Human Sexuality Roger R. Hock

Human Sexuality encompasses far more than "just sex." Sexuality is fundamental to our identities as humans and it is a complex and multi-faceted subject. More than likely, you already have ideas developed around some of the topics contained within this text. You may have questions about information you've received from the media, or friends, or from prior sex education. Perhaps you are struggling with thoughts or feelings about your own sexual identity. With an emphasis on choice, awareness, and responsibility, Roger R. Hock's *Human Sexuality* will provide you with information and knowledge that you can apply and use for the rest of your life.

Mel says

Decent for the subject. Better resources for those who are familiar with the subject.

Nicole Levite says

Well paced and readable introductory material for people unfamiliar with human reproductive biology. Also contains a lot of newer and more detailed information for people who have a solid foundation in biology and reproductive science/psychology. Even though I thought myself very familiar with the topic, this book managed to fill in some missing gaps that I did not realize I had. Overall I highly recommend it to anyone.

Sharon says

it was informative.

Michelle B says

This was the first time I ever read an ENTIRE TEXT BOOK FRONT TO BACK for school. The information is good, and the book is easy to follow.
