Caleb says

This is the last book in the "Young Underground" series and it is definitely my favorite!

In this adventure the kids try to decipher a confusing letter left by Henrick's father. It leads them on an exhilarating journey. There are so many secrets that are revealed, decisions made, and issues resolved to end the series.

Tarissa says

The end of one of the BEST series of juvenile fiction.

Robert Elmer wove such great stories into the Young Underground series. I'm sad that it had to stop with book #8, but... as they say, all good things must come to an end.

I especially enjoyed Touch the Sky because it brought a few running plots to completion, and ended perfectly.

I'm a fan of this series because of a few key points:

- The books contain solid, Christian morals.
- They bring the World War II/post-war era to life for the reader.
- Fun adventures are experienced through the power of words.

These are books I'll keep in my family forever. Buy the series for your kids and grandkids to read! (Available in print or ebook formats.)
