I really liked this book. It's based on 2 of the Gravity Falls episodes that are about romance relationships for both twins. One was about Dipper cloning himself to get Wendy and Mabel trying to break up with Gideon. It was a very short little book, but I am a big Gravity Falls fan so I don't mind. I recommend this book to Gravity Falls fans and early readers.

Have you ever felt like you want to be at two places at once? Well Dipper has, and to do so he did something very strange. This Book is Gravity Falls Pining Away by Walt Disney Company. This book is fiction. I like this book because it is very strange and full with funny details. This story is about Dipper Pines along with his friends having a party at their home/store (The Mystery Shack). When the group was planning how to organize the party, Dipper's Great Uncle (Grunkle Stan) assigned dipper to collect party tickets from costumers with his crush Wendy, who was a worker for Grunkle Stan in the Mystery Shack. Wendy wanted to go to the party so she asked Dipper if she could leave, and Dipper said yes. This story takes place in Gravity Falls, Oregon. The type of conflict for this story is person v.s person and person v.s self. Dipper wanted to be with Wendy inside the party, but since Dipper knew that Grunkle Stan was going to be mad if he left the ticket stand he did not know what to do. When Grunkle Stan told Dipper to go get party papers from the copy room, he did still thinking about the decision he was going to make. Dipper laid down and made actual real clones in the copy machine. With the clones Dipper could be at two places at once. The clone idea did not work so well because all of the clones turned against Dipper because they all wanted to be with Wendy. Dipper just disintegrated the clones with water since they were made out of paper. From a scale from 1- 5 i give this book a 5 because this book had humor and was enjoyable. I recommend this book to the reader because I can promise you will enjoy this book. Remember that next time you get close to a copy machine, don't make clones for yourself!

Ahhhh I love Gravity Falls! XD

So absurd and hilarious :))

Reading this book is like watching the cartoon, and I want to own and read every title... but I'm too lazy to look for them in bookstores...

I have to keep reminding myself that this is a children's book and detail is not exactly a strongpoint in those books. Other than that, I found the book pretty enjoyable. My favorite part about mini tv-to-book adaption is that they include at least a bit more paragraphs of thoughts for the characters and they did that. I managed to read it under 30 minutes and I really did enjoy reading it. So I pretty much recommend it.

Twins Mabel and Dipper are staying in Oregon with a great uncle who is more interested in making a buck than anything else. Dipper has a crush on Wendy as does the super creepy Lil' Gideon. Dipper decides he needs a little help from the magic copying machine which churns out nine clones of him. Some parts are filled with juvenile humor with tons of party string, fake barfing, and even a spray painted face on a fat man's belly. Give this title to reluctant readers who like the Disney TV series.
