Anya Wylde

Dorothy Anya Wylde

Anya Wylde is back with yet another Fairweather sister novel full of comedy, adventure and, of course, toe curling romance.

The Fairweather sisters adore each other and always stand by one another. But when circumstances force Dorothy May Fairweather to marry Lord William Edmund Huxley, the man her best friend is in love with and the Duke's arch enemy, things change.

With her one foolish mistake, Dorothy manages to vex all those that mean the most to her.

Now all alone and miserable, Dorothy has to win back her sisters, the duke, her in-laws and of course, her breathtakingly handsome new husband.

? Irena ? says

Dorothy is no *Penelope*, but it's still fun. A lot of things from the previous two books are used here too. Even Philbert Woodbead, Falcon and the pirate (without his mother) make a couple of appearances.

Julia Stephanie says

This book made me laugh and smile! I really needed a good pick-me-up this week and this series did not disappoint!!

Kindle Reads says

Not nearly as good as author's other books

Sadly this story was more silly than madcap.
Much of the attempted humor felt contrived or inane, and just plain fell flat.

I was intrigued by the possible development of Lord Huxley's character. However Dora struck me as juvenile and dimwitted.

I finally gave up on the story near the halfway point. There wasn't enough of interest to entice me to sludge through the bad comedy.

Shannon Ouma says

Great book

Loved it, it was just as good as the others in the series. I wish there would if been more laughs though.

Roanne Araneta says

Anya Wylde has always been my go-to, feel-good author. It's always fun reading her books. Although Dorothy wasn't exactly P M S L as Penelope but it's nonetheless still knee-slapping L O L. I've said this before and I'm gonna say it again.. I'm so glad I've found these gems.

Cayla says

This was another good book to read. I still think that the first book in the series (Penelope) was the funniest. I wasn't laughing all over the place during this book, but it's still what I'd call a light fluffy read.

Kristi Mangold says

The best in this series!

This one is by far the best in the series! I really enjoyed reading this one! It had no mistakes and the characters were very fun

Jennifer Pryke says

Delightful

I absolutely adore the wittiness, the silliness, and the romance. The characters are fully fleshed fabulous beings with hopes and dreams and (Egad!) faults. The story is filled with love and triumph, awkward moments, charity and fear, Frustration and desire.

Bethany Swafford says

After three Seasons, Dorothy enlists the help of her sisters and her best friend to win Lord Lumley. However, when her best friend runs off with Lord Lumley, Dorothy makes one mistake that results in her marriage to Lord Huxley, her brother-in-law's arch enemy.

What I especially love about Anya Wylde's writing is the light hearted fun she brings to each scenario. Penelope and Celine are the same, lovable characters I remember from the first two books, and the affection between the sisters is fantastic.

In all honesty, I didn't find this one as funny as the first book in the series. It's still a fun read, though. Anyone who likes a comedic, rather ridiculous (in a fun way) kind of story, this is just the kind of read I would recommend.

I received a copy from the author in exchange for an honest review.

Ririn says

Can't believe that I finished this in one day!

ps - I missed the dramatic Lord Adair :-P

Erin says

Sweet, silly, clean romance.

Another good book in this Madcap Regency series! Again, I think I liked the first one the best, but this one was good. I liked the storyline. Very different from the other two.

I felt like some details throughout the story were forgotten, though. When I got to the end of the book some things seemed unanswered or needed more elaboration. There wasn't closure to some things that I thought needed closure. And some details just came out of nowhere, in my opinion. Wylde focused more on the end of the romance, which was nice and cute, but I think she forgot about some details outside the romance.

And, of course, I liked revisiting characters from the last two books. Though, you didn't get much of them in this story, but you see that they are still adorably in love!

Sharon Kennedy says

This is another enjoyable tale of the Fairweather sisters, this time about the youngest, Dorothy. She fancies herself in love with one man, while her best friend is in love with another. While trying to help her best friend, she inadvertently causes a scandal, and finds herself forced to marry her friend's beau...who is also an enemy of her family...or is he?!? Lots of mishaps occur, with welcome appearances from the Falcon (Penelope's story) and Philbert (Celine's story), although each can be read as a standalone. Light-hearted and very enjoyable.

I received a free copy of this book in exchange for an honest review.

Alisa says

This was a fun, light-hearted read! Dorothy innocently gets caught up with scandal and has to marry Lord Huxley. It appears that they have nothing in common, but as they get to know each other they discover they have more in common than they thought. Because of the actions of his father, Huxley is determined not to fall in love with anyone. But Dorothy is just as determined to get him to admit his love for her. There were some fun secondary characters thrown into the mix, too!

Content: Clean (some mild innuendo between a married couple), mild swearing
Source: Review Copy (opinion is 100% my own)

Brenda says

Penelope and Celine Fairweather were both happily married with children but their younger sister Dorothy couldn't seem to find the man of her dreams. The two elder sisters were beginning to despair of her ever finding love. Dorothy's best friend Kitty was in love with a man who paid her no heed; so when Dorothy finally told her sisters she had found love there were celebrations. But the confusion and heartbreak

continued – until the day Dorothy found herself in the wrong place at the wrong time; suddenly she was betrothed and a week later, married...

Lord William Huxley hadn't wanted a bride – his step-mother and step-sister certainly didn't want a commoner to run their household. But Dorothy was determined to make the best out of a bad situation – as well as try to calm the ire of her sisters whom she couldn't bear to be apart from. Gradually Dorothy took over the running of the household – but it seemed there was nothing she could do to make her new husband happy.

What mischief did she plan to get onside with the members of the household? And how could she possibly gain the trust of the enigmatic man who was her husband?

Dorothy by Anya Wylde is the 3rd in the Fairweather Sisters series and it was loads of fun! With laugh out loud humour, quirky characters, mischief making children and a multitude of things that could go wrong – and did – *Dorothy* is light-hearted historical romance at its best! Highly recommended.

With thanks to the author for this ARC to read in exchange for my honest review.

Pamela says

Dorothy

I love your books they make cry, and laugh they are interesting and have drama they make me happy..You are amazing writer.
