories to life brilliantly. I

enjoyed Balt and Kayla's story. The unwilling knight in shining armor falling for the slave princess. I love them for the introduction into this world and can't wait to read more
