Legends of the Raven: Two

ONE BATTLE TO FINISH THEM ALL.

The conflict between Balaia's four colleges of magic has blazed into furious, dangerous life. The Dark College, Xetesk, faces an alliance between Lystern and Dordova, while Julasta remains crippled without its link to Balaia's Mana flow. And so the armies mass one last time.

The Raven are caught in the flames of war. Three of the legendary mercenary band are dead; one struggles with a burgeoning power that could herald a new world - or destroy the old. They all have promises to keep: to lost friends; to the enslaved Protectors; to the dragon, Sha-Kaan. They will keep the faith. They will fight - and they will triumph. It's what they do.

I am not sure what it is about this series that I like so much. It's fantasy, but to me, reads like a special ops spy novel. I do know I enjoy the way the magic system is very logical and scientific in it's use. The series is a really good read with interesting characters. Very recommended

Rob Davies says

The best series of books i have read to date!

Andy says

Excellent.

Katie says

I really love this series, even if it is RIDICULOUSLY complex. It still takes me longer than usual to read these books, but James Barclay doesn't disappoint. This book is another great addition to the series. I mean, you know, as long as you don't mind terribly gory descriptive battle scenes. I'm pretty sure these books are written with guys in mind.

My review is [HERE](#).

Aaron Dettmann says

2nd book in the series. Actually, this book isn't that great. However, it's probably the closest book I've read comparable to a video game; a diverse band battling their way towards victory.

Mike Everest Evans says

Will review in full when I get around to it - sorry for the delay.

c2003. Woohoo - go Raven. Loved it as usual. Really happy with the resolution of Sha-Kaan and the Protectors. At least no Raven died in this episode and there was a break through with Thraun. What is the next outing going to give us?

Felix says

A good read, but some how I was not overly into it!

Tal says

A little shorter than his other books in the series. It felt slightly rushed and almost unfinished which is not characteristic of Barclay. That being said, it was still an amazing read which had me in tears more than once,

cracking up several times and sad with the knowledge that I only have 1 book left.

Andy says

The continuing adventures of the Raven, this time trying to raise the Julatsan heart (the source of the Julatsan magic), after the Wesmen had forced the Julatsan's to bury it in order to save it in the first Raven series...

Along the way many battles/escapes from certain death ensue.

Another cracking good read from Barclay, definitely recommended.
