A Cowboy's Christmas Reunion Sasha Summers , Laura Marie Altom

A HAPPY REUNION?

Way back when, Hunter Boone thought he and Josie Stephens had something that would last forever. Then she got her ticket out of town and took off—alone. The hurt nearly tore him apart. By the time Josie realized she'd made a mistake, Hunter had already married.

Now Josie's back in Stonewall Crossing, and while instant fire flares between them, she can't come between the now single dad and his son. As the whole town gets ready for Christmas, Josie finds it hard to avoid Hunter. No matter how much he tempts her with the promise of a future together, she has to tell herself—for her own survival—that relationships just aren't her thing...

Susan says

Good reunion and second chance story. Josie has come back to Stonewall Crossing to help her father in the bakery while he recovers from hip surgery. She had left the town and the boy she loved behind in order to follow her dream of becoming an artist. By the time she admitted to herself that she missed Hunter and had made a mistake, he had married someone else.

Hunter had been devastated when Josie left, and had married someone else on the rebound. That marriage didn't work out, but he has an eleven year old son who means the world to him. Now that she's back, he realizes that his feelings for her never died, and he would do anything for another chance with her.

I loved Hunter's determination to show her that they can be happy together. There are a couple of big obstacles to his plans. First is the fact that Josie doesn't seem to believe that they have any chance of that future that he wants. The second is that his son appears to hate Josie with a passion. I loved seeing Hunter do everything he could to show Josie how much he still loved her, including some very romantic moments. I also liked that he wasn't going to let his kid dictate his love life. He wasn't mean about it, but he was firm that although his son was important to him, so was Josie.

Josie has some baggage that she came home with. Her career as a children's author and illustrator has stalled somewhat, and her last relationship fell apart because she couldn't commit. She believes that she is bad at relationships, and is using that to try to keep Hunter at arm's length. She also doesn't want to come between Hunter and his son, as that would make her feel even worse.

I really liked the way that Hunter's persistence seemed to be showing progress. After a rough beginning, when Josie didn't know about his divorce, things began to look better. Josie was actually considering moving back to Stonewall Crossing and seeing what might happen between them. But when Hunter's ex comes back to town, she stirs up some trouble that creates a wedge that may separate them forever.

I can safely say that I really didn't like Hunter's ex. She was selfish and careless and I hated the way that she treated and used their son. I also thought there were several places that his son needed his attitude adjusted in a big way. What he did at the end, at the instigation of his mother, was really wrong. I was glad to see that he came clean before it was too late.

I mostly liked Josie, but she had her moments when she really needed to have more faith in what she and Hunter had together. I did like that she didn't want to ruin the relationship that he and his son had, but wished that she had stood up for herself a little better.

I enjoyed the setting of Stonewall Crossing and I am looking forward to seeing more of it in future books. I also like the secondary romance between Josie's dad and Lola, It's always fun to see a "senior" romance develop.

Chantale Canadian Book Addict says

Years ago I used to read these Harlequin books a lot but I don't read them often anymore.

I read this book in one sitting and I did quite enjoy it. It is very well written and kept me reading.

I give this 5 out of 5

Jessica Figueroa says

Josie is back to her hometown to help out her father. All though her life she went though seeing her mother go in out out of relationships like its going out of style leaving her with relationship issues. At least she had her loving father around. The problem is now that shes back she has to deal with seeing a man she loved and knowing he had a wife and kid. Its pretty obvious that the flames that they once had is flaring up. After learning how relationships are by her mother Josie doesn't think she can handle trying to get close to him again.

First off not much of a holiday book. It could've been placed at anytime at all and wouldn't have changed the book. I thought that there would be more holiday stuff going on being that it says christmas in the title. I'm searching out for more holiday books to recommend while the holiday books are out which is the only reason that I'm pointing this out. Other then that this is your basic second chances book, with a bit of drama and steam going on. I wished that there was more to the book then just what happened so I'm going to rate this book 3 stars. The storyline was interesting, this book was well written but I wished that there was more to this book. I feel like I've read many story's likes this and wanted more from it to make it unique. Overall it was a nice story and I did enjoy it.

Joni says

I can see why this book was a #1 Amazon bestseller in its category for over a month.

This story was ripe with sexual tension right off the bat. The author flawlessly carried Josie and Hunter from hot, on-the-surface sexual tension into a soul-deep love that proved they were meant to be. The small town setting was so much fun - I want to move to Stonewall Crossing. :) And with a secondary cast of hunky, Boone brothers, she's got more stories on the way. Yay! I can't wait!

SuperWendy says

I gave up on this one around the 50% mark. I didn't like any of these people. There's a stereotypical Evil Slutty Ex (this trope needs to die already), a kid who listens to his Mom (Evil Slutty Ex) even though his father (the hero) is darn near Father of the Year and a heroine who got all butt-hurt that the hero "cheated on her" in college even though she left town without a backward glance and basically stopped communicating with him. There's a bunch of small town shenanigans and naturally the hero has several hunky brothers to serve as Series Bait - but I didn't care. Moving on.

Harlequin Books says

Miniseries: The Boones of Texas

Kiersten C says

"A Cowboy's Christmas Reunion" by Sasha Summers was a very good book and the story line was non predictable. This was a romance novel with just enough romance. There wasn't too much romance that you got bored with it. What little there was, was not expected.

Jolene says

The book had me hooked with the first line. I love a reunion story with a second chance to get it right. And they get it right. The story is grounded in reality and I felt as if I was on the ranch and sitting in the bakery watching the story unfold. The secondary stories were just as fun to watch unfold. Looking forward to see more of the brothers.

Books and Spoons says

A heartbreaking and touching story about second chances, and forgiveness.

The connection between Hunter and Josie is so strong, unique, and vigorous, that even after eleven years, it is tangible in the air when they meet.

But as palpable the connection is, so is the hurt and pain of their past. There's a lot of things that never were talked about, feelings and emotions that were not discussed openly, there was hurt feelings on both sides, and the consequences that were permanent.

And Hunter and Jo might be able to have a better chance in love again, if Hunter's son, Eli didn't dislike Jo so deeply. Eli's mother, Amy, truly the perfect villain with her manipulative, lying, story telling, and stealing ways, has fed the young mind all his life, lies about Josie. And since Josie and Eli has something in common, very similar type of mothers, it is easy for her to understand Eli's behavior.

The love, passion and desire between Hunter and Josie is real, deep, and raw. They promise not to give up without a fight this time, like they did when they were young. But they didn't take into a consideration, that not everyone was willing to tell the truth, even on Christmas.

I admired that Hunter, despite everything that Amy did, and had done, didn't bad mouth her to Eli. He still respected her as his mother. The relationship between Eli and Hunter is on the first true trial, with Josie back in Hunter's life.

This is an emotional story, with lots of deep feelings. Grace, compassion and forgiveness is in abundance, as true love finds its match again. Get your tissues ready, there might be some tears..

Debbie says

A great second chance book. Interesting characters, good story line. Who doesn't love a reunion story done

well?

Samantha Blevins says

Wonderful book about a second chance at love.
