Beautiful!

I'm not sure how Kitty French managed to fit so much love, lust and longing into such a tiny little book. Emotional. Eloquent. Erotic. I loved it!

I was so happy to get another little taste of Sophie & LUCIEN ... I just wish it was longer ... one (mostly naked) day in the life, just doesn't seem like quite enough. But, the story that we do get is wonderful!

This could technically be read as a standalone ... but then you would miss out on all the amazing relationship building and backstory. I recommend reading the full series (probably back to back).

This novella was a complete surprise to me. I saw it flash up on the feed and two second later it was on my kindle. Lucien and Sophie are one of my favorite couples and one of the early books I discovered after reading FSOG. Getting another chance to spend a few pages with them was so worth it!

Lucien has swept Sophie away to his family cabin to spend Christmas. A place that he's allowed her to make it her own, but still holds so many memories he's kept buried. As Sophie gives him the only present he needs (Her. Naked.), she gives him so much more.

Although these two partake in quite a bit of steamy sex, there was such depth to the story. I loved that rather than just pages filled with sexy-time, we got a fantastic look into Lucien, into his vulnerability that he shoved down – that same thing we all fell in love with him for in the first place.

Thank you, Kitty for giving the readers more!

4 God Jul Stars

Oh how I missed this sexy as hell Viking! *"I'll be your filthy dirty Christmas angel, Lucien."* Kitty French definitely knows how deliver a giant panty melting story in just a few short pages. In this novella, Lucien whisks Sophie away for the holidays to the Norwegian cottage he grew up in. He declares that all he wants

for Christmas is for Sophie to be naked for twenty-four hours. Now if you've met Lucien Knight then you already know there's no way to say no to this sex God. Besides, who would want to.

So we get to not only enjoy some toasty hot sex by the fireplace, a trip down memory lane for Lucien and an adorable little husky named Heathcliff.

***Happy Sophie. I feel happy. Part of a family again.
Our family. You, me, and that damn cute bloody dog.***

Lucien Knight and his Sophie have been together for one year now.
(This novella takes place between books #2 + #3)
Time for a holiday novella!!

We're in Lucien's family's rustic cabin in Norway.

Lots of sad and happy memories for our darling Lucien....

Sophie doesn't know what to give Lucien for Christmas - what do you get a guy who has everything, or can buy anything he wants?
But Lucien knows what he wants for Christmas.

And it wouldn't be our Lucien, if his wish wasn't extremely sexy! ???

THAT'S ALL I'M TELLING YOU ABOUT THE STORY ?I DON'T WANT TO SPOIL
YOUR HOLIDAY SURPRISE!!!

????????????????????????????????

I REALLY LOVED THIS NOVELLA!

I LOVE the holidays, and what can be better than a holiday novella from one of our most favorite book-couples???

This one was sooo adorable and so amazingly erotic!!!! Phew!

Thank God it's set in snowy Norway - it gets scorchingly hot in that little cabin!!!! ?

Kitty French promised a very smutty Christmas read and on that account she delivered! You won't need any central heating whilst reading this one! Wowsers!!! You'll need to sit by a fan!

Sophie and Lucien are a very sexual couple and in this book, which can be read as a standalone but ideally should be read between books two and three, was indeed a treat for us who have missed the luscious Lucien and his love, Sophie.

We love our Christmas and spending time with Sophie and Lucien in Lucien's cabin in Norway, Kitty really sets the Christmas feel for us and made us want to pack our bags and spend the holidays there! Well...as long as we can spend them in front of the fire with Lucien that is *wink, wink.*

There are plenty of heated times between this extremely passionate and erotic couple, lots of reminiscing and fun between in between. What we wouldn't give to find that hot Viking god under our Christmas tree in a couple of weeks!

When Kitty French announced we'd be getting another dose of the gorgeous Lucien Knight, I was over the moon. And the icing on the cake was that it was going to be a festive novella set in the viking's home country of Norway... in a log cabin ... in a snow storm ... on Christmas eve!!! It really couldn't get much better if Kitty French tried!!!

"Tell me you'll be my filthy dirty naked Christmas angel," he persisted. She swallowed and nodded, wide eyed and wanting. "I will."

Well, what can I say other than I absolutely adored this story. It was sweet, swoon worthingly romantic and as hot as hot can get in terms of those sex scenes... holy moly this couple really did pull out all the stops when it came to ensuring they had a kink filled Christmas eve. But this little snippet in the couple's lives wasn't just about the hanky panky. There was a sentimental, nostalgic side too that saw Lucien reminisce about his childhood and in particular his mother and it was those scenes that really tugged at the heart strings and left me feeling both saddened but equally hopeful that our viking would be able to move on from his past.

All in all a wonderful festive addition to the "Knight Series" that has really made me want to go to Norway and stay in a log cabin in the middle of nowhere!!!

"Knight and Sleigh" gets ♥?♥?♥?♥?

This story will definitely go down as one of the guilty pleasures I indulged in for Christmas, and it was calorie free! Lucien & Sophie are alone at his family cabin in Norway celebrating Christmas together. We all

know virile and sexy Lucien is and he loves to push Sophie's sexual boundaries, delivering her a whole heap of pleasure in return.

Lucien is a master at making Sophie feel beautiful and sexy, which in turn makes her feel more confident and comfortable about her body. He brings out the beauty in her with his words and his touch. It's more than that though, he now has his own family - with her. Together they are their own family. It is something he has been missing for so long.

The cabin they are staying in has been in Lucien's family for generations and there are some not so good memories associated with it. Sophie sets about creating some new one's with Lucien, moments they will remember for years to come. They are not erasing the past, just forging their own future together. You will be very happy to know that Lucien is in fine kinky form with his beautiful Sophie and despite the fact that they are in a cabin, in the middle of a snow storm, things get very hot!

Nice enough read. Bit short. Didn't grab me as much as the other books in the series did.

Lucien, still as sexy as fuck.

Knight & Sleigh, by the incredible Kitty French, is a sweet, sentimental, and scorching story that wraps you in warmth and nestles you in nostalgia, basking you in the glow of the holiday season. A peek into the life of Lucien Knight and his bride, Sophie, is the perfect present. The Knight & Sleigh story elicits a hunger from the sizzling sex, happiness from the trip down Knight lane, and jitters from a captivating couple who is nearly carved for one another. Knight & Sleigh feels like coming home.

It's been over a year since I last spent time with the tall, muscular, blond, Viking, Lucien Knight, and his now wife, beautiful and blonde, Sophie, in the Knight & Play series, and I've missed them. Knight & Sleigh transported me to Lover's Land, a Nordic Nirvana, where a devastatingly hot Nordic king and his beautiful queen immediately began steaming up my e-reader. I did not think another story about the naughty Knight could get any hotter than the original Knight trilogy---oh was I wrong. My e-reader was steaming and I was heated while reading this terrific and tantalizing tale of a favorite couple keeping the marriage sizzling hot.

"I know, Princess, I know. You want me to finger you harder, to open you wide and slide my thumb over your clit, or lick it, suck on it until you come in my mouth."

Holy hotness! Knight & Sleigh makes you blush brighter than Santa's suit, as the dirty and delicious words grasp your body, lighting it up on fire.

"He was Lucien Knight, and here he was kissing her in the most intimate, pleasurable way on Christmas Eve. Ninety nine point nine percent of women would have willingly capitulated under the same circumstances."

Lucien pushes Sophie's boundaries in every way, making her see stars during steamy sex and reach for the stars by giving her the confidence she needs to tackle the world. Her kind, gentle, and patient nature is the perfect balance for his intensity and zeal.

"Sex with Lucien was more powerful than a lightning storm, all-encompassing and drenching, a world where there was only him, and her, and a love so bright it made the sun jealous."

Not only is Lucien the perfect lover, he worships Sophie, cherishing her like precious gold. The big Nord god treats Sophie as a goddess, pampering her, soothing her, and loving her with everything that he is and everything that he has. Knight & Sleigh reveals Lucien's many layers beneath the hot Viking sex god that show just how soft, sentimental, and sensitive the big Thor-like man can be. Swoon!

"He had the biggest of hearts and the truest love."

Knight & Sleigh is one holy hot ride of a read that will light your body and e-reader on fire, but also is a beautiful and brilliant book about compassion, true love, and selfless devotion. It sparks heat while the holiday spirit shines bright, resonating that the little things: the memories made with your loved ones are what matter most, and truly magical.

It was great to see my horny Viking warrior again and in a remote log cabin done up designer style too. This felt more like the start of a new, longer story than a short standalone as nothing really happened but what it lacked in plot it gave back in plentiful smut. Noice read.
