I Love My BREAKUP Sabrina Lacey

THE TITLE HAS CHANGED I Love My Healed Heart IS NOW TITLED "I Love My Breakup" which was the original Part 1, incl. in this.

When David cheated on me, it sent my whole world crashing down, and by "my whole world," I mean ME.

But sometimes the best thing for us, is horrible crushing heartbreak. I wish it didn't have to be that way, but that's what happened to me.

What I thought was the worst thing that's ever happened... turned out to be the absolutely, most amazingly, best.

This is my story of how I learned to trust myself again,

xx, Jessica

"Her internal dialogue is vulnerable, passionate and even funny a la Bridget Jones...a girlfriend sharing an intimate story...she is us." - SweetGia Review

Author has a terrible attitude.

I randomly found this book when I was on Amazon and am so glad I did. I promise you I read this book in one day. After part 1, I couldn't stop. Talk about rebounding, Jessica is the Queen. I wasn't sure who she would end up with or how it would end, but that's the great part.

With Spring/Summer Fashion Week as the backdrop, I knew I would love this.

I recommend this to anyone who wants a quick read and loves to see how a heartbroken girl rebounds from a cheating ex.

I Loved this read! There was an actually story and not just the hot steam sex that comes with a lot of erotic romance stories.(which it still had those scene in this book..like that bathroom scene with Jessica and James..Hot!) I'm very happy that all of the books were put into one Omnibus because once I finished one part I wanted the next book/part right away. I found this a great read and would recommend it. I will be posting a full review on my book blog on September 17th so I hope you will be able to stop by to read more about what I thought of I Love My Healed Heart!

The separate books in the omnibus ranged from 3 to 3.5 stars, but I'll round up because I was unable to put it down and that has to mean something.

This is fluff, there's no other way to describe it, but it was fluff that I thoroughly enjoyed and read all the way through once I started on book 2. jessica is a hoot, and I liked her two BFs as well. I might even read their stories.

The men... well they were all gorgeous, the sex was smokin' hot, and I'm very satisfied with who she ended up with (and I especially liked his epi).

I'll be keeping an eye on Sabrina Lacey in the future.

Intriguing

this book series sucked me in and I couldn't stop reading. its short to the point and heartwarming. the character sounds like your average girl who happens to get extremely lucky finding men in New york. would definitely recommend this fun read :-)

Trena says

Funny, sexy, cool!

Tami Urbanek says

a cute story of the up and downs of life after a break up, and finding your way to where your suppose to be! I loved how she learned to just go with it and know what the ex did was on him not her!!

Luv_a_good_story says

Nice ending to the story.

Lite & fun

loved the characters the book is short and sweet. The Characters are very believable. I just love Jess and her conquest s!

Carrie Dees says

Loved it! It's so refreshing to read a romantic erotic fiction novel that sounds like real people thinking real thoughts and doing real things! This is like a combination of Sex and the City and Brigit Jones. The heroine,

Jess, is witty, realistic and vulnerable. The storyline is hot and sexy. And the outcome of the series is realistic. They say it takes a village to raise a child...well, it takes a village of men to raise a sexually confident and aware female as well. And Sabrina shows us the emotional and sexual development of a woman who hits home as being realistic, someone I could be friends with. Fabulous!

Julia says

Quick read, funny, raunchy all in one!!

Valerie Lee says

Oh so funny!

I laughed out loud many times while reading these books, and that's always a good sign. Not to be critical but there were more than a couple of spelling and grammatical errors, but with a fun read you can overlook those.

K. Connor says

This book was recommended to me by a friend/colleague. Though I'm not typically a reader of erotica, my friend also sent me this interview link with excerpts from the book...and I was hooked! Who wouldn't love Jessica and want to know more about her life?

Needless to say, I gobbled the book up in a less than two days. Even if you aren't typically an erotica reader--check this one out!!!!

Here's the link that sold me on trying it out:
