Rennillia 2 M. Sembera , Lucii Grubb (Editor)

Set in a small southern town, death, love, hurt, friendship and anger bond Rennillia Cantinelli, Scott Herterand, Emerson Roberts and Jackson Thomas while shaping the paths they will follow into adulthood.

After a six year separation from her friends, Ren returns to the Roberts' house to start over.

Caught between love, loyalty, friendship and restrained by obligations, these four discover the bond they formed long ago is not the only thing holding them together.

Rennillia 2:

Ren begrudgingly takes on the role of 'the right wife' trying to live up to everything she feels is expected of her. Focusing on the only relationship that should matter, when Emerson crosses a line in their friendship, she has no choice but to let him go.

Confused by Emerson's actions and desperately trying to keep up appearances, she confides in Jackson. Less than sympathetic, Jackson doesn't agree with her decision to be a 'new and improved' Rennillia.

She soon realizes, no matter how hard she tries to live up to everyone's expectations for her, she falls short. And when yet another tragedy occurs, things will never be the same.

Caught between who she is and who she is supposed to be, Ren faces a harsh heartbreaking reality.

Struggling with doubt, Ren finds it hard to forgive. Conflicted and hurt, she searches for a way to get her life back on track.

But when she comes face to face with the person responsible for her parent's death, a life changing secret is revealed and Ren finds herself questioning the decisions she has made.

The truth is simple. It's what comes after that makes things complicated.

From Reader Review Rennillia 2 for online ebook

Gloria says

I received an ARC in exchange for an honest review. Omg I loved the first one so much but this one was even better, such angst. I felt like screaming at different points and yelling. I can't even tell you, just know this is a must read for anyone who loves the angst. It kept me on my toes for sure. I felt like a see saw at times with Hert and Rennillia but it was all worth it. I am super excited for the next book.

M. Sembera says

Book IV in The Series takes Ren from confusion to clarity as she reevaluates her priorities and discovers there is only one person she can truly trust.

The Rennillia Series: The story begins with Rennillia escaping an abusive relationship. Finding refuge with old friends, she tries to put her past behind her, only to find it impossible. Once her reason for leaving is revealed they are thrust into a chain of events where secrets are kept, revealed, and unknown.

Sophie Koufes says

This is the second novel in this amazing series. This one starts where book one left off where Ren takes on the role of 'the right wife' trying to live up to everything she feels is expected of her. This novel is extremely masterly written and developed with no plot-holes. The character's are complex with real emotions and flaws. The pace of the novel is perfect as many layers of secrets are revealed in a timely manner. This book is very intriguing & suspenseful. I can't wait to read the next book in this amazing series. I highly recommend reading this series as you will not be disappointed. I was given a free copy in exchange for a honest review.

Denise Toups says

This book was amazing. Rennillia tries to be the perfect wife for Hurt. But not everything is perfect. This book has some much mystery. I was hooked, I had to keep reading to solve all the mysteries. This is definitely 5 star read.

Kasey says

I truly loved this book!!!!!! The characters are so aggravating but I'm SO hooked!!!!!! Can not wait for the next one!!!!!!

Kewwy says

Thought I'd read this book first because I checked it out and not one person made a review yet. So, I'll try writing one. I have no idea what to say but I am going to let whatever words come to mind and write it.

4 stars!! Loved the book not much action but still I liked reading it. I never read a book that's like this. The characters, the story line and all that. I am still stuck reading ya books and all that lol. This one seems more "adult" but still I liked it. To be honest I haven't even read the first books and this is the third one I think. I would like to read those first books because I always found myself wondering what happened before book 3. But now I am curious to know what happens in book 4 too.

Oh, how I wish they would get back together in book 4 or if there's a mystery to it all. It seems like there's something wrong like all the time but Renni has no idea what it could be. Like she asks him questions, notices that he looks very well dressed, meaning "extra nice", and all that. But he always says everything went great. Like simple answers but I think what she wants is a good talk from her husband like him talking about how his day was or telling her more details about his job. Anything to make her feel normal at least. Maybe it's just me but that's what I think.

Jane Elizabeth says

I had no choice! I could not stop to even write my reviews until I was finished reading each of the booms in this series! I was surviving on 3 and 4 hours of sleep and working 10 hour days due to the fact I was so into the stories and lives of all the characters...Rennillia, Hert, Jackson ,and Emerson. Then the stories continue on in The Marked Heart Series, and I was truly in deep...lol

The Rennillia stories are all well written and follow the lives of the main characters from their teens through adult years. Each story is a continuation of the one before. The books are long fulfilling reads, not the normal short series books, so be ready to take time out for each book. The only other thing I can say...read them...and do it in the proper order...lol

Paula Genereau says

I love Ren. I don't care much for Hert. He's evil as far as I'm concerned. Pure evil.

Marie says

I was curious after reading the description of A Turning Point so I decided to enter the first-reads giveaway and to my surprise I was a winner! Interested in reading this book.

Mistee Lemaster says

I love this series!!!! I can not wait to read part 3 and see where this little love ends up. I love Ren and I love Jacks. I am in love/hate with Hert and Em. Def. worth 5 stars

Tiffany says

This was a great book. There was so much emotion poured into the pages. It had me, as the reader, on an emotional rollercoaster as well. I couldn't tear myself away from it.

I received a copy from the author in exchange for my honest review.

Sonya Ray says

I received this book in exchange for an honest review.

Ren is trying very hard to be the perfect wife to Hert. She comes to realize his position is important to him and maybe being the supportive wife will make him happy. Much is expected from her in the social scene as she tries to fit in a crowd that she completely does not connect with, and she is having more trouble connecting with her husband who is rarely home. She decides this will be her life and she will support him.

Her friendship with Emerson hits a big snag when he makes a pass at her. Infuriated by this, she makes him move out of the house. Without Hert ever being home, she feels that it is not appropriate for Em to be there with her any longer. Emerson runs off and this creates a problem for Hert. Him and the company lawyer leave to find him leaving Ren alone once more. But Hert has asked Jackson to stay at the house while he is gone due to Ren's ex, and in case Emerson should come back to the house.

Ren and Jackson are very comfortable with one another and she finds her life peaceful without worrying about all the secrets that surround her life and marriage with Hert. It is discovered that Hert will not be home for the social ball of the season, and Hert recommends that Jacks take Ren. The two have fun planning for this event, but she wants her marriage to work, and she looks forward to Hert's calls and hopes to be able to see him on their one year anniversary.

Hert does make arrangements for Ren to meet him at a hotel the evening of their anniversary hoping to rekindle her husband's desires for her and their marriage enough for him to want to come home. Unfortunately Hert cannot say the words to Ren that she longs to hear, and he hasn't been able to for a while. He makes it clear what he wants from Ren.

I'm anxious to see what Ren will do next. Ren knows secrets on Emerson and is actually trying to protect him at this point. Jackson has feelings for Ren, but trying to remain the respectful friend. And there is the question about the tattoo that he is very secretive about. Will Hert fight for Ren, or does it matter anymore?

Another well written book by Sembera.

Kai says

A Simple Truth is very intriguing story. At the beginning of this book, Renilla's (Ren) is dealing with the separation of her marriage. She is trying to cope with it until her husband Hert got into a car accident. Her best friend Jackson came with the news of her husband. On her husband's instruction, Jackson stayed with

her.

Since I haven't read the first three books, Ren's story sounds like she lives in a mafia environment. The HIM/HE is a mystery. The readers will only know that HIM is Mr. Salvador's nephew. Of course, Ren's life just gets more complicated as she learned the real reason that her husband Hert married her. There was a question of who is Sophie's father. The readers will get some indication that she belongs to HIM. Now Hert and Jackson have to protect Ren and Sophie except Ren now want to handle the situation.

My recommendation is to read the first three books which I will do to catch up with what has transpired leading to A Simple Truth. As Jackson said Ren has no boundary or even acknowledge another person's personal spaces. It makes me wondered that this is probably the reason why she gets into these situation.

Kathryn Synoracki says

Loving this series! Great story! Highly recommend!

Kasey says

I think this was my favorite one so far. I believe this one had more meat on the bone, or I finally felt like I knew the characters enough to care more...? I gave 3 stars to each of these but seeing as I've read them all as 1, I would add an extra for the whole of them.
