P.I.T.A. Brooke Blaine

As one of the most prestigious wedding coordinators in Los Angeles, Paige Iris Traynor-Ashcroft is known for being classy, elegant, and the orchestrator of many happily-ever-afters.

But in the words of Paige herself: “What a crock of shiitake.”

Known affectionately (or not) as P.I.T.A. to those closest to her, she’s never been one to buy into the whole monogamy thing for herself. Sure, her BFFs are getting picked off by Cupid one by one, but his arrows have nothing on her semiautomatic.

Richard “Dick” Dawson does his best to live up to his name. A long-time frenemy and manwhore extraordinaire, he thrives on pushing limits, pushing up skirts—and pushing every single one of Paige’s buttons. He’s the itch she can’t scratch, and doesn’t want to. Or does she?

What happens when blazing-hot rage turns to crazy, unexplainable lust? Surely not...love? Because that would just be a total P.I.T.A.

P.I.T.A. is a standalone within a series. All books in the L.A. Liaisons series can be read independently of each other and in mixed order. For maximum reading pleasure, the published order is: LICKED, HOOKER, P.I.T.A.

3.5 Stars

P.I.T.A. is a sassy and sexy frenemies-to-lovers story to add to the always delightful L.A. Liaisons series.

Throughout the series, Paige Iris Traynor-Ashcroft (AKA *pain in the ass*, **P.I.T.A.**) has butted heads with Richard “Dirty Dick” Dawson. Their chemistry has always been palpable, with plenty of playful banter and lots of competitive one-upmanship, it was an explosive coupling just waiting to happen, and finally their story is here.

Paige is a total firecracker, full of personal strength, confidence and an abundance of sass. She grew up rich, with cold and dismissive parents who shared a caustic relationship, which (sadly) led to Paige building up her own walls and closing her mind off from the possibilities of love. Though, as a successful wedding planner you just know there must be more to her career choice than just the interest and talent to throw a good party.

The one man that has always been able to get under Paige’s skin is her childhood friend, Dawson. Paige and Dawson grew up next door neighbours and the best of friends, until new feelings developed and communication went awry, leading to years of disconnect between the two. But when a drunken night in Vegas results in a ~~wanted~~ not wanted marriage, Paige and Dawson get thrown together in a situation Paige never expected to encounter in her life.

I love the characters in this series – particularly the strong and empowering women. Paige was a bit too bull-headed in her determination to keep Dawson at arm’s length, but that was part of the fun and, as a result, led to plenty of hilarious interactions between the newly married pair. Which leads me to my next point: **this series is funny**. Like laugh-out-loud funny. I’m a big fan of romance reads that can get me in my romantic feels while also making me snort with laughter, so this was a win-win.

I really enjoyed this addition to the series. I love the bonds of friendship Raleigh, Shayne, Paige and Quinn share, and it’s safe to say that I’ve adored all their love interests to date. Although, I could have done with more Paige/Dawson page time – that might be pure greed on my part – I did love the Ace Locke cameo (from the spin-off PresLocke series), and the name dropping of Logan Mitchell (from the fabulous Temptation series) and his brother Cole (from the Exquisite series). Overall, the story had a great pace and the writing was (again) fantastic.

I’m so ridiculously keen for mysterious Quinn’s story, it’s not even funny. Three down, one to go!

Sabrina says

Paige is one of the best party planners around and has done many weddings in her line of work. But as much as she loves seeing everything she’s planned come together and watch the happy brides walk down the aisle, she has no desire to do that herself. In her mind marriage is nothing more than a business transaction, and no one can dissuade her of that thinking.

Enter Richard “Dirty Dick” Dawson, her one time best friend and now hated frenemy. He’s the man Paige

can't seem to shake no matter how hard she tries and the one person that can drive her crazy. A stupid mistake now has them forced together when all Paige wants to do is forget he ever existed. At least, that's the lie she tells herself.

Paige and Dick are a couple that will frustrate you in the sweetest way. They constantly fight and bicker but all of their arguments can't hide the bubbling sexual tension that's boiling right under the surface. The two had a pretty long history that you learn most of early on and it makes their story all the more intriguing. What you don't learn until the end just made the ending so much better when you get their whole backstory.

Brooke Blaine perfectly entwined this story full of sexy moments, frustrating sexual tension, and a rom-com so sweet and funny you'll be unable to stop grinning from start to finish. I honestly don't know any other way to describe this book but to say that it was the quintessential romantic comedy. It had the adorable characters you can't help but fall for and the quirky moments that have you laughing along with them.

I am obsessed with this series and group of friends so I can't wait for more from them. Quinn is definitely a captivating character and has me dying for her story so I can finally learn all of her secrets, so I hope we won't have too much longer to wait!

Genre: Romantic Comedy

Brooke Blaine has had me laughing my butt off with this book from beginning to end. On top of this, it is totally sexy and swoon worthy! I mean YUM! For those enjoy hilarious romantic comedy and enemies to lovers romances then I would highly recommend this one! It's a pretty short and lighthearted read but it covers everything in the perfect amount of time. Just be warned, you are bound to laughing very hard while reading so you may want to dive into this in the privacy of your own home. Otherwise, people may be giving you the stink eye...

With that being said, this is the third book in the series but it can be read as a standalone. I would however, recommend reading the entire series because all of the books are very good -- my favorite being Licked--.

P.I.T.A. (L.A. Liaisons #3) by Brooke Blaine

4.5 stars!!

“How the hell was I going to tell the girls?”

Brooke Blaine knows how to write Rom Com, every single book in this series has had me in stitches, with tears of laughter as well as the warm and fluffies that a good romance generates and P.I.T.A is no different.

P.I.T.A. has many meanings, the most common being Pain in The Ass as our heroine is so loving referred to throughout this book, but P.I.T.A is also her initials...her parents must have had insight as to how Paige would turn out. However, Paige is a lovable heroine, she is forthright, has no filter whatsoever, is liable to alcohol induced black outs but underneath her take no prisoners attitude is a woman who is desperate to be loved...by anyone.

“I completely blame all of you for what happened. If you’d been there, you would’ve been the pussy guard and Dawson would’ve fucked off.”

Paige lives for her friends, to her they are her family. Her parents have never been “hands on,” no emotional commitment from them at all, their presence was never there, they were too busy wrapped up in their own lives to consider the repercussions of their actions. Why they had a child is a mystery to me, but the obvious disappointment in their only child being female was the straw that broke the camel’s back and it is because of this that Paige cherishes her friendships so much.

“...if you have nothing that ties you to your past, how do you know you even belong.”

Her first best friend was the boy next door, Richard Dawson. The Dawson’s had welcomed Paige into their family from the very beginning and her and Richard were as close as close could be, until hormones got involved, misunderstandings happen and then it is all blown to “shiitake” as Paige would say. Now, Paige and Richard or “Richard “Dick” Dawson” as Paige not so affectionately calls him, have this love/hate relationship and it is here that the fun and games begin.

Paige is the third woman in this series to be “picked” off, as we know, she is a wedding planner, which is hilarious in itself as this woman is a total commitment-phobe. Paige is so anti-marriage it is hilarious and to see this woman finally wake up and smell the coffee has hilarious results.

Frenemies my ass!! These two had so much sexual tension and chemistry it crackled off the page. There is a fine line between love and hate and there was a whole lot more loving than hating that I could see going on between these two, but that “hate” relationship gave way to some fantastic dialogue. The sarcastic barbs, the witty banter, the crazy situations that these two often found themselves in resulted in some side splitting moments. Nutella will never be the same again, I spread that shit on my kids toast FFS!

“...sometimes it’s those who protest the loudest who might be hiding a thing or two.
Sometimes it’s vulnerability, sometimes it’s baggage, and sometimes it’s fear.”

Richard is a hero to die for, this is a man that has patiently bided his time, knew who he wanted and has had to stand back and let her “run free.” Richard knows he has a mountain to climb, but he has come well equipped with a heart of gold, the patience of a saint and a smirk that will melt even the most stubborn of panties.

“You think I’d waste so much time if I didn’t want to be here? If I didn’t think you felt the same? If I didn’t want to be here...if I didn’t want to be here...”

This is definitely my favourite of this series, it seems with every book, Brooke Blaine hones her craft and delivers. The laughs are there, the swoon is there, the heart stopping, panty melting moments are there, a little angst of course, but all these ingredients delivered a spectacular entrée, main course and of course...dessert. You will need tissues, for those tears of laughter, you may need to close yourself off to avoid weird looks as you snort to high heaven, but most of all, you will feel great after reading this, totally infectious and a great spirit lifter. I cannot wait for Quinn’s book.

Oh *Brooke Blaine*, you have done it again!!!! Seriously, there aren’t enough words to describe the magnitude of how much I love your writing and characters. Did I forget to mention I also adore you? Well I do, so much in fact because not only are you a genuine individual but you have gifted and treated your readers to a romantic comedy that was an absolute gem.

P.I.T.A. is the third book of the *L.A. Liaison Series* and most definitely can be read as a standalone. Trust me when I tell you if you didn’t read the first two books of the series, you most definitely will want too after getting your first *Licked* of Brooke Blaine’s phenomenal writing. **P.I.T.A.** is the story of Paige Iris Traynor-Ashcroft hence the acronym. Paige is a wedding coordinator and you would think she would be madly in love and settled down. Well, while her two friends are happily coupled up, Paige is still that happily single friend that is until her frenemy, Richard “Dick” Dawson reappears back into her life.

Since I don’t want to spoil this book for the readers, I will just say that Paige and Dawson have this intense sexual chemistry that will have you giggling and swooning at the same time. Brooke Blaine does romantic comedy like no other. She allows her readers to enjoy the antics, awkwardness, embarrassing moments and the banter. There is such a natural flow to her writing that nothing in this book felt staged or rushed. Her characters were charismatic and a riot. Honestly, I love everything about this book. It had sweet heartfelt moments that was blended with fun, sexy, and highly entertaining scenes. With her fresh and smart writing, Brooke Blaine will have any romantic comedy fans hooked. **P.I.T.A** is definitely a top favorite of Jan 2017 reads.

I absolutely loved *P.I.T.A.* and read it in one day. This series is bloody amazing and each instalment sucks you in from the very first page. *Brooke Blaine* writes characters that I really get. The heroines are quirky, strong and independent.

Each book shows a woman who works hard and doesn't expect handouts. These women have an unbelievably strong bond of friendship with each other. In this instalment, we meet Pita aka Pain In The Ass or Paige Iris Traynor-Ashcroft...depending on which day of the week it is. But, she's mostly - Pain In The Ass.

Paige is a wedding planner who doesn't believe in the sanctity of marriage. Her parents are the most selfish, self-absorbed idiots who do not deserve a daughter like Paige. There is one example of a happy marriage that Paige can't deny. Gail and Charles are wonderful people who have been her parents next door neighbours for years. In contrast to Paige's parents, they are a match made in heaven. It was not unusual for Paige to spend more time at their house than her own. It may have had a wee bit to do with their son Dick.

See Paige and Dick were best friends for a lot of years. Throughout the story, we get little glimpses into their lives and see them in their good and bad times. As time moves on their friendship hit rocky ground and looking out for each other changes into avoiding or insulting each other. Both Paige and Dick compete against each other a lot. Their latest competition is to find out who can score the best hook-ups.

Paige's parents host a party to celebrate their 30 year wedding anniversary in Vegas. At the party, they surprise Paige by telling her...and all the other guests, they're moving to Paris. With no warning, Paige is unable to stop herself from reacting and feels justified to tell her parents just what she thinks of them. Before she can take things to far, she's thrown over Dick's shoulder kicking and screaming. Dick then takes it upon himself to take Paige's night from nightmare to the best night of their lives.

One too many gold shots leave Paige with a fuzzy memory. If only she could remember...

I cannot rave about this book enough. I know my jumbled thoughts really don't do it justice. I will say that the characters are originals, the storyline riveting, the sexy times steamy and it left me with a big goofy grin on my face.

There are a bit of back and forth shenanigans between these two that made me laugh. Their little ice cream and Nutella party seemed like fun and definitely left me blushing.

By the end, you can understand where both characters have come from and why they are the way they are. I believed this couple had a future together and Pita may have been convinced that marriage isn't so bad after all.

I am DESPERATE for Quinn's story.

We all remember Paige from the previous books. She's the wedding planner in that group of slightly crazy girlfriends. ?

But she hates everything marriage. Her parents are the number one proof of how horribly married life can be. Paige wants nothing to do with it. And she also just kind of freaked out at her parents 30th anniversary party in Vegas!

Now she's getting drunk with her childhood best friend Dawson - who's been hired as her babysitter by his parents!

They used to be best friends, but something happened in college that hurt Paige pretty badly - but poor Dawson has no idea what that is all about!

He still likes her. He's always more than liked her.

But can former best friends start something serious during a drunk night in Vegas???

WHAT WILL HAPPEN WITH PAIGE & DAWSON???

WILL THERE BE A HAPPILY EVER AFTER???

READ THE BOOK TO FIND OUT! ?

????????????????????????????????

ADORABLE!!

Another incredibly funny and adorable romance in this great series!
I need Hollywood to come and make a TV Show or movies out of these books!
Those girls are just hilarious!

Paige is so cute with her anti-marriage ideas. And poor Dawson just wants to be with her. Ugh, too cute those two. All that banter and fighting and flirting and insulting aka foreplay I just loved it!

Of course it's not all funny and adorable. Paige's anti-marriage mind-set doesn't come naturally. Her parents were horrible parents. They didn't care for her at all. She was the poor rich girl who had a nanny and a chef and housekeeper taking care of her. And her neighbors; Dawson's parents. They're the only real family she's ever known.

It will take our two darlings a bit until they - or rather, until Paige gets that Dawson is her forever-ever-after person. That he will never leave her.

But we have LOTS of fun watching them fight for their forever-ever-after-Happy!

P.I.T.A. was the most adorable & funny & sexy but also serious lovestory! I so want Hollywood to turn this series into a TV Show!!!
Hurry to your nearest amazon for your own Dawson!!! This one is MINE! ?

I can't wait to read the next story!!!! It will finally be Quinn's book!
Also...P.S. I'm a mega-huge fan of the book/series on Paige's nightstand ???

That was how it always was with us—constantly trying to one-up each other, always fighting for dominance. It put things back on comfortable ground.

So this book....*giggles*
Sorry. As I was saying...*wiggles with glee*
Dammit. Back to the subject at hand...*flails with happiness*

I give up! I can't. I just can't talk about this book without a goofy grin on my face. It's impossible. Because this story was EVERYTHING I love about a good rom com; undeniably flawless storytelling, fabulous characters that you want to be your own BFFs, swoony hero, a heroine so sassy it'll make you jealous, enough antagonistic hate/lust to make a cynic swoon, and so many laugh out loud parts that I won't recommend reading in public for fear of judgy side eyes. It was perfect. Perfect I tells ya!!!

You know, this is a perfect example of why I call you Pita."

“Why? Because I stick up for myself? Because I call people out when they’re assholes? Because I have fucking balls of steel?” One of the bellhops we passed stopped in his tracks at my admission, and stared at me with wide eyes. “What?” I asked. “You wanna see my steel balls? Dawson, put me down so I can show him.”

Paige and Dawson have been frenemies almost as long as they've been friends. The only thing constant between them are their snarky barbs and sarcastic remarks. It doesn't matter that they grew up together or that their parents are friends, Paige can't stand the guy...right?

A successful party turned wedding planner, Paige is the unlikeliest of them all; the kind that doesn't believe in marriage. Her parents show and tell marriage successfully burned the idea of a happy marriage right out of her. Richard "Dick" Dawson has been one constant in her life... a constant pain in the ass that is, but when some seriously comical circumstances put them together, the undeniable sparks between them fly.

Remember when I said Dawson was a breast guy? That wasn't the whole truth—Dawson was a sex guy, plain and simple, one of those rare men who wanted to worship every single inch of you, and I was more than willing to let him.

Watching two of her girlfriends find relationship bliss doesn't mean that Paige wants it for herself. Especially not with her former best friend turned bane of her existence. So why does the man have to be so blasted sexy, persistent, and damn it all, irresistible?!

Dawson was just....rarrrrrrrr. The man was sex on a stick. He was funny, swoony, and just total perfection. I couldn't get enough of him, especially when he was determined to drive Paige out of her mind with either frustration or lust.

I'd be up for show-and-tell anytime you wish, love, but if you could sit on my cock sometime soon, I'd love to fuck you.”

This book was by far my favorite in the series. I adored every single hilarious page of it. And it was hilarious. Like laugh until you have tears in your eyes hilarious. Not only is it my favorite Brooke Blaine book, but it may easily be my favorite rom com I've read to date. Yeah. It was that good.

I want to be the goddamn reason you can't wait to wake up in the morning. I want you to be unable to sleep if I'm not there with you at night. And I want to be the only fucking man that you let come near you when you're moving those hips like you're having sex on the dance floor.”

If you're looking for a swoony rom com, this is a no-brainer one-click. Seriously.

As for me? I'm off to stalk Brooke instantly for Quinn's book, because that hooker has been teasing me with the what ifs too long. TOO LONG I SAY! And what can I say? Patience has never been a virtue of mine.

Talk about a pick-me-up. *P.I.T.A.* is a wonderful, hilarious standalone addition to Brooke Blaine's L.A. Liaisons series.

Paige Iris Traynor-Ashcroft, fondly called Pita by her friends, has always seemed like one of the most interesting, impulsive, and ballsy characters in the series. Okay, so she might be a huge Pain In The Ass sometimes. She's an independent firecracker with a wicked sense of humor, a foul mouth, confident sexuality, and no filter. Basically, she's my kind of gal. It's ironic that she's a wedding planner who is skeptical about marriage.

Paige has a mysteriously intense lust/hate relationship with her former childhood best friend, Richard James "Dirty Dick" Dawson. Her not-so-affectionate nickname for him comes from the fact that he is an indiscriminate manwhore. We don't know what started their feud but when things come to a head, their animosity and her stubbornness create some hysterical one-upmanship and a ton of chemistry. I loved Dawson and his patient heart. Paige is a lovable hoot, even though I became borderline frustrated when her outbursts last a bit too long.

Brooke Blaine has a knack for writing delightful stories filled with irreverent humor, romance, and unique characters. *P.I.T.A.* provides the perfect canvas to show off her rom-com chops. This is a fun read to have on hand when you're looking for a lighthearted diversion. I'm ready for the next book!

Paige's story was anything but a 'pain in the ass' to read. In fact, this was some "one-sitting reading" right here, folks. I couldn't put it down and I couldn't wipe the smile off my face the entire time. I am a huge fan of this series, but this one takes the cake as my favorite.

Paige is a snarky but successful wedding coordinator who doesn't believe in the institution of marriage. One look at her parent's marriage and you'll understand why. Dick was Paige's neighbor growing up and they spent a lot of time together while Paige's parents were busy not being parents. A misunderstanding in college has turned the best friends into enemies and the one-upmanship is off the charts crazy. One night in Vegas after some blackout-inducing shots and Paige finds herself in a bit of a pickle.

There wasn't one thing I didn't love about this book. Paige and Dick have been playing a cat and mouse

game since the beginning of the series, so I was more than a little curious about their history. Seeing them work out their issues in true “Paige fashion” was both entertaining and comical. Their banter is biting and hilarious and slightly outrageous, but the sexual tension is smoking hot. Everything was just perfect from the storyline to the dialogue and I ate it all up with a spoon and wish I could ask for seconds.

If you haven’t read this series, I highly recommend it. It’s fun, flirty, sweet, swoony, and hot. There’s only one book left (as far as I know), so now we just need to find out if Quinn really is a ninja spy and my life will be complete.

A delightfully hilarious frenemies to lovers story that had me giggling and blushing all the way through.

Paige Iris Taylor-Ashcroft or Pita and Richard “Dick” Dawson has a long history together. They’re friends growing up and then frenemies until a reckless, goldschläger-laden night in Vegas when Dick and Pita found themselves giving in to the sizzling chemistry between them.

What I love about this book and this series in particular is how heroine-centric it is. This is Paige’s story. We get to know her character and understand why she is the way she is. I love that she’s sexy, snarky, fun and loyal to her friends. She’s the epitome of the poor little rich girl, except that this rich girl is sex positive and does whatever she wants.

Apart from its message of friendship and female empowerment, Brooke Blaine also delivers a solid romance story. The evolution of Dawson and Paige’s relationship from their childhood up to the present is so darn relatable, it could happen to anyone of us. It’s heartfelt and full of “Aww, that’s so cute!” moments. It is also very steaming hot. And hilarious. That dining room scene had me rolling on the floor laughing my ass off.

P.I.T.A. is another fantastic addition to the LA Liaison’s series. A must read for everyone who loves romantic comedies.

5 Stars!

Paige Iris Traynor-Ashcroft is a gorgeous single 29 yr. old woman living in California. She has fabulous friends & is one of the top wedding coordinators/ party planners in Los Angeles. While Paige plans everyone else's happily-ever-afters, she doesn't really believe in monogamy for herself. She's a pessimist when it comes to love, romance and marriage. She didn't have the best role models with her parents growing up, so she just didn't have faith in lasting relationships & finding something real.

Paige attends a family function in Las Vegas & runs into her frenemy Richard Dawson. Paige & Richard's parents are friends & Richard's family lived next door to Paige growing up. They were the best of friends since they were little & then things changed in college and they grew apart. Now they can't be in a room together without always fighting for dominance and trying to one up each other.

Richard is a total manwhore who drives Paige crazy & pushes all her buttons, but he's also drop dead gorgeous. When circumstances put Paige in close quarters with Richard, she has trouble not seriously lusting after him, & wondering if there could be more between them than pent up sexual frustration. Could the boy she once loved still be inside this beautiful arrogant man she finds herself desperately wanting to touch.

-Good God, the man was beautiful.

-There was no denying that if a perfect male specimen lived, Richard Dawson was pretty damn near close.

-I could touch him like this. Freely because I wanted to.

I loved everything about this book! Pure Brooke Blaine gold! I was hooked on this couple and their chemistry & sparring in the last book. In this one Paige shows a more vulnerable side & we learn about their past together. We also find out how crazy Richard has always been about Paige. This book was funny, sexy, & this man was sinfully delicious! Loved this book start to finish! Just fabulous!!!

This book was so funny and so cute! This one was definitely my favourite one of the series. I just absolutely LOVED it!!

Paige Iris Traynor-Ashcroft, a.k.a. P.I.T.A. and Richard "Dick" Dawson grew up together as childhood friends. One event caused these two to become frenemies that have continued for many years. Now, Paige is a successful wedding planner, even though a lifelong commitment to one man is something she never plans on doing. Paige prefers variety and of the one-night-only kind. Paige was such a fun and sassy character. I loved the hilarious and crude things that came out of her mouth. It was rather ironic that a wedding planner didn't believe in a forever kind of marriage. However, she believed that because of her parents who have not shown her what true love is really like.

● ● ● ● ● ● ● ● ● ● ● ● ● ● ● ● ● ●

"Why?"

"Because you're my girl. Always have been. Always will be."

"Even when we fight all the time?"

Dawson chuckled. "Especially then."

"Even when I call you Dirty Dick?"

"Somehow even then."

● ● ● ● ● ● ● ● ● ● ● ● ● ● ● ● ● ●

Then we have Dawson, the very handsome and charming manwhore who can't come near Paige without pushing her buttons and arguing with her. I freaking LOVED him!!! Seriously he made me swoon like mofo. Something I truly loved about the story, wasn't just how well it was written, but that we are able to see how this friendship developed between Paige and Dawson. He was always there for Paige when she needed him the most growing up. Now, as adults, Dawson irritates Paige to no end, but she also finds him incredibly irresistible and sexy--which he totally was.

● ● ● ● ● ● ● ● ● ● ● ● ● ● ● ● ● ●

"How long have you wanted us to happen?"

Dawson's brows rose. "How long do you think?"

"I asked you first."

"Since the moment I first laid eyes on you, love."

I don't want to give too much of the story away, but I will say it was humourous as hell. I loved it so much! I giggled like a freaking school girl so many times that I lost count. Dawson melted the panties right off of me that he left me wanting so much more. I loved Paige as well. She was so cool and fun that she will definitely leave you wanting her as a friend. Together these two were perfection. I loved the silly and sexy banter between them. The sexual tension was awesome. I loved everything about this book that I could hardly contain my goofy grin after finishing it. I highly recommend this read. I mean seriously....Dawson...'nuff said.

P.I.T.A is the third book in the LA Liaisons series. This is Paige Iris Traynor-Ashcroft's story aka Pain In The Ass her nickname from Richard "Dirty Dick" Dawson.

When they were kids Paige and Richard were best friends until college something happened that turned them into enemies they cannot meet without throwing insults at each other hence the nicknames.

Something happens between them one drunken night that changes their relationship. I am not going to say what as it was a surprise for me as this was a twist I was not expecting.

This has a lot of lol moments with the four ladies together and the sex between these two is dirty n sticky. The emotional element is with Paige and her horrible cold hearted parents lucky she has Mr and Mrs Dawson.

Richard was a surprise for me I thought he would be a big headed playboy with attitude instead he is a caring, protective, romantic guy with a dirty mouth who has just been biding his time waiting for his chance with Paige.

The epilogue is hilarious I loved what they say to each other.

So far this is my favourite in this series, I cannot wait for Quinn's book she is a mystery.

Malene says

I've been waiting so long for Paige's story. I loved the two previous books in the L.A. Liaisons series Licked and Hooker. Paige and Richard aka P.I.T.A and Dick have been competing with each other for so long and their history goes way back. They've know one another since they were kids and used to be best friends.

What can I say! I simply loved and enjoyed this story so much. First off I love the girls Paige, Shayne, Ryleigh and Quinn's friendship. They are so honest, supportive and hilarious as hell when they're around each other. So many awkward and laugh out loud scenes.

Paige is a man eater and doesn't hide it. She works as a wedding planner despite her hatred for marriage. Her relationship with her parents are nonexistent but thankfully she has her girls and a strong friendship with Dawson's parents. She's so strong but also very stubborn when it comes to acknowledging and accepting her feelings.

Dawson is also a Womanizer or he used to be. He and Paige fight and compete like crazy but there's so much history and feelings between them. Their chemistry and friendship are fantastic and of the charts. He definitely surprised me and showed his romantic side multiple times. I enjoyed their history and it only strengthened their connection. The flashbacks were great and I couldn't wait to find out the reason for their fallout.

I was entertained from start to finish. The last chapter and epilogue were phenomenal. What an ending and I had to hold back tears. Brooke Blaine has done it again. She's an expert at romantic comedies and P.I.T.A is another hit. Now I'm hoping the mysterious ninja Quinn will get her story to conclude this fantastic series.
