A liitle short

It was a good story line. But not. Much meat to get your teeth into. Not much drama, not really long enough to get involved with.

Melissa says

Read as part of the Dark Bites Anthology.

Sophia Triad says

Velkan Danesti (Dark hunter/sorcerer) & Esperetta (immortal human)

Welcome in Transylvania!

Esperetta is the daughter of Dracula and Velkan is the man who killed him. Velkan came back as a Dark Hunter after Dracula killed his daughter and tortured and killed Velcan. Velcan also made Dracula famous after he told his tale to Bram Stoker.

Nowadays Velcan has two favourite dogs named Bram and Stoker.
Nowadays Transylvania is packed with tourists who come to meet vampires and with Daimons who come to feed from stupid tourists.
Nowadays Esperetta hates Velcan and Velcan despise Esperetta.

A long time ago Esperetta and Velcan were in love and since Velcan is a great sorcerer, he managed to tie his life with Esperetta.

A long time ago Velcan gave his soul to Artemis to avenge Esperetta.
Neither of them can die, unless the other dies.

Awesome dark story and second chance romance. Lots of misunderstandings and lost years.
I wish it was longer.

I really liked the idea behind this story, I didn't like the Esperetta. Centries is a long time to hold a grudge and not to think of other possibilities. I did wish this story was a bit longer so we could have gotten more backstory on the Order and the other characters in this short story, but it was still pretty good. I enjoyed it quite a bit and I really liked Velkan more than I thought I would. But, I'm a sucker for Dracula and Shakespeare so there's that.

Carmen Davalos says

I liked it very much

Angela Lover of all Books No Matter How Horrid They Are ♥*? says

Both Esperetta and Velkan are Dark-Hunters. This short story is basically Romeo and Juliet but before Romeo and Juliet. They come from two warring families that hate one another but yet they fall in love and get married. But unfortunately for them Esperetta's father, Dracula, kills her and her husband Valken.

When Esperetta awakens she assumes her husband is the one that killed her because she seems him killing father and then beheading him. Fast forward hundreds of years later and still hates her husband because of what she assumed he did to her and her father.

This is a quick read but a very interesting read. There are a lot of things that I didn't realize about the Dark-Hunters and there are loopholes about couples and loopholes with the draining of the powers of two or more dark Hunters being in the same room or vicinity of one another.

Love it

Omg loved this book... its one of my favorites. I absolutely did not want it to end. I hope to read more of these two in the future

Lois Alston says

Outstanding short story

Just enough meat to make it exciting. Talking and actually listening goes a long way. But having to walk in the other person's shoes really is eye opening.

Janice Rose says

Sigh....

Too wonderful! Too short...totally sigh worthy!

I devour all Sherrilyn Kenyon's books, recommend them and sing her praises. An amazing author who never disappoints. It is rare to find an author who has an outstanding imagination, a good editing staff, has an

excellent mastery of the English language and is devoted to quality researching. Such a rarity! I could so do coffee with this writer...until then this ol' artist will paint into the wee hours and wait for her next book...or read or listen to them again! Happy reading!

Really great little story !!! , It was not related very much to the Drak Hunters (except for the fact thst he was a Dark Hunter) but It was ebtertaining and sweet.

A very diferent twist to the Vampire story, this one about Esperetta and Velkan was a treat.

A very good read and a fast one at that !!

5 stars

Liked Retta and Velkan's story. The Romeo and Juliet thing was very cute (thought the story was like that). Glad they were able to figure out what each other saw when they died and fix their issues. Hope they will have a great rest of their life together. Having the story interact with Dracula was awesome.

Debrac2014 says

Short story about Dracula's daughter and her husband, Velkan, who had become a dark hunter! I've realised that I've read it already! It was ok.

This was another unexpected good read, I mean great read!! OH MY SILLY <3 is doing flips for Velkan!! Gosh he's such a keeper and in my opinion, Retta does NOT deserve him. After everything he went through for her, she turned her back on him, oh HELL NO!!!! I was waving my cheerleading pom-poms in the air while Viktor was going off on her...yeah you tell her. Velkan goes out to save his wife once again and almost gets burned alive and NOW she wanna act like she cares and pulls the "wifey card", ughhhhh. But anyways, they both had to let go of some bad juju if they wanted anything between them to work out. Thank goodness for Raluca and her children & for their loyal service to their Prince. I'm glad she and her kids got their pay-back!!!

I'm gonna give this a 5 stars only because of Velkan and his servants, I still don't think Retta deserves him, ha!!

Janet Murphy-DeBlois says

Fast and action packed.

So much information in such a short story. Really enjoyed reading it. Sherrilyn Kenyon surely knows how to keep your attention.
