I've decided to read The Secrets of Droon series entirely for Christmas since i've been feeling a bit nostalgic. I want to be able to live a bit of the magic of being a kid and what beeter to help than this incredible series. I know that this series is for young kids but i feel it will still be great after all these years. A mysterious adventure with lots of twists and suspense. We have a new villain in this book and perhaps a new ally. We journey in this book the mysterious land of Jabar-Loo, unheard of before in the series. But I still think that Jabar Loo remains a mystery still even after the book finishes and I would definitely like to visit it again. This is a good book that introduces us to new things that will happen in the next books.
