Karen Wilson says

Thoroughly enjoyed this book. I bought it as a 'holiday read' but such compulsive reading that I have completed the book and need to find something else to read on the aeroplane!! I shall look out for further writings by Anna Jacob. Not a soppy romantic book, not a book full of lust - but the main character, Nell, is one of three sisters who flee from their brute of a Father and follows her journey to find ultimate happiness. Believable storyline.

Kathy says

Just simply, a nice enjoyable read. I had read the first in this trilogy, Cherry Tree Lane quite a while ago, so honestly couldn't remember a huge amount to it except that I had enjoyed it also. I didn't need to worry – Anna Jacobs explains everything so well with her written word, that you can slip back into 1910 Lancashire with ease. Lots of ups and downs to keep the pages turning so if you enjoy historical saga's you will love Elm Tree Road.

Amira says

lessons that I learnt from this enjoyable book <3

I do believe that each woman has a hidden power to face the cruelest of life .

No matter what she loses , she will always keep resisting.

Harsh time make her believe in herself, be more stronger, and more confident.

In fact,each woman should believe that time is the greater healer , and the best is yet to come .

keep resisting , you're strong and you've been through many hardships but still survived .

Be brave and be proud of yourself .

E.A. Harwik says

I read Elm Tree Road by Anna Jacobs over the Christmas break, what a treat. This book is the second novel in three book series following the twists and bumps of three sisters separated escaping a brutal home. I was looking forward to reading this book as I thoroughly enjoyed the first, Cherry Tree Lane.

Elm Tree Road weaves a tale around the middle sister, Nell. It's such a beautiful story, eventful with villains to grind your teeth and enough nice guys to warm your heart. I loved this book. Anna Jacobs has created a complex story with a memorable moment sketched on every page. ---- From me five well-earned stars.

Now I want to read the next book about the youngest sister, Renie. I'll be downloading book three of the Wiltshire Girls Series the day it's released. I have no idea what the book will be titled though I am quite sure I won't be disappointed.

Ilovetoread2 says

When I read that this novel was set in 1910 in Lancashire I wondered if I would like it. I had read some of Anna Jacobs novels set in Australia at a more modern time and enjoyed them a lot. I carried on and found myself reading and reading until the end. A heartwarming story with a fairly predictable ending. A Goodread!

Den says

Three sisters run away from their brutal father. One is regnant and runs away with her husband-to-be and one of the sisters. But he turns out not to be as loving and caring as she first thought. In fact he is even more mean with money than her father. They live in a hovel as he claims not to have any spare money, though he can afford to go drinking each evening. His meanness though causes his death (and their daughter) and thus Nell is left all alone. Fortunately he took out a life insurance and so she is left provided for and can take time out to hike around the countryside. One day she gets helplessly lost and is caught in a thunderstorm, a gentleman stops and helps her. She ends up becoming his housekeeper and love develops, though they have hardships to face including her husbands nasty cousin.

Sue says

I thought after reading "Cherry Tree Lane" book one, and getting to know the characters there, I wouldn't enjoy "Elm Tree Road" so much. However I have really enjoyed, maybe more so.

Heather Vanderheyden says

Kept me entertained and wanting to turn the pages into the night.

Carlie Hamilton says

Great quick read, better than the first with more urgency. :)

Julia says

This is the second book in the Wiltshire Girls series and focuses on Nell the middle sister and what happens to her after running away from her abusive father, she does have her younger sister Renie with her for a bit but she leaves Nell so we will catch up with her story in Yew Tree Gardens. I found that this book was a bit darker and sadder than Cherry Tree Lane though it was nice to take the journey with Nell and see her come out the other side a stronger person. I genuinely love this series and would highly recommend it, I can't wait to check out Anna's other books too!

moira manson says

Nell

Poor Nell being married to that awful man the only good thing was her daughter but even that didn't end happily for her as cliff because of his greed caused his child's death but she has the chance of happiness again read to find out if it happens and what has happened to her younger sister 5 STARS for another great read .

Gary David Reed says

Good story

Enjoyed this book I read this one first so now will read the first one. Predictable but enjoyable. Hopefully there are more.

Kim says

A trilogy about 3 sister's who escape from an abusive home. Each book is written from a different sister's perspective. Anna Jacobs has been a wonderful find.

Thamiliney Ganam says

i read this while ago, this character still in my mind...
there is always another life for all the losers

Dawn says

I love Anna Jacobs books. This one doesn't disappoint. We see the heroine tossed and turned by the storms of life but with love and a little fortune, all comes good in the end. An easy to read book with a mixture of people who interact with each other throughout the pages.
