Sophie Steps Up Nancy N. Rue

Sophie knows how it feels to be the new girl---different and 'weird.' She also remembers needing a friend. When a new girl in class is assigned to Sophie's drama group, she wants to get to know her. Sophie learns to accept her new friend's culture. But how will the other Corn Flakes teach others about acceptance if they cannot seem to learn themselves?

Léa says

Awesome! LOVE, LOVE Darbie O'Grady!!!!!!!!!!!!!! She is just CLASS!!!!!! (But really, Fiona is REALLY starting to get on my nerves, so far, she's had an argument with Sophie in book 1, 3 and 4! And she's a smart-ass who's pretty boastful about herself being the walking dictionary.)

Laura says

I am not exactly sure how the class performance was all of a sudden known as the Irish Showdown, but other than that I enjoyed the book. It was good for the readers to learn about the conflict in Northern Ireland and how to juggle new and old friends.

Balletprincess says

I only gave it four stars because Darbie`s story is really sad and for parents who don't want their eight year olds reading about fighting her aunt says they had two sides and they threw bombs over it and kids threw rocks at Darbie because she wasn't Catholic. her dad died trying to help keep the peace and her mom dies in a car accident. it doesn't describe Darbie life in graphic detail but still I wanted to give parents a heads up this book series isn't all sunshine and rainbows but not as bad as other books that they are marketing for this age 8- 12

Nuts about Friends says

I loved this book it gave so much information that can be used in everyday life

Doofenshmirtz says

Again, Sophie is becoming a little more mean and not as innocent as she was in the first two books. I can see where this series is going, and I'm not liking it.
