Falls

Eric Dontigney

Falls Eric Dontigney

Samuel Branch is a man capable of wielding the energy around him to devastating effect. In another time, he would have been revered and feared as a wizard. In an age of technological miracles, the world has no need of his services. When a dangerous messenger arrives with orders from the ancient and unimaginably powerful Lords and the Ladies, though, Samuel Branch has no choice but follow the trail of a rising darkness. To complicate matters, when the sister of a friend-turned-enemy goes missing, an old lover resurfaces demanding that he intervene. When it all comes down, Samuel Branch may find that a rising darkness is the least of his problems.

Larry B Gray says

Do you enjoy reading a good fantasy novel full of magic, monsters and heroes? What if the book was a modern day thriller and not an ancient tale? Falls by Eric Dontigney is just such a book. It is an excellent read full of adventure.

The storyline is well thought-out and easy to follow. It kept me on the edge of my seat during the entire book. It is full of action and fast paced adventure. I really like the way Eric weaved his tale.

The characters were well developed and very believable. It was easy to identify with them and follow their trials and tribulations.

I really enjoyed reading this book.

I highly recommend Falls by Eric Dontigney.

[Please note: I was given a free copy of this book in exchange for my honest review.]

Mark says

Solid first book in a new series, I like the character of Sam in this one...he's not an overpowered shell of a man with anger issues (although he does have his own demons).

Great cast of characters as well, well thought out magic system and the writing is top notch and easy to follow. Action was very well written as well, sometimes when you have 2 powerful beings in combat the writing gets a little difficult to understand and visualize - not so here, well done Eric!

Highly recommend to any Urban Fantasy fans.

Brae Wyckoff says

Eric has a unique style that separates him from other writers. I felt like it was a detective story/character set in the present day and accompanied by a supernatural vibe to the tenth degree. The writing was well structured and edited (Thank God). It moved along fairly well but at times the author would run off with what I call "rabbit trails" which detracted from the pace of the story he was weaving. The characters are interesting. I recommend his book and give it 4 stars!

Webwalker says

a good read.
