Into the Wind

Jean Ferris

Into the Wind Jean Ferris

Mexico, 1814, sixteen-year-old Rosie's world changes when her father's saloon is burned and her father killed. Alone, without family, home or livelihood, Rosie has no choice but to go with Raider Lyons, the young sea captain who rescued her from the fire. As American privateers and the British Navy battle one another on the high seas, Raider chases the brutal British captain who kidnapped his brother. Rosie, swept up in Raider's obsession is caught in a dangerous and merciless war at sea and in a relentless battle against the growing passions within her heart.

From Reader Review Into the Wind for online ebook

Allyson says

Great book, though I was really disappointed that the main character, Rosie, has black hair not red. I like the girl on the cover and imagine Rosie that way.

Crystal says

I loved this series as a teenager. I still like it, though I must admit that I find it much more melodramatic now.

Bethany D. Chappetta says

Loved it in 1996. Loved it every time I re-read it (like 40 times). Loved it again.

Jennifer Lyle says

Loved this book as a teen & I'm about reread them now. it has everything - pirates, history, strong female characters, & a great romance.

Sara Larson says

Going down memory lane here... I read these as a teen and adored them. These books inspired an attempt for me to write historical fiction that went horribly wrong when I was 15 or 16. I'll stick to reading other's historical fiction I think. ;)

Mali says

This is one of the most amazing series I have ever read. Once I start reading, I read all three books in the same day. I can't put them down!

Jenna says

I read this series when I was young and fell in love with them (and Raider.) Its a wonderful story full of adventure and romance. When I would read them I completely got sucked into the books, time would fly by and I would be so sad when it was over. Ferris' descriptions are captivating. I still have my copy of the series I keep in my hope chest so my kids won't damage them, and every once in a while I pull them out to read.

For a middle school/junior high aged girl, they are wonderful!

Karen says

I can't believe this is by the same author as the Marigold books. Wow! I loved this, but am sad it's part of a 3 part set because I got it through inter-library loan and am not sure I'm ambitious enough to get the other two. It was a fun pirate-y, coming of age-y, adventure-y, romance-y kind of book.

Carly says

I bought this series in jr. high and it has been one of my favorites ever since. Every few years I pull it out and read it again. I won't claim that it's a classic or that it even is particularly well written, I just love the story and the characters. Each book is only about 200 pages so you could read all three in a day or two, another reason why I like them. :) My favorite is the second book, just in case you were wondering.

Caitlin says

Reread 8/12

R says

Really good start to the series. Glad it is back in print! Yes it is a YA romance, but it doesn't FEEL like a 'teen' book.

Natalie says

This book was ok, but not good. It had some potential (the time period and setting are especially fascinating to me). The characters weren't allowed enough time to develop (except maybe the main character), but that's probably because the author was given strict limits. I will go ahead and try the second book out of curiosity.

A huge complaint is the paperback cover. Who were those people? The woman on the cover didn't look at all like the main character was described. I will chalk it up to limited budget and stock paintings. That doesn't mean it didn't effect my enjoyment of the book.

Jolan says

This is a good story, I enjoyed reading it.

Shannon Fox says

This is my favorite book (and series) in the world! I think it's out of print. If you love pirates, a great romance, a clean read with great characters and intrigue, this is for you. It is FANTASTIC!

Christin says

This is one of my favorite series. I discovered it at the library when I was pretty young (probably pre-middle school) and have been reading it almost yearly since then. I love the time period, the characters, the swashbuckling adventure...
