King Grey has unrivaled strength, wealth, and prestige in world governed through martial ability. However, solitude lingers closely behind those with great power. Beneath the glamorous exterior of a powerful king lurks the shell of man, devoid of purpose and will.

Reincarnated into a new world filled with magic and monsters, the king has a second chance to relive his life. Correcting the mistakes of his past will not be his only challenge, however. Underneath the peace and prosperity of the new world is an undercurrent threatening to destroy everything he has worked for, questioning his role and reason for being born again.

Amanda Kern says

Ahhh

This book is good. I can't wait till the next one. The ending made me tear up. A slew of new characters were introduced. We don't really know that much about them yet.

Josh says

This series just keeps getting better. In this book we begin to gain a better understanding of the forces that Arthur is up against. I'm really enjoying the continued character development of the main cast.

Stephen says

Good but not great

The books tone changes very much compared to the previous two. We get a magic high school story that ends too quickly and doesn't seem to have good pacing. If you've read the other books it's worth but I guess.

Eric Warren says

Things are happening

Story is moving a bit slow but it is worth it. Very good and easy to read continuation of the story that's the right amount of cliché.

Randy Thompson says

As always it was amazing

I have read every book written by turtle me and I never get tired of reading them I can't wait for the fourth book

Jonathan Wilson says

4.25 Stars

Joey says

Did I really just finish this?

It took me three hours to read this, and that was after promising myself I'd only read the first two chapters. THAT is how much a page turned this is, and I mean that about the entire series so far.

Christian Jeffress says

Fantastic

Definitely another fantastic read and A roller coaster of an emotional ride. Very much looking forward to reading book four.

Iori says

I graded it Three star, because the start of the series was good. BUT, a big but the story in this books devolved in a cheap rip off of mahouka koukou no rettousei, Gakuen Toshi Asterisk and Freezing, the anime the author took inspiration from. Seriously I understand that he want to send some winks to what he like, but being an author is also taking the works of other and making it your own. Doing something unique is best when you write a novel so xianxia in its setting.

I'll keep reading because I like Sylvie and Tessia, though.

Katie R says

Yay!!!

There is finally some romance in here!!! I knew something was leading up to it, but the fact it took 3 books was frustrating, but... I'm satisfied!!! On to book #4

Mrgana Wyze says

Great writing

This series has it all . Realistic characters (something I doubted in the first 2 books) great action and actual editing. Really worth reading.
