A Night of Misbehaving Carmen Falcone

An Indulgence novella...

For just one night, Georgia Taylor wants to forget about her demanding job and the everyday struggles of being a single mom. Her track record with men is pitiful, but that's fine because her responsibilities don't leave room for love anyway. The new online dating site is perfect for what she's after.

But Georgia's plans are crushed when Brent Turner, aka Sexy Dad and father of her daughter's classmate, turns out to be her internet date, therefore, eliminating any possibility for a night without consequences.

All of Brent Turner's honorable intentions fly out the window when he sees highly strung "Super Mom" waiting for her date at the bar. Determined to win Georgia's trust and show her a good time, their no-strings evening promises to become so much more...until, that is, she discovers what he's really up to.

Darcie says

This book did exactly what the title and synopsis said; it focused on one night. It ended with a happy ending without ruining it with the happily ever after that would be too far a stretch after one night. I loved how this book progressed and each character was very likable.

?Jamie? says

This is my first book by Ms. Falcone and I loved it. Although short, you don't feel like you got anything less than everything, and you get a whole lot of sizzle. Note: I rate most novella's on a 3-star system due to brevity (unless part of a series), so a 3-star is full marks for me.

Summary:

SuperMom, Georgia Taylor, wants a break from the constant, demanding work responsibilities and the struggles of being a single mom. She wants just one night to let her hair down and have a little fun with no expectations of love in the morning. An online dating site seems to be the way to go, but you never can tell who will show up. When Brent Turner, a.k.a. Sexy Dad, shows for their date, Georgia's hopes of a no strings rendezvous are dashed. Brent is the father of one of Georgia's daughter's classmates, so to proceed with any sort of interaction could be disastrous in more ways than one. Brent came by his date with Georgia purely by accident. But as soon as he sees the usually uptight-looking mom dressed to the nines and sexy as hell, his good intentions fly out the window. Talking SuperMom into staying is a whole other challenge, though. Getting to know each other reveals some surprises for them both, but will Brent be able to win Georgia's trust and turn their no-strings night into something more when she finds out what his true intentions were?

I really enjoyed this short, sizzling story. Georgia was sweet, if a bit frazzled, but you could see her dedication to her child. Brent was a mystery at first, but after getting to know him, he was perfect. A great dad and a man who acknowledged and understood the mistakes he made in the past. I loved them together. Their dialogue was informative without being overly wordy, and the underlying sizzling attraction practically leapt off the page. I only wish it was longer. I wasn't left feeling the story was inadequate, but I could totally see myself reading a full-length novel about this couple. I'd really like to see what the future held for them. Loved Ms. Falcone's writing, and look forward to reading more in the future. <3

Talking Books says

A Night Of Misbehaving by Carmen Falcone was a quick feel good read that has many sizzling moments and hidden chemistry between Brent and Georgia that releases into what is a sure fire hit of a read! Chemistry, attraction, drama and tension make this short read a must for your reading lists.

4 Stars

*ARC Received from the Publisher for an honest review.

Fiona Marsden says

This is a lovely short novella about two people with more in common than they realise. SexyDad is Brent, a year into his divorce and still not quite making it on the dating scene. SuperMom is Georgia, a single mom ever since her boyfriend abandoned her when she was pregnant.

For one night Georgia wants a chance to misbehave and she gets a date on an on-line site wanting to have fun for once. What she doesn't realise is that Brent recognises her picture and doesn't want his manwhore colleague anywhere near her. Particularly as he has dealings with her company.

When Brent turns up on her date, Georgia thinks the evening ruined...but she would be wrong.

This is quite a sweet story about two ordinary people who are given a second chance at happiness. The characters are easy to get to know even in this short format.

Maria says

Reviewed by Maria

Georgia is one super mom who is in dire need of adult time. A single parent with sole responsibility for her pre-school daughter, not to mention a successful career woman, she longs for some downtime. She wants to chill out in the arms of an understanding male who knows and loves women and wants to give her a good time. Hence, she resorts to internet dating.

And internet dating springs some surprises. She finds herself looking at \Brent, aka Sexy Dad, a fellow parent whose daughter is the best friend of her own little girl at pre-school. It seems like a consequence free night is not on the cards. They are too closely connected, there could be repercussions. But what if one of them (or both of them) wants repercussions?

A short, warm and witty contemporary romance by a talented author. Highly recommended for readers of romance and relationship fiction. A word of warning, though. This is because romance readers are quite diverse in taste and while some love to read hot and steamy, others prefer the more emotional sweet romances. Georgia and Brent's story reads like a sweet romance in places, but once they connect, there are a few explicit scenes and some rather graphic language. So if you love hot and steamy, go for it. If you prefer sweet and emotional, well, don't miss out, but you might want to speed read through the hotter scenes to spare your blushes. It's up to you.

Carmen Falcone is an author who handles hot romance with skill. I'm giving her the full five for this one.

I received an advance review copy of this book in exchange for an honest review.

Lynn Reynolds says

I received a copy of this book from the publisher and the author in exchange for an honest review. I was not compensated in any way.

Brent Turner meets Georgia Taylor at a bar. He wants a chance to get to know her better. They're two people that have something in common. And things get interesting from then on.

As you read this story, you will come to realize the title is a perfect fit. Our couple has an interesting date. I

enjoyed their interactions from beginning to end. The good news is you can read this story in one day. Better news is you can read it over again. Best news is that as of this writing the book is currently on sale for only \$0.99. Bad news is that I found that their story ended way too early. You also want to make sure to read the author's acknowledgements – you will see what her inspiration was.

I found that this was a great way to be introduced to an author that I have never read before. It's also a great way to see what "imprints" this publisher has available. Once I was finished, I found that I'm looking forward to seeing what she has in store for her readers next. You can't go wrong by adding this book to your library. And if your preference is the contemporary type of romance then this book will fit the bill.

Desere says

This was a short read and only took me twenty minutes but boy oh boy was it HOT! The read tells of Georgia also known as 'Super Mom'. Her life as single parent has become a drag and she feels the need for some fun and just letting go.

She signs up for a online dating site, but when her date, Brent aka 'Sexy Dad' comes walking through the door she is first blown away at just how gorgeous he is and then concerned at just how badly this will affect her life.

His daughter and her daughter are best friends and the last thing her little girl needs is to be messed around by a "now you see me now you don't " father figure. Plus her best friend, Alice, will kill her for getting involved with the man she has had her eye on for a long time.

But Brent ain't no dummy, he wants Georgia in his arms screaming his name, on a permanent basis, and if he has to play all his wild cards to get her he will. He has always wanted her and now is his chance. But to convince Georgia of his good intentions will take a whole lot of sweet talk and scorching hot kisses, which works out just fine until she learns of his little secret!

I loved this book, it was crazy fun and super, super hot! The sexual energy between Brent and Georgia was off the charts. And the emotional side of the read was super intense, the author managed to not only pack loads of heat into a very short read but also gave me all the little snippets of the characters emotional ups and downs.

I am taking away a message of we all need to at one stage take a walk on the wild side to let off some of the stress of everyday life, but if and when you do and a happy future stares you in the face, don't let it slip from your hands simply because of the worry of tomorrow. Live a little and let tomorrow worry about tomorrow!

I highly recommend this read for all fans of super sexy, scorching hot romance reads. The read is the perfect escape to a walk on the wild side!

5/5 star review

" A night of misbehaving, some wild cards and a lucky coin leads to a super hot romance"

*****A Night of Misbehaving by Carmen Falcone is an April 2014 Entangled release which I was lucky enough to receive an ARC from the author in exchange for my honest opinion.

Nas Dean says

A NIGHT OF MISBEHAVING is April 2014 Entangled Publishing release by author Carmen Falcone.

Georgia Taylor is so ready for a night out with no complications so she went on a blind date from an online dating site. Then she saw that her date was no other than Brent Turner, a father from her child's preschool.

Now, this is complication multiplied. Could she go ahead with her plan to have a fun evening? And what would happen when she finds out that Brent had his own agenda for meeting her?

A NIGHT OF MISBEHAVING is a short but very hot and steamy read. It is also an emotional story. You can tell that Georgia's ex-her child's dad was a loser from the interaction she had with him. But as a reader you just can't help feeling for Brent when he takes responsibility for the breakup of his own relationship. The author, Carmen Falcone does full justice to this short but sensitive and sensual story.

Shirley Buchanan says

Even though her days are filled with her job and caring for her daughter as a single mom, Georgia Taylor knows something is missing from her life...a man, a companion, even a sexual encounter. Joining a dating site, she's gone on a few disappointing, meaningless dates, but when her latest date turns out to be Brent Turner, aka Sexy Dad, from her daughter's preschool, she's thrown into a dilemma. He's the father of her daughter's best friend, he cruelly rejected the sincere advances of her best friend, and her past experiences with men has been pitiful to say the least. If she gives in to the lust she feels, will she be able to face him when she meets him at her daughter's preschool without feeling shame or humiliation? Can she justify the breaking of the female bonding code with her friend for a sex- filled night of bliss, and then live with the consequences of that action? Would he be like her ex, running at the first signs of commitment or responsibility? She had chosen badly before. Could she trust her judgment this time?

Successful with his gyms, Brent Turner wants to take his company to the next step, offering a corporate wellness proposal to businesses. Only the announcement of a date with Georgia Taylor, aka Super Mom, from his sleazy man-whore partner, Carl, derailed his carefully laid plans. He couldn't let his partner near her. One: her daughter went to his daughter's preschool. Two: she was HR Director at a company where he wanted to pitch the proposal and a disastrous date with Carl would ruin that. Three: She was a sexy, gorgeous woman he wanted for himself. So the die was cast. He would go in Carl's place. What could possibly happen on a simple no-strings date? Wasn't he capable of logically getting her vote for his proposal? Wouldn't he show her a better time than Carl? At least they would part friends, wouldn't they? Not if fate has anything to say about it!

A quick read with just enough development of the characters to permit the reader to be fully engaged in the action of the story. A sweet romantic tale with a racier edge. Although there were a few explicit sex scenes, they were tastefully done. A sexy, hot short story about second chances and daring to hope for a happily ever after.

I would recommend to any romance reader. A copy was given by the author for an honest review.

4/5 stars With a dream, a coin and an invitation, anything can happen.

This books was a short one but witty and pretty HOT. For the amount of pages are in this book i think the author did an amazing job.

The book tells us the story of "Super Mom" Georgia and "Sexy Dad" Brent. Georgia and Brent know each other from the school their kids go. Georgia is a single mom with no luck in the love department so she register in a dating site but a good night with humor and no complication. But what she get's it's a totally different thing.

When "Sexy Dad" finds out that his business partner Carl has a date with the "Super Mom" and he demands to go out with her instead of Carl.

"You can't go out with her because she's mine. I'm going on this date instead of you."

"Wait, what" Carl dropped the all and frowned.

"There's no way in hell I'll let you near this woman. She's not your no-strings-attached type, Carl. She is...different."

But he has no intentions to date her, he just tries to get her to agree to put in a good word to the company she works for to support his offer in a business deal. But that changes when he sees her and all his plans flies out the window after couple more complications during their date. Will Brent be able to convince Georgia that not all men are the same and he is not as bad as the mum's gossips about him???

This is my first book i read from this author and certainly won't be he last. I really enjoyed her style of writing and humor she brings to her books. I really enjoyed A Night of Misbehaving, a quick and light read, really witty and lots of humor. What's really not to like.

Recommend it read.

Janie Evans says

This story was HOT! "Sexy Dad," Brent, is what the Mom's at his daughters preschool call him. One afternoon Brent hears his co-worker Carl aka "the man whore" talking about hooking up and banging this chick on a dating website. When Brent takes a look he sees "Super Mom," Georgia, one of the Mom's at the preschool. Georgia looks absolutely nothing like the ponytail, yoga pants wearing Mom she is gorgeous. When Brent and Georgia meet she isn't too keen on the idea that they keep their date. Mostly because "Sexy Dad" turned down her best friend Alice's request to go out on a date with her. It's also because of the fact that

their daughters are friends at the preschool. Besides, didn't he say he had blond hair?

This is a MUST read. It's fun, quick, and hot. My first book by this author and definitely not my last read by her.

Jennifer Schultheis says

A Night of Misbehaving by Carmen Falcone is witty, entertaining, and sexy.

Sexy Dad and Super Mom made this book a hit for me. Brent and Georgia are two people who I loved reading about. When Brent (Sexy Dad) finds out his sleazeball of a business partner has a blind date with Georgia (Super Mom), he shuts that date down quickly and takes the date as his own. The chemistry between Brent and Georgia could be felt a mile away. I felt the sizzle between these two and really wished I could trade places with Super Mom.

“His tongue delved inside her mouth in a kiss more electrifying than dancing naked in the middle of a thunderstorm.”

What I really loved about Brent was how he helped Georgia let go and learn to live in the moment. For a single mom, who doesn't have a very good relationship with men, it's not an easy task, but Brent succeeds...until a few misunderstandings get in the way.

“If you think for one moment I'll give up, you are wrong. I can't lose you.”

Sigh!

Overall this a quick read that I never wanted to end! Looking forward to reading more from this author!

Nicola says

This novella does pretty much what it says on the tin and focusses on the events of one night. One sexy, romantic night that actually manages to fit in many elements of a full length novel.

Single Mum Georgia wants to let her hair down a little and have some no-strings fun. Internet dating brings Brent to her. For the sexy divorced Dad it's a business opportunity, but when he sees her, well the night is young and both are attracted to one another...

Both were endearing characters; Brent is a gentleman and an über sexy one to boot and Georgia is a kind, thoughtful strong lady. It's short, but it's very sexy and was a great read. I could've happily read a full length novel on this couple.

If you have an hour, it's the ideal read.

TashNz says

Finally a single mom story I can relate to! The Night of Misbehaving is a cracking great short story which covered all of the emotions you usually only have time for in a full length story.

Super Mum and Sexy Dad aka Georgia and Brent meet up on a date supposedly organised thru internet dating but what Georgia doesnt realize is that Brent demands he go in the place of his sleezy business partner. Brent and Georgia know each other through their kids play group. Georgia is known as the super fast and reliable and organised mom and Brent is known as Sexy Dad among the moms because hes hot, actually hotter than hit really and totally single dad.

Unfortunately when super mom relises who her date is shes ready to up and leave because Sexy Dad rejected her best friend without a second thought so caught between loyalty and total embarrassment about internet dating shes out the door! So why does Sexy Dad chase after Georgia and four chapter's later youre going WOW??? Well im not going to spoil it but lets just say there was lots of twists and turns and the heat had the story melting!

A super fun read. I laughed and laughed at the authors humour. I was turning on the air con to cool the room down and I sadly sighed during the twists and turns. This story has the bones if a full lenth novel minus all the fill ins that make a full length story so youre left with the good bits and the parts you want to read. The story flowed and like the authors comments noted (yes im a book geek I read all the comments) this could totally happen, the characters are realistic. Thats why i could totally relate... We all want one night of misbehaving and the way Brent tried to recall Georgias name was totaaly classic and very male hahaha.

A fab short story which I would recommend to all and also made me want more from Carmen :)

A Night of Misbehaving by Carmen Falcone is an April 2014 Entangled release which I was lucky enough to receive an ARC from the author in exchange for my honest opinion.

Angie says

This was a really good story about two people meeting through a dating web site. It was funny that they also knew each other and had something in common. It was interesting watching Brent seduce Grace and how things turned out at the end.
