Gage

Jenika Snow

Gage Jenika Snow

Gage Mack: former SEAL and trained killer. He's been contracted to find Neeka, the missing daughter of one of the wealthiest men in the country. It was supposed to be a search and rescue mission, but what Gage doesn't expect to find is an entire underground operation with chemically and genetically modified soldiers.

When Gage rescues Neeka, the attraction she feels is instant. But he's dangerous and has no problem killing right in front of her. As they fight to survive, and escape the twisted prison she's been trapped in, Neeka realizes her kidnapper has other plans for her.

Can she escape the clutches of a madman wanting to use her as a reproduction vessel for his twisted plans? Can she keep her emotions for Gage locked down during all the chaos? Does she even want to fight?

This is a previously published work. It has been revised and edited for Evernight Publishing.

Amy Miller says

I did enjoy this story. Gage is an amazing character that although he has to be ruthless in his job he is still deep down a good man. Neeka is a sweet yet feisty at times. I liked how the story was interesting yet still a little mysterious. I'm still not sure what Neeka really is and why she is so special. I'm hoping that since this is a start to a new series I will learn more about her and the people she has effected.

France says

Normally i love Jennika but not in this one. Right now i just fell curious about the story ff Adaym.

Sara says

My rating is 2.5 stars as for me it was just too predictable and it felt like it was just going through the steps of the story without much feel for the characters.

Flavs is Mrs David Gandy♥~♥' says

Renee says

There should have been more to this story, I have unanswered questions. I'm hoping there is a sequel on the way....

Jeneane says

This book was a little outside my comfort zone but Jenika Snow still manages to intrigue me. I'm not usually a fan of scifi. Neeka has been kidnapped and she has no idea why. The kidnappers keep drugging her and taking her blood. Gage is a contract killer and tracker. He's been hired to find Neeka. No one knows who has her but Gage is one of the best in his field. Gage is intrigued by Neeka but she's a job. Once these two meet the sparks really fly. Gage is a dark scary man but Neeka manages to bring out something good in him. Man Gage is so yummy even if he can't control his killer instinct. Do Neeka and Gage have a chance or will the kidnappers kill them both? Read it if you love scifi which I'm not going to disclose what makes it that way. If you don't like scifi but love a hot sexy dangerous hero then Gage is a great read. Plenty of action that will keep you on the edge of your seat and lots of passion that keeps your panties wet.

Sheryl says

2.5 stars

Arkady_jo says

This was a lot more developed than most Jenika Snow books, but it did feel like two different books. The first half was more mystery/suspense, and then it turned into a bit of a fuck-fest (which isn't necessarily a bad thing, it just jarred with the first part). Liked it enough to follow the series.

Victoria says

3.5... I'm glad Adaym came back but not a big fan of cliffhangers unless the next book is already out to read... lol. The fact, that this book has a series title of Contract Killers #1, hopefully means that their story isn't over just yet ;)

Sherly says

I NEED THE SECOND BOOK!!! LIKE.... NOW!!

CoffeeTimeRomance andMore says

Ms. Snow is a talented writer which no review could give full accolades to because there are no words. Her writing draws the reader in and throws them into the middle of the action. Toss in a whole lot of erotic feelings and a fire is started. The reader is unable to put the book down and yearns for the love found between the pages of her outstanding stories. I always look forward to the next gem offered from the world of Ms. Snow.

Melissa Murray Quintanilla says

I really didn't know what I was getting going in, I'm not one to usually read this type of book. I'm so glad I read it. Gage is a trained killer that was hired to find the daughter of a wealthy man. In his mission he discovered a underground operation. When Neeka was kidnapped, her kidnapper was planning on using her

as a reproduction. Can Gage bring Neeka back to her father? Will Neeka and Gage's relationship become more than a rescue mission? I can't wait for the other books in the series!!

Eva Millien says

Gage Mack has been contracted for a search and rescue mission but it quickly becomes far more complicated by what he finds and by the instant attraction he feels for his client's daughter in this exciting paranormal romance. The story has lots of interesting elements and a fascinating idea and I was certainly caught up in it and looking forward to the next one but I can't help but feel that this quick story would be better if it played out a bit more.

Shaly says

Very intriguing start to a new series. I enjoyed it very much. The chemistry between Neeka and Gage was ultra explosive, it was like steam coming off the pages! The story itself was very interesting and definitely a page turner, I'm very curious to know what will happen next..totally looking forward to it!

Confessions_of_a_Serial_Reader says

In Gage we meet Gage and Neeka. He's an ex-military contract killer and she is a kidnapping victim he is sent to retrieve back to her father. What was suppose to be an easy in and out job turns to be anything but when he sees Neeka.....and where shes been held. The person that holds her captive has no intention on letting Neeka go under any circumstance.

When Gage gets her back home he reluctantly leaves her side. He knows hes no good for her. He's a cold blooded killer that doesn't deserve her love. What happens when the evil that took her comes back? Can Gage risk the chance of letting her love go again?

This is my confession: Gage is a remastered previous release that has been made better than its originally good story.
