I've actually paused on number 11 but flew through 1-10. They are a fun read - again, another variation on the vamp action. I do like the dynamic of keeping everything confined to one town and the mythology associated with the history and evolution of said town. Likeable teens in peril. Sort of. And sort of superheroey, super smart teens. I dunno - they were fun and easy to read when I needed an escape!

Siobhan says

Ah, Morganville. Probably one of the best young adult vampire series out there.

Don't get me wrong, it isn't perfect. There are many things I disliked about this series, yet when I compare it to other books in this category it ranks rather high. Throughout the series, we have a continuous story and individual book stories to keep you engaged, without things growing repetitive.

If you're into young adult vampire stories then I suggest you give this series a go.

Theresa Hollis says

From the first to the last book I enjoyed the whole series, I found the main character, Claire Danvers to be a sassy young woman and definitely not faint-hearted. Setting the series in one town and the effects that humans living with vampires has on the town was unique - thoroughly recommend these books to anyone.

Kimberley says

Loved these books easy to pick up & put down. :-).

Lizard And Wombat Romance Reviews says

Lizard: 4?.
Wombat: 3?.
Overall: 3.5?.

Jeannette Berlin says

Truely a great series of books. They all have both fun, scary, action and adventere in them. Just love them

Elizabeth Raskin says

Fun series about a town run by vampires. They are easy to get into and pick up again after a big break.

Brittney Watkins says

This is the best vampire series! Never a dull moment in any of the books. Usually when the series is really long I lose interest, but with this series she just keeps me wanting more!

Shannon says

I do think I really preferred the 1st person narrative of Claire that the series started out with. I understand why it changed, but sometimes I have to keep reminding myself of whose voice is doing the talking....

Kelsie Linehan says

if you get some at once then i would fully recommend buying these

Emily says

I love this series! I like how the vampires fit the stereotype and how also they defy it. I can't wait to read the rest of the series and I have loved every book
