Flesh: Part Four

Sky Corgan

Flesh: Part Four Sky Corgan

How difficult can it be to resist one excessively hot Dom?

Amy knew she put her job on the line when she slept with Lucian Reddick, but somehow her weakness paid off in spades. Now she'll be working side by side with the handsome surgeon to help redecorate his mansion.

With her heart at stake, Amy swears she's going to keep their relationship strictly professional from now on. Not only does she tell herself that, but she also assures her co-worker, Derrick, who has been snubbed on the project due to Lucian's exclusive preferences.

Things heat up when Amy is forced back into a situation that puts her and Lucian alone together. Will she be able to resist him like she promised, or will she fall apart at the seams again when he tries to dominate her?

Heat level: Smokin' Hot!

This is the fourth installment in an episodic series. Each installment is designed to be read in under an hour, so they're perfect for when you're waiting at appointments or have a few extra minutes to spare.

Annmarie says

Ugh, I hope Lucian gets better, he's still a jerk.

Misty Walker says

This is a serial series, so you must listen to books 1-3 prior to this one. Flesh is a BDSM club and Lucian is a dom. Amy is curious about the lifestyle and came across Lucian not only through exploring the club but professionally as well. There is chemistry there, but Lucian is holding back.

I am steadily becoming obsessed with this Flesh series. I really want to get inside Lucien's head because he is coming across as such a jerk but I just know that in due time things are gonna switch and combust!

Onto the next!!

Judy Lewis says

DELIGHTFULLY WICKED !!!

Wowza! Flesh is an amazing new series by Sky Corgan and it is smokin hot! I love it! In Book One, Corgan expertly sets the stage for her story with an introduction to Flesh, an amazing experience for those who would like to safely test the waters in the world of BDSM with as much or as little as their heart desires. And oh my good glory, is it ever sexy! In Book Two, Corgan now delves into the development and personality of the characters. In Book Three, Corgan begins to build the heat to a slow sensual burn! And now in Book Four, Corgan kicks up the heat to a RED HOT BLAZE! Oh my! Somebody call 911! Sky Corgan is a woman on fire and judging by what I've read so far, this is just the beginning! Good Golly Miss Molly - I am now officially hooked - hook, line and sinker! The story is exciting, thrilling, enticing, compelling, erotic, sensual and steamy. The dialogue is smart, seductive, arousing, very well written and flows effortlessly. The characters are fascinating, captivating, engaging, intriguing and sexy as sin. Corgan uses her amazing talent, unparalleled skill and unique style to brilliantly combine these elements into a wonderfully entertaining and satisfying read. Amy Underwood is in a rut. Her life is boring and she hasn't had sex in seven years. She loves her job as an interior designer and decorator at Environ Design and Derrick, her gay, work boyfriend is great but none of that satisfies her sexual needs. God, so pathetic! Her roommate Janice finally convinces her to sign up for a session at Flesh but good lord, she's never even had sex unless she was in a relationship. How in the world is she supposed to be naked in front of some stranger much less participate in some kinky BDSM scene. Oh well, maybe she could just dip a toe to see if the water is warm. Just one time, that's all. Maybe then her roommate will stop bugging her about it. Yep, she'll try it once and never go back. Or will she? But her mysterious, sexy one night only Dom, only known as "Sir", just may have something else in mind. Oh my! Was their chance client meeting strictly a coincidence or was it "strictly" set up by none other than Mr Mystery Man himself, wealthy, well known plastic surgeon, Dr Lucian Reddick? Hmmm.....I wonder??? It seems the dominant Dr Reddick has plans for the lovely shy Amy Underwood. And what are those plans? Well, I don't like to give spoilers but I will say that we see a little more of what he has planned for the lovely innocent Amy in this installment but I suspect the best is yet to come! And his plans may include a lot more than working with her to redecorate his home. And just what will Amy do to keep her job!

Amy has already dipped a toe to test the water but she better know how to swim because she's definitely in deep water and apparently she can't decide if she wants to sink, or swim with Sir. Hmmmm.....Yowza! I guess we'll find out more in Book Five! I can hardly wait! Oh, Oh, Oh! It's just so exciting! I was turning the pages so fast, my iPad couldn't keep up! Fabulous entertainment and an awesome read!

Lynn Smith says

I received a copy of this book in exchange for an honest review.

Amy is determined to keep things professional. No more putting herself in situations that can get out of control with Lucian. But that backfires on her.

Things are starting to heat up but Lucian still confuses me. Can't figure out what exactly he is up to or trying to do. He makes Amy feels things then turns around and hurts her all over again. She is trying to keep her feelings from being involved and having low self esteem is making it hard on her. Looking forward to the next book in the series.

Jackie O'Donnell says

I was given and ecopy of this book for an honest review. OMG Sky! I cant believe you ended the book that way!! So unfair! What a cliff hanger! This book was the best one yet out of the series. I cant wait to see what happens next between Amy and Lucian and the secrets he has been keeping from her.

Colleen says

Sky Keeps getting better in her series Flesh! I can't wait for the next book every time in reading a new book! This one is so hot. I feel that Lucian is treating Amy like a doormat until he sees her speaking to other men. Will she ever wake up and see what he's doing to her. If she continues will she end up losing her job? I don't think she is thinking about that
What will happen next?

Melissa Ogletree says

I received this book for an honest review.

Relieved she didn't cost her company the decorating job Amy is determined to keep things professional and use her coworker Derrick as a buffer between her and the frustratingly sexy Dr. Reddick. Only problem? Dr. Reddick is insisting on working with her and her alone, can she keeps from crossing the line again? Another hot little entry in this series. Lucian is like Amy's addiction she just can't stay away especially when he pushes her past her comfort zone. What I like in this part is I felt we were starting to see more sides of Lucian besides just his control freak one. This is a series that needs to be read in order and is on going so it's

not a standalone. They are short easy fun reads though and well worth the time.

Terisia says

When Lucian demands Amy work exclusively with him in redecorating his house, she is unable to resist his sexy bedroom antics. Now I'm waiting for Lucian to stop being the post-sex alpha jerk, and start delivering some much-needed after care.

(I received a copy of this book in exchange for an honest review.)

Deborah says

Lucian intrigues me.

I suspect I'm with this series until the end after all they're so short and available on KU although I'm still not completely sold on it.

Amy just can't say no to Lucien and now she can't avoid him either since she's got the job of redecorating his mansion.

Lucian, is intriguing. On the surface he's just a rich entitled insensitive jerk but we know from the glimpses we've got that he's more than that, there's a lot more to Lucian than we know and this is what's keeping me reading.

Thankfully Janice doesn't appear in this instalment.

Star Stacked says

Amy's raw emotions are very well portrayed by Sky Corgan and can be easily identified with, but I'm starting to think of Lucian more and more as an a-hole! By the end of the story I felt a strong urge to punch him.

Derrick managed to hit Amy and her feeling right on the head in this story, but there's nothing he can do to stop her going back to the man she still fantasises about.

Even though Lucian can come across as a real d*ck, I'm really liking this series.

Unfortunately I can only give this part of the story 4 out of 5 stars, but that's mainly because I wanted to hit Lucian so hard, I actually had the urge to throw my Kindle across the room a few times!

Cheryl Graham-Petit says

I started Flesh: Part One and then started in on Parts Two through Four right after and am anxiously waiting for Part Five and Six.

Each story in this series flows well, is fast paced, and captivates you from the very first page and keeps you on edge till the very end. Sky Corgan's Flesh series will have you intrigued, consumed, and mystified. Once you start reading this series, you won't want to stop.

Ashley Hedden says

Flesh: Part Four by Sky Corgan was a great read. Amy is working alongside Lucian but knows that she needs to resist him.

Patty says

--I was given a copy of this audiobook in exchange for an honest review.

I cannot get enough of this series. This episode brings us to the next day and Amy talking to Derrick. There is some discussion of not touching Lucian..let's make this relationship totally professional. When the email comes for Amy to come to Lucian's that night to review furniture choices, Amy is shocked to have Lucian show up at the door fresh out of the shower, dinner made and the seduction begins. Their evening is filled with the push and pull of their relationship and Lucian's ability to control her.

Can't wait for part five. This narration team is perfect.

Jeanne says

I received this arc for my honest review.

Sky Corgan is definitely in her element with this series. It's so HOT! She tries to obtain a professional relationship with Lucian,e-mailing him that her co-worker, Derrick, will be with her for her next appointment. He simply goes over her head, contacting her boss and requesting she alone work with him in every aspect of the remodeling of his home. When she arrives at his home for her second appointment, she tries her best to stay professional, but he tears down her defenses once again. He's cold and distant, and leaves her heart in shambles. She's determined she won't let him continue this "relationship", even if it costs her her job. Will she continue to succumb to Lucian's advances or will she have the strength to stand up to him?

Leslie Reed says

Bad Boy

Why do girls always go for the bad boy? It seems Amy is trying to live a fantasy even if the man isn't treating her with total respect. Is it the challenge, innocence, or the true girl that is drawing Lucian in? Maybe he just wants to teach her what he is obviously so schooled in, sex.
