veronica Harvey says

Brilliant book cant wait to read book three

This book kept my attention couldn't put it down
Can't wait to read the third one I loved the story line

Diane Cunningham says

Book two of a trilogy about the life of Emma Grady. This book sees her married off at 16 by her Uncle so he can get his hands on her money and Mills her Dad left in trust for her. An unfortunate accident sees her transported to Australia where through ups and downs in her life she manages to make things work. I'm looking forward to reading book three.

susan hogden says

Full of intrigue and love.

A story about love overcoming hate. Very powerful with lots of twists and turns. Can't wait to read next in saga. Hope there is one!

Rowlie says

Another great read. Jo Cox can keep you intrigued to the very end.

Sue says

Maybe because I hadn't read the previous book, I didn't enjoy this very much. Despite the good reviews for it, I wasn't as engrossed as I usually am in a Josephine Cox book. To me it seemed to lack something and dragged, my mind was just not in it. Perhaps I shall try the first one and come back to this, but perhaps not, there are many other books to read.

Kelly Furniss says

The pace picks up a little more in this book, book 2 of the trilogy. An easy gentle read but I enjoyed it.

Kim says

I read all three books, Great books everyone should read these. Will purchase more of her earlier books

Jo Laws says

One of the best trilogy of books i have read

Viktoria says

Just sloppy work.

Donna Pullen says

have on read all 3 in this series more than once and loved them all

EILEEN SHEPPARD says

A great read

The second in the Emma Grady trilogy and it was a great read , the hard and awful life this young woman endures is shocking. Through hard work and determination she prospers in Australia and the next chapter of her life ensues. It's a good book, excellent story and well told by this talented author. I would recommend it to anyone.
