The Outlaw's Obsession Jenika Snow

Tallin "Jagger" Landon isn't a good man. In fact, he isn't a man at all but a bear shifter and the president of the Grizzly MC. When he takes in the wounded female of a rival MC, retaliation from that club is inevitable. But Jagger doesn't expect to be so territorial of a female that isn't even his.

Sonya White is desperate for a way out, and will do just about anything for her freedom. Taken as a teenager by Trick, the Wolverine MC president, she has been the sexual plaything for the sadistic shifter for years. But the drama keeps unfolding with the dominant and possessive Jagger declaring Sonya is his, and a jealous club whore and Trick coming back to settle the score. Sonya can either run from the MC life or let Jagger claim her fully like he demands.

COMMENTS/NOTES:Some editing issues, but I liked this more than I thought I would. Jagger is the ideal love. He always takes care of Sonya-very sweet,gentle even though he's a grizzly bear and she's human. He understands what she needs without her having to explain all she went thru with Trick. DeDe did get her due but I felt bad for her. She really believed Jagger would make her his old lady even after she slept with his brothers and goodness knows who else-pretty twisted.

BRILLIANT MC ROMANCE

I love this authors work. This is the first book in her new MC series. Tallin "Jagger" Landon bear shifter is the president of the "Grizzly MC" he says he's not a good man, but he's not all bad either. When his club has a run in with the "Wolverine MC" Trick their sadistic president provokes a fight. Trick has a history with one of Jagger's close friends Brick. During the fight, Jagger rescues a wounded young woman and takes her back to his club house.

Sonya White a 22 year old human has been Trick's virtual prisoner for years, used and abused by Trick she's tried many times to escape. But this time she has actually managed to get away. Wounded while escaping she comes to, only to find that she's now in another MC's clubhouse. They don't seem like Trick they haven't hurt her yet. But she's wary. Sonya despite her misgivings finds herself drawn to Jagger.

I'm a big fan of MC stories, but not all of them are as good as this. I loved this one it ticks all of my boxes. Jagger is all growly and possessive while Sonya despite how she's been abused for years has managed to stay strong. The other members of the Grizzlies are introduced and there are more books to come featuring them. This is a hot and sexy read, but it's also edgy as well with jealousy and drama thrown in alongside the romance.

I look forward to the next book due out in April.

The entire club are a bunch of whores. So expect a lot of sex. There is a club whore who thinks she should be Jagger's old lad

V.J. Chambers says

DNF.

This book should have been good, but it was really poorly edited. Also the author keeps referring to the men as "males." Is this some MC lingo? Like, "He was tired and the male couldn't keep his eyes open." ????
AWKWARD. Why not just say "the man"? By the time we got into some weird business about the MC club making deals and blah blah blah and the H and the h hadn't even met yet, I was like, "Okay... there's bad editing, this 'males' thing is driving me nuts, and the plot still hasn't showed up. I'm out."

Maybe it gets better later. I'm not patient.

Denisa says

Better than I expected.

I read this one because it was there.
Frankly, I expected a pretty bad book and maybe an even worse plot (cm'on, a Shifter MC? really?). But surprisingly, it wasn't like that at all.

Don't go all hopeful there, though.

It's nothing extraordinary by any means, but it might actually be worth the read.

Entediante, mas até que dar pra engolir. o.O

É... bem contraditório, eu sei!

Mas vamos aos fatos, até os 25/30% do livro achei um porre, estava quase abandonando, mas queria saber o que iria acontecer aonde todos aqueles rolos iriam desenrolar fora que eu queria saber como os protagonistas iriam se conhecer. Haja enrolação pra esses dois se conhecerem, gzuís...

Porém, a história foi ficando um tiquinho (tiquinho de nada boa), mas ainda não estava indo (aquele tchã, sabe?!), a autora tinha uma puta estória legal pra trabalhar, mas ela só dava leves pinceladas nas coisas e estava me irritando demais com isso. Fora que ficou num lenga lenga do caramba na parte do acasalamento.

Enfim, mas não sei qual a mandinga que essa autora coloca nos livros dela que vc fica presa até chegar a última página (que merda!).

Se recomendo?! Olha... se tu quer algo diferente com shifters e MC's, tenta. Mas é por sua conta e risco, ok?!

Nota: 2.

The storyline and the writing style were pretty good but I hated the female character, Sonya and she is the reason for the low rating.

?Tonya? says

If you can get past the initial few pages of the hero having descriptive sex with a club whore, then a lap dance from another club whore, Jagger pulls it off in the end.

Jagger is a bad ass MC president who deals in all the seedy dealings of a MC club. He has sex when he wants, with whoever he wants yet he is starting to feel he wants more than banging random women.

Sonya was kidnapped by a rival gang and has been being held by their club president for his pleasure. She finally has her chance to escape and runs right into the arms of Jagger.

--gritty bad ass biker bear shifter

--strong heroine who had been kidnapped and kept as a rival MC gang sexual play thing

--descriptive sex with ow, but he is never with anyone else after he meets the heroine

--hero pushes heroine away initially

--HFN ending with NO EPILOGUE

--rough secondary characters who have plenty of sex scenes (I'm sure they are future "heroes" of this series)

I am well aware that MC stories can be darker and grittier. Most have club whores and questionable

behavior. Some aren't as gritty as others. Not all MC stories highlight that storyline as much as others do. That being said, if you are turned off by the club whose storyline being a strong one, this might not be for you.

B.E.Love says

It's no secret I love shifter books a hard one is not easy to find but when you do they are amazing the men are possessive and strong and love their woman to no end. And it's very obvious I love biker books but again for me a great MC book isn't always easy to find because many of them have aspects in them that I can't get past, and enjoy the book and believe in the hell. So when I saw this book I was both intrigued and scared. I have read many books by Jenkia Snow before and I liked them but to put two ideas together that would normally be so strong and story consuming I wasn't sure if this would work and not come off cheesy or one idea (shoot maybe even both) would get pushed to the back. That was defiantly not the case.

Jagger is the president of the grizzly MC and he has many plans for his chapter, get them out of anything that puts them in line with the police, get a better system for money, keep everyone safe. He loves his life and his brothers but has grown tired of the club's woman, they aren't enough for him but he also isn't sure if he can see himself with an old lady and mate. When new career prospects bring his club in contact with a rival everything quickly turns south and at the end of it all he sees Sonya.

Sonya had a loving family till Trick killed her only family and kidnapped her. Now seven years later and several escape attempts Sonya lives with the wolverine MC and their sick president Trick has claimed her. But Sonya knows that she won't stop trying to break free. When a rival MC comes Sonya knows there will be trouble and as she watches plotting her escape the rival's president catches her eye. There's a pull she feels for him she can't explain, and when a fight breaks out Sonya knows this will be her chance to get free but in the process is hurt.

When Jagger sees that Sonya is hurt he knows he has no choice but to help her. His human and grizzly side can't leave her. When Sonya wakes at Jagger's compound and shares her story Jagger promises her safety. The more time Sonya spends with the Grizzly's she sees they are nothing like the wolverine MC and the pull she feels toward Jagger grows stronger. Jagger can't get Sonya out of his mind and he soon begins to realize that his feelings for her are much deeper than he imagined, as he and his grizzly begin to agree that Sonya is his mate someone in the MC has a big problem with the two of them being together, and Trick wants Sonya back no matter what the cost.

I really liked this book Ms. Snow did a great job incorporating these two huge ideas into one story that worked really well. I never felt like the Grizzly shifter side overshadowed the MC part of this book and vice versa. I wish the book had been longer and I did feel like the book took a little bit to start especially considering the length, but I never felt like anything from the story was missing and I really connected with both Jagger and Sonya. Jagger was a great hero, he had all of the great aspects of both a shifter and an MC to make him one great hero, and Sonya was a smart strong heroine. Even though she had been through a lot she was a fighter. I was sure there was one part in his book where Sonya was going to do the typical TSTL move many heroines make and I was so happy she used her brains. I highly recommend this book to anyone who like me has a soft spot for bikers and shifters.

To be honest I was a little disappointed with only one rimming and anal scene. I mean there was a warning.....so my inner slut was excited. Only happened once...just saying. I mean if I'm warned before I read the book....bring it...just sayin ;)

Vallsykes says

The kind of book that seems to be given all the exciting elements, but has not depth to be considered seriously. Given the circumstances of the world these characters live in (one where shifters are known to the human race and everyone lives together under certain laws, even the outlaw one-percenters, you'd think the author would try a hand at world building and giving the characters motivation beyond animalistic need, mating and the ole' "you're mine now" spiel.

Alright smut, though:)
LMAO

Emily says

Sonya White just wants an out. After being kidnapped and under Trick's thumb since she was fifteen she has had to deal with every horrific moment you could possibly think of, she has prevailed though not letting him break her. When Tallin "Jagger" Landon arrives that the Wolverines MC to talk about a deal, it ends up in a fight with the leader Trick, he does come away with a surprising bundle though, a young woman looking for an escape.

Jagger, the President of the Grizzly MC, never thought he would want an old lady. Something about Sonya though tells him he has found one. Conflicted with want and trying to let Sonya go, he knows she deserves to have a different life, Jagger tries to stay away. Sonya understands Jagger's reasoning but something about him tells her she is right where she needs to be. With Trick still on the loose trying to get her back can they continue to resist each other.

Exciting first book in series. This was gritty and had a couple of surprises that enhanced the story. I liked Jagger, he is not a soft man but he is so sweet to Sonya knowing she has had a horrid life so far. He wants the best for her and goes about making it happen. Sonya is a warrior, she could have easily broken and did not. Another excellent book by Jenika Snow.
