How to Lose a Guy in 10 Dates

Lacy Williams

How to Lose a Guy in 10 Dates Lacy Williams

With their ten-year high school reunion on the horizon, four girlfriends make a pact to find the perfect guy — online. But nothing about online dating is simple...

Single mom Angela Hudson thought she was ready to dip her toe in the dating waters again after her marriage imploded, but as dates #1, #2 and #3 turn out disastrous, she wonders if this is really worth it. Especially when she's more attracted to the handsome coffeeshop barista than any of her dates...

Drew Scheffield is only in town for the summer. He hoped working in his brother's coffeeshop would distract him from the grief of losing his young wife. But as he gets to know Angela and sees her dating guys #4, #5 and #6, he discovers his heart isn't as dead as he thought it was...

As Angela's dates #7, #8 and #9 go wrong, she and Drew get close — even though she knows he's leaving. Can Drew open his heart to love again, or will Angela lose the perfect guy in 10 dates?

10 Dates is the first of four love stories in the *Matched Online* anthology:

***How to Lose a Guy in 10 Dates by Lacy Williams**

***A Package Deal by Robin Patchen**

***Rival Hearts by Susan Crawford**

***Engaged by Friday by Julie Jarnagin**

From Reader Review How to Lose a Guy in 10 Dates for online ebook

Jennifer says

[10 dates horrible date later, she realizes that the guy that has been serving her coffee and watching all of her dating disasters, is the person she wants to be with. Drew has some baggage of his own that he must let go of before

Jennifer Robb says

This is a cute, quirky book. Angela and 3 of her high school classmates enter into a pact to try online dating to find a date for their upcoming high school reunion. Angela has a variety of coffee dates. In true romance genre fashion, Angela's Prince Charming is right in front of her (though the author does a good job of giving him an excuse as to why the two don't get together shortly after realizing they like each other.)

Michelle says

This was a fun twist to the dating scene, in that the hero is not one of the dates. Some of the terrible dates made me laugh out loud. Drew and Angela were sympathetic characters that I was rooting for. Fun, clean novella

Maria says

Quick read, sweet and cute romance between a widower and a single mother. Not quite developed but okay for spending some time.

Stacey says

This is a novella, so the story moves along quickly, but Lacy Williams does a great job of keeping the story flowing smoothly and making you fall in love with her characters, Angela and Drew. You'll laugh at the selection of Angela's online dates, and at Drew's predicament as he watches her interact with each one of them, painfully aware that he needs to let go of the past and be the best of all of them!

Sue Stinnett says

Perfect Match

Fun story with strong characters. Whether it is letting go of a loved one or a marriage it takes time to heal.

Brittany says

How to Lose a Guy in 10 Dates was filled with humor and heart. This sweet story caught me within its pages right away and didn't let go till the very end.

I loved the way the author included humorous question and answer blurbs from the various online dates that Angela was considering. It was the perfect way to start each chapter.

I really liked Angela's character. She was a loving mom, a kind person, and she questioned whether she was worthy of love after her failed marriage. Drew was also a wonderful character. He brought a lot of heart to the story. It was hard to watch as he struggled with grief and confusion regarding his feelings for Angela. The author handled these conflicting emotions very well and provided a wonderful second chance to two very likable characters.

Amanda (Hootie) Clark says

3.20 "I love you, To heaven and back" stars

Of course I read this because the title of the book being so similar to the infamous "*How To Lose A Guy In Ten Days*" starring the lovely Kate Hudson. Even though it's not one of my all time favorite movies but rather, one I'd watch if it were the only thing on TV. Such is my feeling in this instance as well.

This was a very sweet, quick and clean romance about a grieving widower and a single mother. Two aspects I have come to adore in most love stories although both of those things didn't really work together to make this an exceptional read, as I'd hoped. I tend to fear the widow/widower story-line because I'm always nervous that not enough time has passed since the spouse died, making it awkward to form a romance. That sort of happened here with Drew having lost his wife recently. It was described as "a few months" which I don't feel was enough time for him to grieve seeing as how he was choking down tears through the majority of the book.

I loved the bond between Drew and Angela's son, Thad. They had a few cute moments sprinkled throughout. I would've liked a little bit more depth between Angela and Drew because it wrapped up fairly quickly once he had his epiphany. Something felt like it was missing despite my enjoyment of the story and how it ended. One of the things I was surprised to see missing from this book was some sort of interaction with the other characters in the series that this one is kicking off. Aside from the prologue there was no set-up for the next character as you tend to see with most books in a series. I honestly forgot their names until the sneak-peek in the back.

Despite feeling like there was something missing it was a book I couldn't put down for long and definitely something I'd recommend for the crowd who prefers tender/sweet/clean reads.

Kay Daniels (Kay Daniels Romance) says

I picked up How to Lose a Guy in 10 Dates as a free read and it was a terrific find. The circle I belong to doesn't typically give a lot of detail on the books up for grabs, so basically it's like picking the grab bag gift during the holidays. You look through the pile and try to judge your gifts' contents based on the outside wrapping. I have to admit picking out a free book, just like a Christmas grab bag gift, the pretty packaging doesn't always match the inside content. However, How to Lose a Guy in 10 Dates was not a white elephant gift it was pretty packaging and perfect gift all in one.

How to Lose a Guy in 10 Dates is a story full of heart, charm, and lots of horrible first dates. Angela Hudson is a single, divorced mother with a seven-year old son and her high school reunion is fast approaching. Due to her "most likely to succeed" status a decade ago Angela is ashamed to show up with a dismantled marriage and a barely thriving business. Desperate she sets up an online dating account and so begins the first of many extremely bad dates.

Drew Scheffield was taking a break from NYC and working in his brothers coffee shop in Oklahoma. He was there to witness Angela's first disastrous date, along with her second, and her third, etc... He shouldn't be jealous of the men she was meeting considering he was only in town for a few months, but something about Angela and her son, Thad, drew him in over and over again and he was a goner even before he knew he was in the game.

How to Lose a Guy in 10 Dates was funny, romantic, and enjoyable to read from start to finish. Within the first page I was drawn in by Lacy's witty writing and unique charm. By the end of the first chapter I knew I Lacy Williams would not be a one time author read for me. I am looking forward to finding her other books.

Angie Hackett says

I was made aware of this book recently and decided to give it a shot.

It was a well written, engaging book that had depth and charm in abundance. It was heartwarming, humorous and tear jerking all at once. It was a real joy to read this. The characters had depth and were charming, everything they dealt with was heartfelt and dealt with in a sensitive way.

I look forward to reading more from this author.

Heidi Robbins (Heidi Reads...) says

Such a great story about two vulnerable people who don't mean to fall for each other... but do. There are several nightmare dates Angela perseveres through in search of a decent date for her school reunion, but it's mysterious Drew that catches her eye, and the chemistry between them is great. I loved how he interacted with both Angela and her son, and even though he has to process the standard fears of a widower thinking of starting a new relationship, the story wraps up with a sweet happily ever after.

Julie says

Good, fun story

I enjoyed the humor & the boy. This is a clean, enjoyable read. I'd like to read the other stories in the set.

Beth Erin says

Full review on Faithfully Bookish <http://wp.me/p7ngfE-rE>

I'm not a single mom but I do recognize mom-guilt and Angela has a bad case of it! She's carrying the weight of the world on her shoulders and it's not hard for her friends to convince her that she needs some fun in her life. Unfortunately, Angela's dates flop one by one at the small town coffeeshop.

Barista Drew caught my interest from the first time Angela met him and she might deny it but I think she noticed him, too! Drew is definitely denying the attraction but he can't resist the drive to protect a vulnerable single mom and her little boy. He may look like a bad boy but Drew has a heart of gold.

I requested the opportunity to read and review these titles through the authors. The opinions expressed are my own.

Haley S says

A little too short for my liking but it wasn't bad! It felt more like a novella, so I didn't have time to really get to know the characters.

Kim says

I got this book for an honest review. I found this book to be quite charming. It flowed easily and was rooting for Drew and Angela from the first cinnamon bun. A quick cute romance read.
