I really enjoyed this book from beginning to end. It had just the right mixture of suspense and romance for me. I liked both main characters and I did enjoy Rebecca 'tap dancing' around trying to stop her feelings towards Jack. It was a great book to read in one seating.

Lethal Exposure

A good story even though I figured out the villain nearly in the book. Good action and the romance progressed nicely. Loved it when the rest of the SEALs showed up. This is my first read by this author and it was pretty favorable,
