How to Become a Witch: The Path of Nature, Spirit & Magick Amber K , Azrael Arynn K

Set forth on the Witch's path--this friendly introductory guide presents the key beliefs and practices of Witchcraft and offers step-by-step instruction on how to become a Witch. Best-selling authors Amber K and Azrael Arynn K have nearly fifty years of Craft experience between them. They've taught hundreds of students the basics of Witchcraft, and now they're offering readers the same clear, structured guidance here. This Witchcraft book teaches you everything you need to know about Craft essentials: --Ritual tools--Daily practices--Ethics--Spellcasting--Deepening your connection to nature--Divination and dreams--Sabbats and Esbats--The Wheel of the Year--Gods and Goddesses--Pentagrams and other Craft symbols--Training, initiation, and degrees You'll learn about Witchcraft as a way of life, how to locate a coven or work as a solitary, and--most importantly--how to grow magickally and spiritually.

Jan says

A lot of info

M.J. Mandoki says

It was an excellent book. I recommend it to all spiritually inspired people with an open mind.

Kosjitov says

I found other more concise and less verbose books that could fill the role of Wicca 101. If you're looking for entertainment while you read, a feeling that the authors are more modern, I'd say this might be worth a gander. However, I'd like to point out that I disagree on a personal level with how Amber words spells (which sounds and supposedly acts like they have a fail safe). I do appreciate the fresh tone the book takes on a subject I've gone over on several other occasions.

If you are looking for an advanced Wicca book this is NOT going to be enjoyable for you, as it sails the same boring waters of most other 101 material. It's just a bigger book.

Lyn says

I found the information provided enjoyable to read and some parts about wiccan fascinating although there were some parts of the book that is repetitive and became boring. I realize the author probably felt the more it was explained the easier it would be for the average reader.

Leannear24 says

this is a good book full of interesting and useful information
i would recomend this book
its in plain engilsh and tells you straight whats what

Chy says

Just added this one to my Kindle. Will review more later after reading.

Ann says

Very informative. Felt at times as if I were reading a textbook, not a bad thing to get information from. Still, took a while to read because I kept taking breaks to read other things. It didn't hold my attention, but I kept coming back to it. Lots of resources at the end.

Priestess Enshrina says

This is an amazing introduction to the Craft. It gives several viewpoints from different pagan religions and schools of Magick. It is not preachy, just very informative.

Violaine says

That was a good book. A good introduction for anyone who doesn't know much about the topic - it answers many basic, practical questions and was enjoyable to read.

Mab Ryan says

If you want a beginning book on Wicca or Witchcraft, this is the one to go with.

Abigail says

I've been reading a lot of books with Witchcraft throughout the year, and this book was recommended to me by a lot of people.

Somewhere between Practical Magic, and a more advanced book on Witchcraft, I found that How To Become A Witch to be a knowledgeable and easy to read book. Though it wasn't as helpful for me, because I've been researching this a lot, this book is perfect for beginners. Overall I found it to be a little more serious and in depth than Practical Magic, but I think I would recommend these two books to different personality types, rather than saying one is better than the other.

Here are some things that I really loved from How To Become A Witch.

Right off the bat this book gives a detailed breathing and grounding exercise that I found to be very helpful and beautiful. It also breaks down the elements and their coordinating signs in the same chapter. A few chapters later Amber K talks about what Witchcraft is and isn't and the core beliefs you will find across the board. Each chapter in this book had something I found useful or helpful, even though I would say I'm no longer a beginner Witch. And that's what I loved most about this book, it can be for all stages of Witchcraft.

I also found that this book gave me the hints I needed on what I should study next, and that was the most helpful thing of all. From here I know I'll look more into divination, tea leaf reading, tarot and how to live a more green life.

In the end I gave this book 4 stars and I recommend it to anyone who is looking into the Craft.

Fenix Rose says

Another basic book about what Wicca and Witchcraft are and are not. Fiction can give a poor view of what it is, what it means to be a witch. Though fiction can be fun of course, it is important to know the truth separate from teh fiction exaggerations. Well written and clear this gives a great overview whether you are interested in maybe taking this path or just want to know more.

Samantha says

This should be called "How to Become A Wiccan." It is mostly Wiccan exclusive and it lumps the terms Wiccan, pagan and witch together. Good info for Wiccans, but the rest of us are left in the dark.
