Divine Mourning K.L. Ogden

Hitomi Beaumann continues her quest to restore balance between the realms. As she continues to strengthen, Obsidian begins to weaken. The evil inside him begs to be released and he's not sure he can stop it. To make matters worse, someone starts showing an interest in Hitomi sending Obsidian into a whirlwind of self-doubt and destructive behavior. But Hitomi can't just worry about Obsidian. The world continues to darken. Time is running out for everyone. Will Hitomi be able to save the Heavens? Can she save Obsidian from himself? Only she can decide what is most important. But will she be able to live with the decision?

Kate says

For me this book was even better than the first! I was so anxious to start the second book after finishing book 1, and as expected I was not disappointed. Hitomi's journey continues with even more twists and turns, and not knowing who she can trust. With advisors telling her one thing and her friends telling her another, coupled with her own omissions, this book takes you on a fantasy ride and pulls your emotions right along with it. I can't wait for the next book to come out, so I know what happens to all the characters and to see who's playing who!

Heather says

Just like the first book, this one is great! Divine Mourning really shows how the main character, Hitomi is beginning to embrace her new role. And while Hitomi is growing, Obi is starting to unravel. Plus, there's a new guy in town! As the story continues, more secrets are being kept but there are some big revelations. I hate to give anything away but two-thirds of the way through the book I was left with my mouth gaping open. And then the end has you clamoring for more! I have to say though that I'm not sure how I want the end to play out. I don't know if it's going to be a happy ending or not. But I'm looking forward to the next one to find out.

Tatianna Lancaster says

Even better than the first! Can anyone say major love triangle?? Well, sort of. And Obsidian totally starts to lose it. It was nice to see Hitomi getting stronger and taking on her role a bit more. And at the end she's ready to kick some butt. Each chapter had me more and more shocked. And I don't usually like when books leave you hanging at the end, but I could deal with the end of this one because I know the next book is going to reveal EVERYTHING!

When is the next one going to come out??
