Resilient Criss Copp

Please be warned:

New Adult (mature content). *Recommended for readers 18+ due to **explicit sexual content**, harsh language and adult themes.*

When **Isabelle Mulligan** was kidnapped, she had no idea to what depths of depravity her abductor could go. When she discovers the levels of abstract evil he subjected her to, her world and relationships are altered completely, and her grasp on reality is tested.

Several years after his fiancé abandoned him; **Silas Tayte** has built himself a new life back in Australia, and is now a down-to-earth, responsible man with a fulltime job and adventure loving lifestyle. But he misses the one person who made his soul sing.

When an opportunity presents itself to resume contact with her, he eagerly grabs it with both hands. Silas intends to prove to the woman he still loves that they were always meant to be together, and sets out to woo her with word and wit.

He is not the angry, unpredictable and struggling man he once was.

And she has changed everything about her that she can to avoid public scrutiny.

However, when they finally meet again, it becomes obvious their paths were always meant to be travelled together.

This is the final instalment of the **A Pretty Pill** series.

Laura's Book Addiction says

Need this now after the ending of Fake!!!

Vickie*** says

yeesss i really need december to come sooner so i don't forget anything important...

K.G. White says

This finale to the trilogy was frustrating because it felt like the drama was repetitive and unnecessary. I was no longer enamored of Silas or Izzy because of how they handle things so horribly and then reminisce about why they tend to handle things so horribly, with a lot of self awareness after the fact but no real regret for not handling properly in the first place.

Natasha Davis says

It's over I can't believe it's over I've waited for this book for what feels like forever and it was worth the wait the late nights the being so tired to get up for work. These books always touched me as the characters are so strong and what I love is its not just silas and isi points of view you get to hear from Ben and jade. The book is true to every moment and takes you on an emotional journey I had severe whip lash up until about 80% and cried and cried I love that this completes the series and although it's over I have closure if you haven't read the series please do you won't be disappointed. Thank you for finishing this book Criss what a beautiful journey it has been xx

Anna says

I enjoyed the book but I feel like the gap in between the first two parts and this last one took the opportunity to immerse myself properly in the read. However, I loved both Ben and Silas, strong men characters that make a woman dream...

H.grey says

Good Read excellent end to the series

Chris- Bookaddict says

I NEED THIS BOOK LIKE NOW !!!!!!!!!!!

Dona Myftari says

is this book out? In that case, why can't I find it?

Petra says

Well I waited a while for this book and can I say I wasn't disappointed loved it great story brilliant characters loved it x

Rob Towner says

worth the wait

Katie Jay says

Have been waiting for this book for far too long. I reread the first 2 in preparation for its release but am getting frustrated!!!!

Have high hopes for this book and I hope it delivers.

Any ideas when it is out?
