Horse Wise Bonnie Bryant

When Max announces that Pine Hollow will begin its own Pony Club, Stevie, Carole, and Lisa are excited to know they're about to become even more knowledgeable about horses. But spoiled Veronica is more focused on riding her new horse than learning how to take care of him. The Saddle Club won't soon forget what happened with Veronica's last horse, Cobalt. And when it looks like she's headed for the same trouble again, the girls are quick to act—but are they already too late?

In the eleventh adventure in the Saddle Club series, Horse Wise, the members of Pine Hollow are getting a Pony Club. Now it seems that the girls will learn even more on a regular basis. Made up of riding lessons, practical health care sessions and theory, Carole, Lisa and Steve are rapt about Max's decision to start a Pony Club.

Veronica DiAngelo gets a new horse, Garnet, and spends most of her time showing her off and not taking care of her. Because of her new horse, Lisa's parents decide to buy her a horse. Max introduces something new in Pine Hollow - a pony club. Carole, Lisa and Stevie spend their first days in the Pony Club, Horse Wise, trying to clean up messes Veronica makes.

The main plot is, of course, the Pony Club. It's a crazy cool addition to the series that I really liked, even though it seems absurd to me that these kids had enough time for all of this.

Lisa's side story was quite sad. She apologizes for not telling her friends about her almost getting a horse, and they get annoyed at her for not telling them, even though the way they were talking about Veronica and her new horse should have scared anyone off from telling either of them. It's both a shame and perhaps mature that Lisa decides to wait on getting a horse in the end.

The entire storyline with Veronica was... annoying. I feel like she's been such an aggravating character at the stables and blatantly breaking rules (like not taking care of your horse or helping out with chores) that there is no way Max would not have kicked her out of the stable. Especially after she rides off on Garnet and leaves all the gates open, leaving Samson open to run around and get hurt.

Less drama than the past books, which I liked. In general a really fun novel in the Saddle Club series that I thoroughly enjoyed. I rather wish we could see the girls with their own horses, since I feel seeing that bond would be wonderful, but I guess I'll have to be patient and wait for that time to come.

there are great aspects of teaching, learning, and tolerance in this book. I hate how veronica is portrayed. I like that safety always comes first. basically the stable starts up a horse club that is kind of like girl scouts for horse people, minus the cookies. there are skills and badges involved. not so fun is Samson's injury.

pine hallow get's the chance to be part of the pony club association. Veronica is careless and almost causes a major disaster. i don't she'll ever learn. Spoiled brats like veronica never learn until it's too late for them. Several girls i went to school with acted like veronica. And now they are sad and alone with no one but their ghosts of the past. Sadly's i think veronica will end up the same way.

Avant je mettais trois heures à lire ces livres, maintenant je mets une demie heure.. C'est marrant de revivre ces histoires avec lesquelles j'ai grandi.
